

Calling All Nurses

The rapid expansion of the military services has created an imperative demand for equal expansion of the nursing personnel. The quota for Massachusetts at the present time is 163 additional nurses per month. Our last figure is for January when 109 nurses were enrolled. How this demand is to be met offers a problem of increasing difficulty throughout the Commonwealth. Each nurse who goes into the military service leaves one less for the local community, but the community need remains approximately unchanged by the war situation, and in fact is increased in many instances.

The Newton Committee on Nursing for War Service is seeking to meet the situation in two ways. One is to encourage the nurses of our community who are qualified to enlist in one or another branch of the armed forces. The second major endeavor is to supplement the nursing personnel for community services in all practicable ways.

During the past year three special courses have been given in the Newton Hospital to bring nurses who have been out of active practice for some time up-to-date. These refresher courses are paid for by federal funds.

The Newton Committee expects another refresher course to be given this spring. Any registered nurse who is interested is asked to write Miss Mabel McVicker, Director of Nurses at the Newton Hospital, Newton Lower Falls.

Whether or not the nurse reader feels the need of a refresher course, we would appreciate hearing from her so that they may help her fill her niche in the community in this all out effort for victory.

Newton Legion Post Sponsors Inductee Send-Off

The Newton Post, American Legion, sponsored the send-off on Tuesday morning for the inductees from the Newton Selective Service Boards, at the War Memorial Building, Newton Centre, and also provided the travelling kits which were presented to the men.

Music was furnished by the Newton High School band under the direction of J. Collins Lingo. The men were escorted into the hall by a guard of honor composed of members of Fr. Farrell Chapter, D. A. V., under the direction of Commander James Davis.

Roy S. Edwards, chairman of the Citizens' Committee for Service to Newton Service Men, was master of ceremonies. The speakers were Carl W. Ray, representing Commander Francis P. Frazier of Newton Post, American Legion; Rev. Frederick M. Morris, rector of Trinity Church, Newton Centre; Mayor Paul M. Goddard, and Judge Thomas Weston, who represented the draft boards.

A message from Rev. John A. Sheridan, who was unable to be present because of a cold, was read by Chairman Edwards. Assisting Mr. Edwards in presenting the travelling kits were Mrs. E. Alden Thresher, Capt. Nicholas Vedeuco of the Police Department, Warren W. Oliver, J. Edward Theriault and Edmund T. Dungan served as ushers.

Refreshments were served by a Newton Red Cross Canteen Unit under the direction of Mrs. Ernest H. McClure, who was assisted by Mrs. Howard W. Cole, Mrs. Donald V. Baker and Miss Elizabeth S. Fuller.

Registration Of Bicycles Starts

To Continue Through Apr. 15—After That It Is Compulsory To Register

The registration of bicycles started on Thursday, April 1st, at Newton City Hall.

Numbers from 1 to 500 were placed in a box from which each registrant drew a card as they came in. This was the number of the plate they received.

For the cost of the 25-cent registration fee each one received in addition to the plate and two screws, a reflector. These are to be attached to the rear guard of the bicycle.

Registration continues through to the 15th of April. After that date it becomes compulsory.

As a bicycle is a vehicle, parents are urged to instruct their children in the proper riding rules. Some of these rules are: Ride on the right side of the road. Ride single file. Stop and enter where ever there are signs. Do not ride on the sidewalk. Do not carry another person on your bicycle.

The registration of bicycles is under the supervision of the Traffic Bureau and assisted by the Newton Safety Council, and the bicycles will not be examined.

DR. H. AUGUSTINE SMITH, internationally famous choir director to be at the Eliot Church

On Tuesday afternoon, April 6th, Dr. H. Augustine Smith, head of the Department of Church Music of Boston University and director of the Greater Boston Chorus of some 800 voices, will speak on "Moral and Spiritual Victory Through Singing Hearts." Dr. Smith, who is speaking under the auspices of the Woman's Association of the Eliot Church, will begin his address at 1:15 o'clock. This meeting will be open to all people in the community who are interested in hymns and hymn singing.

Daughter Born To Mrs. Peter

A daughter, Aine Marguerite Peter, was born on Friday, March 19, at the Richardson House of the Boston Lying-in Hospital, to Mrs. Enid M. Peter of 45 Brae Burn rd., Auburndale, widow of the late Captain Howard L. Peter who was killed in action in North Africa on January 28.

In one of his recent letters to his wife, Capt. Peter has expressed the desire that the child be named "Aine" for a town in North Africa because the name means "Springtime."

The maternal grandparents are Mr. and Mrs. Charles A. White of Auburndale and the paternal grandparents are Mr. and Mrs. Oliver Peter of Allentown, Pa.

AUBURNDALE REVIEW CLUB

The Review Club met on Tuesday, March 30, with Miss Margaret Haskell for its last program meeting of this season.

Mrs. Franklin Leland reviewed the book, "Dawn Watch in China." Mrs. Paul Tardivel read her paper on "The Great Trek."

Mrs. Edward Kelly departed from the usual custom and gave her paper in the form of an address. Her subject was "The Chiangs," two people in whom the whole world is interested today.

Mrs. Kelly's talk was most interesting and everyone felt better acquainted with these grand people of China.

Open Drive For Rescue Boat

Opening the drive for the Aircraft Rescue Boat, which started on Monday, March 29th and will continue through April 19th, were Mayor Paul M. Goddard, Mr. George W. Sweet, Chairman of the Newton War Savings Committee, and Mr. Rupert C. Thompson, Chairman of the Division of Industry and Retail Stores.

In supporting this special project to sell \$60,000 in bonds and stamps, they are helping to "Put Newton on the Waves." Also co-operating are all branches of the Newton Trust Company, Newton Savings Bank, two Woolworth Stores, the Women's Clubs and a long list of volunteer workers, as well as the citizen who is buying his bonds at our booths in Newton during this drive.

We are confident of the success of this campaign and ask your support.

CANTEEN UNIT FOR SERVICE MEN

A Canteen Unit from the Newton Corps was on hand Tuesday, March 30, when a large group of service men left City Hall for camp. Mrs. Ernest H. McClure was in charge of the group, and was assisted by Mrs. Howard W. Cole, Mrs. Donald V. Baker and Miss Elizabeth S. Fuller.

Commissioned In Marine Corps

C. M. Lake, son of Elmer O. Lake of 29 Sharon avenue, Auburndale, recently commissioned a 2d lieutenant in the U. S. Marine Corps, tries his rifle with full pack while on maneuvers. A graduate of Boston and Columbia universities, he was formerly employed by Lever Brothers Company in Cambridge.

WARM CLOTHING NEEDED FOR WAR RELIEF

The Newton Committee of the Russian War Relief announces that its drive for warm clothing collections will take place April 2 to 12. Fire stations are the receiving centres. Further information may be obtained by calling BIG 1370.

Each garment is accompanied by a personal message and reports indicate that the good feeling which this creates more than compensates for the labor involved.

\$6,000 More Needed To Reach Quota Of \$115,000---Confident Newton Will Go Over Top

With "goal to go" in the Newton War Fund Campaign, the volunteer workers were spurred on to even greater efforts to push over the top by a contribution from Captain Sumner Hollis Whitten, son of Mr. and Mrs. Edmund S. Whitten of Waban. He has been sending his pay home to be banked and when a check came from him last week, it was accompanied by a note that read "Please give \$25 to the Red Cross drive. They are surely doing a wonderful job out here." "Out here" is somewhere in the South Pacific where Captain Whitten recently was awarded the Navy Cross for valor in the battle of Midway. He is in the Marine Flying Corps, piloting a dive bomber, and has been in the thick of the fighting. He knows what Red Cross is doing for the boys in service, as do all the men and women in our armed forces.

Said Chairman Charles B. Floyd, "These are just two of the many instances where Red Cross can bring aid and comfort to the fighting men and to the families back home. We have \$6,000 to collect to reach Newton's quota of \$115,000. I know that this last sum will be the hardest to get, but I also know that Newton must reach its goal as it always has in the past."

Anyone in Newton who has not already given to the War Fund is urged to do so at once, sending contributions to the Chap-

THE 2nd WAR LOAN STARTS APRIL 12 13 billion dollars must be raised!

THE GOVERNMENT of the United States is asking us to lend it 13 billion dollars in the next few weeks. We can do it. And we MUST do it. Every American must realize the truth.

In this, our toughest war, we've made a good start. We've trained a lot of men — made a lot of weapons — built a lot of ships.

But it's only a start. No man or woman among us would contend for a single instant that we're doing enough now to win this war!

WE'VE GOT TO BUILD MORE!

We broke all records building 8 million tons of shipping last year. But grim-faced Army and Navy men will tell you that the 13 MILLION tons we're building this year still won't be enough.

WE'VE GOT TO FIGHT MORE!

From now till this war is won, America must be on the offensive. In ever-increasing numbers, your sons, brothers, husbands must go into actual battle. Our losses have

already begun to mount — and they will not grow less.

AND WE'VE GOT TO BUY MORE WAR BONDS!

Sure we're all buying War Bonds now. But we've got to help pay for our increased fighting and building . . . We've got to match, as best we can, the sacrifice of those Americans who are toiling and sweating on a dozen battlefronts — with the bloodiest yet to come. The blunt fact is this: to keep our war machine going, we've got to dig up 13 billion extra dollars this month. 13 billion dollars over and above our regular War Bond buying!

In the next few weeks you may be visited by one of the thousands of volunteers who are contributing their time and effort to this Drive. But don't wait for him. Make up your mind now that before this drive is over, you're going to march right down to your nearest bank, Post Office, or place where they sell War Bonds, and do your duty. And don't ever forget this: in doing your duty, you're doing

yourself one of the biggest favors of your life!

For United States War Bonds are the greatest investment in the world — bar none. They're investments tailored to fit your particular situation. And they give you the chance of a lifetime to order and get the kind of world you want to live in after this war. Every cent you put in War Bonds now will help to guarantee plenty of peacetime jobs making peace-living for every one of us.

For your Country's sake — for your own sake — invest all you can!

THERE ARE 7 DIFFERENT TYPES OF U. S. GOVERNMENT SECURITIES — CHOOSE THE ONES BEST SUITED FOR YOU United States War Savings Bonds Series E:

The perfect investment for individual and family savings. Gives you back \$4 for every \$3 when the Bond matures. Designed especially for the smaller investor. Dated 1st day of month in which payment is received. Interest: 2.9% a year

if held to maturity. Denominations: \$25, \$50, \$100, \$500, \$1000. Redemption: any time 60 days after issue date. Price: 75% of maturity value.

2 1/2% Treasury Bonds of 1964-1969: Readily marketable, acceptable as bank collateral, these bonds are ideal investments for trust funds, estates and individuals. A special feature provides that they may be redeemed at par and accrued interest for the purpose of satisfying Federal estate taxes. Dated April 15, 1943; due June 15, 1969. Denominations: \$500, \$1000, \$5000, \$10,000, \$100,000 — also \$1,000,000 if registered. Redemption: Not callable till June 15, 1964; thereafter at par and accrued interest on any interest date at 4 months' notice. Subject to Federal taxes only. Price: par and accrued interest.

Other Securities: Series "C" Tax Notes; 7 1/2% Certificates of Indebtedness; 2% Treasury Bonds of 1950-1952; United States Savings Bonds Series "F"; United States Savings Bonds Series "G."

Protect Your War Bonds

It is important to keep your War Bonds and other valuable papers in a safe place where they will not be lost, stolen or destroyed. A safe deposit box in a fireproof vault is the best place to keep them.

A private box in our Safe Deposit Vault rents for \$5 per year plus the gov't tax. You should not be without this protection.

Newton Elks Hold

Annual Meeting

At the meeting of the Newton Lodge of Elks on Thursday evening, March 25th, Carl A. Eschbach was elected exalted ruler. Other officers elected were John J. Keefe, esteemed leading knight; R. John Henderson, esteemed loyal knight; Joseph W. Cheavary, esteemed lecturing knight; Thomas J. Coppinger, secretary; D. W. Keane, treasurer; Patrick H. Donahue, tiler; Stephen B. Hughes, trustee for 5 years, and Exalted Ruler Matthew J. Hurley, alternate delegate to the Grand Lodge.

The new officers are to be installed by Past Exalted Ruler Dr. John H. Walsh of Waltham Lodge on Thursday, April 8.

Paul T. Considine, Thomas L. Delaney, Louis H. Borans, John F. Herring and George E. Delaney of Newton Lodge and Albert Delano of Waltham Lodge were initiated into membership in the E. M. Sullivan Testimonial Class.

Lawrence A. O'Donnell, on furlough from the U. S. Naval Station at Argentina, Newfoundland, was present at the meeting. Guests included Past Exalted Ruler James F. Phalen of Watertown and Past Exalted Ruler John E. Bosworth of Waltham who presented the 11 o'clock toast. Visitors were also present from Boston and Cambridge Lodges.

A letter was read from Past Grand Exalted Ruler James R. Nicholson of the Elks War Committee regarding gift boxes to be sent to the United States. Letters were also read from Major Edward F. Dalton from Maxwell Field, N. C., and from James F. Flynn, Fort Benning, Ga. It was announced that Elks courtesy cards and the location of the nearest Elks' Lodge are being sent to the sons of members in the service.

Reports were made on the success of the Wednesday evening socials and of the social and community welfare committee. An additional sum of \$50 was voted for the Red Cross Fund campaign. It was also announced that three more 25-year buttons have been sent to members.

Refreshments were served by the house committee under the direction of Eugene Jassett.

Past Exalted Ruler Oswald J. McCourt of Newton Lodge with members of Newton Lodge assisting in the installing suite will install the officers of Waltham Lodge this evening at Odd Fellows Hall, Waltham.

Newton

—Edward J. Norris, until recently a resident of Newton, was made Assistant Vice President in Philadelphia of the American Mutual Liability Insurance Company.

Mr. Norris is a graduate of Harvard College, 1924 and later got his MBA degree from the Harvard Graduate School of Business Administration. He came with the company in 1935 and is attached to the Executive Staff, and shortly after to the Sales Department.

For the past year he has been Atlantic Division Sales Manager in Philadelphia. He was born and always lived in Newton until his present work took him to Philadelphia.

Several neighbors and friends of Mr. and Mrs. William H. Carey, who recently became residents of Newton, met at their home, 237 Park st., on Tuesday evening to discuss plans for Victory Gardens.

Many helpful suggestions were offered, field star plant and notebooks were prepared, making it a most interesting and enthusiastic gathering.

More neighborhood meetings of this kind among small groups would be of great advantage in the planning of Victory Gardens.

—Mr. and Mrs. Joseph P. Callahan, Jr., of 28 Wall st., Waltham, are receiving congratulations on the birth of a son, Joseph P. Callahan III, on March 10 at the Newton Hospital. Sharing honors as grandparents are Mrs. Adelaide McNally of Framingham, Mr. and Mrs. Joseph P. Callahan of 25 Shorncliffe rd., and Mrs. Margaret Bee of Newton, great-grandmother.

—Francis T. Callahan, son of Mr. and Mrs. Joseph P. Callahan of 25 Shorncliffe rd., left on Monday for Camp Devens with a group of U. S. Army enlisted reserves from Boston College.

Callahan is a graduate of the Newton High School, attended the Central Institute, and was about to enter the senior class at Boston College. He has been prominent in baseball and basketball. He played in the Boston Park League in 1941 and 1942 and also pitched for the Berlin, N. H. Red Sox in the Twin State League in 1942.

—The Woman's Association of the Central Congregational Church will meet for Hand work at the church on Wednesday, April 7, at 10 a.m.

Luncheon will be served at 12:30. At 1:30 p. m. Mrs. William B. Oliver will speak on "Migrants and Share Croppers."

Music will be furnished by the High School Glee Club. Group B will hold an apron sale.

—The Newton Centre Garden Club will meet Monday, April 5th, at 10:00 a. m.

Mrs. Anne Leonard will show colored slides of gardens throughout the year. The meeting will be held at the Newton Centre Woman's Club.

West Newton

—A family party was held on Friday evening at the home of Mrs. Emily Hartley, 15 Upham st., in honor of her two sons, Private Clayton Hartley, at home on a furlough from Fort Riley, Kansas, and Sgt. Robert Hartley, who was on a 3-day leave from Fort Monmouth, N. J.

—Miss Ann Cory, daughter of Mr. and Mrs. Robert C. Cory of 38 Balcarres rd., is at home enjoying the spring vacation from Lincoln School, Providence, R. I. She is a member of the Props Committee for "Rich Man, Poor Man" which will be presented by the dramatic association at Lincoln School on April 16.

—Mr. Roy R. Merchant, Jr. of Sewall st., who has been stationed in Florida has been sent to Texas.

—Prof. Charles Swain Thomas of Highland ave. is serving as chairman of the New Ministers Committee of the Second Church.

—On Tuesday evening, April 6 Dr. Earl B. Marlatt, Dean of the School of Theology of Boston University, will deliver a Lenten lecture in the Second Church Parish House, selecting for his subject, "From Canterbury To Calvary."

A cordial welcome is extended to all those who wish to attend.

—On last Friday evening St. Bernard's Woman's Club held a successful bridge and whist for the benefit of the Parish fund.

—Miss Priscilla Manter of 117 Elm st. was one of the 47 SPARS who left Boston on last Friday for Hunter College in New York.

—Mr. Clement Lippincott of 121 Adena rd. returned last week after spending ten days as the guest of his daughter, Miss Barbara Lippincott in Wilmington, Delaware.

—Miss Elizabeth Beale, daughter of Mrs. Arthur Beale of 19 Putnam st., has been graduated with honors from Radcliffe College.

—Mr. Edson Phelps, who has been the guest of Mr. and Mrs. David C. Gordon of 35 Lindbergh ave., has returned to his home in Springfield, Vermont.

—Mr. Louis A. Bacon of 354 Waltham st. has been spending several weeks with his daughter, Mrs. Dell B. Butler (Leora Bacon) of Pittsburg, Pennsylvania, since the death of Mrs. Butler's husband, Dr. Butler.

—Mrs. Gilbert R. Jones of 27 Eddy st. sustained a broken arm in a fall last week.

—David E. Brackett, Jr., who has recently completed two months' elementary training in the CAA-War Service Training at Tufts College, is now enrolled at Northeastern University for secondary flight training. Before his induction as an Army Aviation Cadet, he attended Newton High School.

—Maj. Gen. Daniel Needham and Mrs. Needham, with their daughter, Mrs. Natalie Needham, have been stopping at the Waldorf-Astoria in New York City.

Come spring and anything can happen. And this spring it has. Even with war administering its vicious sting on peace-loving people, even with chaos ravishing the uprooted earth, the spring retains its normal course.

To Russia, spring means a more formidable defense, a more potent offense. To Germany spring means do-or-die.

In America, where spring has the significance of freedom, the welcome sign means — BASE-BALL.

True, the American people have given up many things. Sugar, butter, meat, tires, gas, shoes and rubber. But Uncle Sam has not yet leased its claim on the favorite familiar pastime—baseball.

Even with the depleted team manpower on major league clubs and with transportation difficulties an obstacle in itself, does baseball still continue. Would the fighting morale be secure with the knowledge that sports have been curtailed and that other activities have taken over? Imagine a soldier or sailor hearing or witnessing one of the following pastimes:

(1) Raytheon (Waltham) vs. Raytheon (Newton) punch-clock scuffle.

(2) Or a Red Cross Knitting contest.

(3) Maybe a Police Dept. vs. Fire Dept. poker game.

(4) And possibly a Y. M. C. A. table tennis competition.

No, sports have proven their worth. See how sports have ruled the fighting forces and the picture becomes clear. Football (Chapel Hill), Basketball (Great Lakes), Hockey (any Canadian fighting outfit)—and this list goes on and on.

But back to baseball—and the diamond sport is worth its weight in gold, we have the old familiar cry—Play Ball.

And that cry—besides restoring life to an old rocking chair fan, besides calling to active duty the millions of Dodger rooters—will be a symbol this spring—a symbol of freedom, something my cousin, your son, your husband, is fighting for.

Play Ball—and spring finds many changes in this year's baseball calendar. Out at Medford the Red Sox are in training. At Choate, Conn., the Braves are prepping for the opener, two weeks from now.

College still has baseball. Training camps no, manpower undermanned, but you'll still see Boston University at Nickerson Field and B. C. at the Heights.

High School—and that gets me where I wanted to go in the first place—I so for bus fare and off goes your baseball reporter to Newton High training camp, and with the Orange and Black diamond men I will be for the complete season.

Tuesday, March 30—Newton High indoor cage. Nothing much can be said about the 1943 baseball team but Coach Jeff Jones has matters well in hand already.

The wily and reliable leader is putting his team through the ropes in the indoor cage as weather does not permit the 130 athletes from going outdoors but as soon as the welcome sun heats up the atmosphere, the Orange and Black nine will take to the spacious baseball field.

The not too loquacious mentor can't possibly have his keen baseball eye on the complete 130 aspirants, thus he has divided the enormous group into divisions such as regulars, intermediates and sophomores.

Already pepper games, base running, battery practice and fundamentals have been drilled into the baseball enthusiasts. The season opens on April 14 at Newton against Arlington, 12 games are to be played in the suburban league and the jovial diamond coach wants to have several "scrub" games before the umpteenth "play ball."

Jones can't tell much unless the players can actually have stick work and outfield practice but first glances have given the football well as baseball mentor the following squad to work with:

Infield—

Team A—Sharpe or Kiley, 1st;

Bryson, 2nd; Bryant, ss; Geary, third.

Team B—Recco, 1st; Bartzek,

2nd; Gorman, ss; Cane, 3rd.

Team B is made up of sophomores except Carr and the youngsters are out to give the upperclassmen a real "run for their berths."

Pitchers

Captain, Dick Rhodes, only

veteran man, heads the twirling

roster here. Others who will take

turns doing mound duty are: Wes

Hayes, Joe McManus, Milton

Goldberg, Guy Famosi and Joe

Vesper.

Catchers

At present basketball captain,

Hacker Martin has the nod.

This WEEK, This WORLD

—by Ted Friend—

WHAT TO DO WITH Germany will be increasingly debated as the war progresses to its final phases. Great cries, of course, will be uttered against the so-called breaking up of the Reich—as if it was ever anything more than a conglomeration of tribes, sects and states.

The American people would be the first to lash out if the British ever had the temerity to propose that all English speaking people come under the British crown. And any suggestion that all Slavs become subject to the Soviets would be denounced as the basest imperialism. So likewise would any effort on the part of a dozen other racial and political entities to achieve hegemony—including the Latin, the Oriental, the Arabian and the Scandinavian among others.

There is not now and there never has been a single homogeneous Germany. Prussia, the Eastern Catholic provinces including Austria, Protestant Germany and other than Prussia, are but three of the major Teutonic sectors. There is also the Sudetenland which, until Hitler's knifing of Czechoslovakia, had never before belonged to Germany.

It may be that the best way to eradicate the possibility of a third World War would be to enforce the principle of self-determination in German speaking Central Europe. A Republic of Prussia, its Junker class utterly destroyed; a canonized federation of states essentially Lutheran in profession; and a Catholic monarchy consisting of Austria and adjacent territory would provide a reasonably secure Central European pattern.

Such a political organization, especially after Germany's war-making heavy industry was liquidated, would release the natural educational forces which, giving proper dignity and strength to the historic segments of the Teutonic speaking peoples, would insure a peaceful membership in the family of European nations.

The principle of self-determination enables the Scandinavian people, racially, culturally and linguistically related, to exist and prosper in the three compact units which are Norway, Sweden and Denmark. Poland, Yugoslavia, Bulgaria and Russia are all Slav yet all three are independent. Portugal and Spain stem from the same Latin stock as do France and Italy, yet unification of these basically related nations has never been seriously suggested, least of all by the inhabitants themselves.

If there is one thing that the two World Wars have taught us it is that Teutonic central Europe must never again be permitted the luxury of being organized, by one madman or another on one pretext or another to the danger of the continent and the distress of the world.

THE SHAPE OF THINGS TO COME. . . Rationing for at least one year after the war tends to prevent super-boom and resultant crash. . . Civilian workers in Army and Navy offices may be required to wear special uniforms. Swiss watches may be boycotted because the raw materials come from the Nazis.

THE WAR WILL HAVE yet another wholesome effect in that it may result in the breakdown of single-crop production in Latin American countries. Cuba is now in the process of switching thousands of acres from sugar production to rice, vegetables and dairy farming. In Panama bananas are being replaced by corn, vegetables and rice. In Brazil coffee will be curtailed in favor of rubber, rice and corn.

What Ever Happened to: "Praise the Lord and Pass the Ammunition" . . . Charles A. Lindbergh. . . Joe McWilliams. . . The boys who said that Russia would be licked in 90 days?

BEG IT, or borrow it, or buy it. . . BUT READ IT "In Peace Japan Breeds War," by Gustav Eckstein (Harper & Brothers), a penetrating study of the deviousness of Japanese mind, morals and politics.

SIDES ARE NOW FORMING, cutting across party lines, which will place liberals and stand-patters of both parties in opposition to each other on such major issues as the Delano Plan for postwar social security, American participation in the world's problems, anti-labor union legislation, etc. Liberal leadership will be . . . Willkie and Stassen among the Republicans, and Roosevelt and Wallace for the Demo-

crats, with such old line politicians as Rankin, Johnson, Vandenberg, Taft, Clark and Brooks leading the reactionaries, backed by the Southern planters and Northern open-shop unionists. If either or both parties should be captured by the reactionaries the greatest realignment in the history of American politics is sure to ensue, with the breaking up of either or both major parties a certainty.

INSIDE-STRAIGHT: Rubber Czar Jeffers will resign his post by June 1st if the rubber program progresses to his satisfaction. . . Shipbuilding for military and merchant vessels is being standardized by naval designer Gibbs. . . Henry Wallace is limiting himself to three state functions on his Latin American trip. He wants to spend as much time as possible with "Mr. Average Man" . . . The Navy is about to launch a food savings program. . . Congressman Smith of Virginia will soon achieve national fame by cleaning up government agencies. Litvinoff and Standley will both be recalled and replaced by their respective governments. . . Clarence E. Gauss, American Ambassador to China, who has just arrived in the U. S. A. will remain here. His successor has already been selected. . . Men in 4-F classification with remediable defects will be reclassified beginning next month.

55 YEARS AGO

Newton Graphic, March 30, 1888
It was announced in Eliot Church on Sunday that the corner stone of the new church edifice will be laid on Fast Day, probably at noon. The corner-stone of the old church was laid on Fast Day 1860 and it was dedicated on Fast Day of the year following. The corner-stone of the old white meeting house was laid on Fast Day in 1845, in the midst of a snow storm and the service was held in the railroad station.

C. F. Eddy & Co., of West Newton have established a branch office at Tupper's grain-store, and an order box at Colton's and will fill all orders for coal promptly.

50 YEARS AGO

Newton Graphic, March 31, 1893
The letter carriers came out this week with jaunty new caps, which gave the streets a spring-like appearance.

The Newton Street Railway will run special cars before and after service between West Newton and Newton on Easter Sunday, morning and evening.

The street department is putting Washington st. in order and the steam roller has been used in packing the crushed stone in place. The narrowness of the street and the great amount of teaming in the narrow driveways each side of the electric tracks make this a very expensive street to keep in repair.

Work has commenced on the new power house of the Newton and Boston Street Railway Company, corner of Walnut and Homer sts.

Mr. Patterson will build a brick block 94' long and 50' in depth to be 3 stories in height with 4 stores on the first floor and tenements above to be fitted up with all modern improvements. The block will front on Lincoln st. (Newton Highlands) as the present block is to be moved to Hartford st.

25 YEARS AGO

Newton Graphic March 29, 1918
The daylight savings law goes into effect early Easter morning!

The ratification of the Prohibition Amendment to the National Constitution by the House of Representatives is a cause of gratification to every friend of temperance in this city and it is also pleasing to note that, in spite of rumors to the contrary, all 3 representatives from Newton voted with the majority.

POLITICS WITH COLOR

By P. W. C.

Watch Ohio

The pivotal state of Ohio is always an important factor in a Presidential election. 1944 will be no exception. Furthermore, it is not too early to be discussing this topic. My readers will recall that I dwelt at some length on the career of Ohio's Junior Senator, Harold H. Burton of Cleveland in last week's column. Burton was suddenly catapulted into the limelight by his sponsorship of the so-called Hatch-Hill-Ball-Burton resolution in the United States Senate. Numerous repercussions followed. One nationally-featured columnist immediately called attention to the fact that Burton's current activity would seem to indicate a split in Republican ranks in Ohio. Robert A. Taft, Senior Senator from that state and, incidentally, the man whom Wendell L. Willkie finally defeated in the G.O.P. nomination in 1940, is still labeled as an isolationist. Governor John W. Bricker, considered by many commentators as one of the leading aspirants for the nomination in 1944, is busily engaged in straddling any and all fences. Nobody seems to know just how Bricker stands on any important issue. I do not consider this smart politics. Maybe it was a decade ago, but not now. Voters prefer a straight-shooting, forthright individual like Willkie, Stassen or Saltonstall. Harold Burton, the third prominent political personality in Ohio has now definitely aligned himself with the liberal wing of the Republican party. Consider the possible implications. Will Burton cold-shoulder his fellow Senator, Robert A. Taft, as the latter promotes the candidacy of Gov. Bricker, and align himself with the Willkie wing of the G.O.P.? If he does, what effect will his stand have on the Bricker candidacy? Can Bricker get anywhere at all with a divided Ohio delegation? It seems doubtful, to say the least. I wonder what would happen if I queried Senator Burton personally.

One final thought before leaving this subject. As matters stand today, it seems to me that 1944 will provide a crisis in the Republican party. Right now Willkie is the only man in the party who looms as a really substantial contender for the nomination. An absolutely honest and complete poll of rank and file Republicans would unquestionably reveal Willkie as head and shoulders above any and all G.O.P. possibilities. On the other hand, an equally honest poll of Republican leaders and members of the so-called state machines in the forty-eight states would doubtless reveal a definitely frigid attitude toward Willkie. So what? Will the leaders eventually give in gracefully, or otherwise, and nominate Willkie or will they continue their sabotage of the Willkie movement and insist on the nomination of another Warren Harding type or some genial politician whom they think they can control? Time will tell. As matters stand today, I'm trailing along with Willkie.

Our Legislature
What a break the legislators on Beacon Hill got when Rep. Henry L. Shattuck, hitherto a watch-dog of the Treasury, sided in with them and assisted in passing the recent salary boost, WITHOUT a roll-call. As the courageous veteran, Rep. Albert F. Bigelow of Brookline stated, the theme-song of the current legislation should be, "We want what we want when we want it." Old-timers will recognize that as the title of a popular song in a rather ancient comic opera. It is, indeed, difficult to understand how the floor leaders of both major parties could refuse to stand for a roll-call. What has happened to the G.O.P. leadership in the House? Does it not feel any responsibility whatsoever to the general public? Is it not the average taxpayer's money which is being grabbed? Are the leaders scared to have a decent debate on the merits of the issue? Are they ashamed to record themselves as for or against a pay-raise? What is the position of a legislator anyway? Is it really an opportunity to serve the public and to promote good, efficient government or is it just another means of securing a living and insuring three square meals a day and a lot of fun on the side? I wonder.

Another point. The women juror bill passes by a vote of 73 to 65. This was a rising vote and not a roll-call. Note that. Where, incidentally, were the other 102 members of our noble Legislature when this bill was passed? Were they all engaged in committee work? Certainly not. In many cases, without a doubt, they were close at hand where they could be reached promptly if they cared to be. This happened to be a good bill to duck. Many legislators wouldn't dare to go on record against this bill for fear of losing favor with the fair sex. Personally, they do not like the idea of having women on juries, so they just take a run-out powder. Simple, isn't it?

Finally, I wonder how many of my readers have noticed that the Legislature has a habit of reversing itself within a short space of time, and for no particular reason? It is, unfortunately, a fact. Why is this? Suppose you ask a legislator some time. It might prove enlightening.

A Bit of Humor

I received another anonymous letter last week. This one was entirely friendly, however, and

was promptly traced to its source. It contained a quotation from a recent O'Hara column in the Boston Traveler, as follows: "C.G.M., Boston, reports seeing movie ads. to the effect that '7 miles from Alcatraz' was playing at a Back Bay theatre and '4 miles from Alcatraz' in a Brooklyn cinema house. That would make Alcatraz somewhere in Newton, the way he figures it out." (The source of this delirium was a prominent Brooklyn politician, who has always been jealous of our fair city!)

Newton Politics

This is "cold turkey." I have absolutely nothing concrete to report, AS YET. The situation may change within a week or so. In common with many other citizens, I have been speculating about our city elections this year. Will Mayor Goddard become a third-term Mayor, just as Gov. Saltonstall became a third-term Governor? If not, who will endeavor to succeed him? I have three suggestions of my own, when and if suggestions are in order. Also, what will former Mayor Childs do when the time comes to campaign? Will he attempt a third comeback or will he throw his support to one of his former backers? If a birthday man?

That's all for now. It is not too early to begin to do a little thinking about our own city government. As time marches on, it will become increasingly important to keep it at the same high level it has always been.

Men In Service

Naval Aviation Cadet John T. Masters, son of Mrs. Eleanor Cavendish, 67 Church st., Newton, Mass., has been transferred to the Naval Air Station at Pensacola, Fla., after successful completion of the primary flight training at Squantum, Mass.

After three months of advanced flight training as a Naval Aviator, Cadet Masters will pin on his wings as an Ensign in the Naval Reserve, or Second Lieutenant in the Marine Corps Reserve.

Cadet Masters was graduated from the Newton High School and attended Boston University for 2 years when he left to join the Air Corps. He attained the rank of sergeant in College ROTC.

George Wendell Holman, 17, son of Mrs. Albert F. Holman of 37 Walnut place, Newtonville, was among a group of New England youths accepted last week as Apprentice Seamen by the Naval Aviation Cadet Selection Board, 150 Causeway st. He will remain at 18th birthday and graduates at which time he will become a Naval Aviation Cadet and will enter active training. Seaman Holman is a senior at Newton High School and is a member of the National Honor Society, Social Committee and Legislature alternate.

Second Lieutenant Irvin E. Dierdorff, Jr., was a graduate of the Officer Candidate Department of the Eastern Signal Corps School, Fort Monmouth, New Jersey. He successfully completed the course of instruction for Officer Candidate and was commissioned a second lieutenant in the Army of the United States on March 23, 1943. He is now assigned to duty with the Signal Corps. Lieutenant Dierdorff is the son of Mr. and Mrs. I. E. Dierdorff of 14 Bridges ave., Newtonville.

Second Lieutenant Frank G. Light was recently graduated from the Officer Candidate Department of the Eastern Signal Corps School, Fort Monmouth, New Jersey. He successfully completed the course of instruction for Officer Candidate and was commissioned a second lieutenant in the Army of the United States on March 23. He is now assigned to duty with the Signal Corps. Lieutenant Light is the son of Mr. and Mrs. D. S. Light of Grove Hill park, Newtonville.

Navigation Cadet Robert M. Cotton, son of Mr. and Mrs. Herbert M. Cotton of 208 Collins rd., Waban, has been appointed Cadet Corporal of Squadron F, Group II of the Navigation Pre-flight School, Monroe, La. On graduation from his nine weeks' pre-flight course, he will enter the advanced navigation school at this new field. The Navigation School at Monroe, is the largest dedicated to complete navigation training in the Army Air Force Southeast Training Center. Cadet Cotton attended Miami University, Oxford, Ohio.

Herbert Walter Pingree, Jr., son of Mr. and Mrs. H. W. Pingree, 230 Hunnewell ter., Newton, was recently commissioned a Second Lieutenant in the Army Air Forces at Turner Field, Albany, Georgia. Colonel John B. Patrick, Commanding Officer.

A pair of coveted "Silver Wings" of the Army Air Forces and a commission as second lieutenant has been received by Robert Allen Coleron, son of Mr. and Mrs. Henry C. Coleron of 84 Court st., Newtonville, Mass.

The awarding of the Wings and commission came after the new flying officer completed his advanced flight training at the Army Air Forces Advanced Flying School, Craig Army Air Field, Selma, Alabama. He was a member of Class SE-43-C the third class to graduate at this field this year.

Women In Service

Miss Margaret B. Howatt, of 1470 Beacon st., Waban, has been sworn in as a member of the SPARS, U. S. Coast Guard Women's Reserve. She will be sent to Hunter College, N. Y. C. for indoctrination, and then will be assigned to active duty within the continental United States or transferred to another school for special training.

MOTHERS—HAVE A "SWAP BANK"! BE PATRIOTIC!

By Lillian Zarakov

Can't find to buy? Outgrown? Stop moaning!

Rubbish outgrown so quickly again? What to do? Dash around from store to store using up gas, tires, time, trying to find others, very likely failing?

Certainly not! That is no way to aid Uncle Sam. Take a leaf out of Mrs. Stephen E. Hodges' splendid "War Project" at the Oak Hill Village School, Newton. Get together, start a "swap bank." Don't wait until the last it is crossed, work out the details as you go along. (Ask the GRAPHIC for further helpful information for your "swap bank.") Last November, Mrs. Hodges, President of the Parent-Teacher Association, and Mrs. Earl Bourne, Captain of the Brownie Scouts, considering various ways to teach children the meaning of conservation, thought of this helpful manner.

In the democratic fashion, children bring their outgrown skates, rubber footwear, raincoats and other clothes to fill the needs arising in these days of increasing shortages. The "swap shop" has no price tags, any article can be swapped for another.

The Sixth Graders under the supervision of their teachers proudly "keep store," a most educational and instructive procedure. Their "account book" called "A day book" would do credit to grown-ups.

Each article brought into the "Shop" is entered under the heading "In" with a brief description. Below the "Wanted" column is listed the child's request. Then, when the article comes in the child is notified to call for his longed-for "Want." Finally, beneath the "Out" entry is the last notation of this happy transaction. A good deed well done!

Miss Jane Wyman, the Principal, has heartily cooperated and given of her own busy time to advise in her school's worthwhile, forward-looking endeavor.

Washington — Close political observers are of the opinion that the Eden-Roosevelt conversation may determine the success of the entire postwar pattern as laid down by the Atlantic Charter. The first result of these talks is expected to pave the way for a real rapprochement between Russia, Great Britain and the United States. There is no need to hide the fact that while these three great powers are cooperating in their efforts to win the war, there is not, however, the complete unity between all the United Nations at present that is needed to reach a genuine understanding on postwar problems.

Also encouraging is the initiative taken by the Senate with regard to the postwar problems of the United Nations. Unlike the attitude taken by the Senate toward Woodrow Wilson 25 years ago, the Senate is now urging President Roosevelt to take the lead in organizing the United Nations. These moves are non-political and were initiated by the leaders of both parties.

Such straightforward moves by the Senate are bound to inspire public confidence in its members and give hope to the weaker nations of the world that American leadership will stand by the Atlantic Charter.

From Poland: On February 3, 1943, the Nazi authorities in the General Government of Poland issued an appeal inviting the Polish population to register on the German "Volksliste" (German National List) before March 15.

This appeal states that German "scientific research" has established that the population of

Central Poland is of German descent. Polonized in the course of centuries by adopting Polish customs, the Polish language and Polish names. Hitler himself, the appeal promises, will henceforth take the population of the General Government under his personal protection and grant them "some political freedom." Nothing is said of the precise nature of this "freedom."

In order to provide the Austrian town of Linz, where Hitler went to school, with an art collection, the Germans have looted a number of old masters from the Netherlands. Acting upon Hitler's instructions to obtain desirable works for the Linz Gallery, Hans Posse, the former director of the Dresden Gallery, rounded up some twelve hundred paintings, says Goebbels' publication, Das Reich. The German works, except for one by young Holbein, are mostly unimportant; but works by Cranach, Van Dyck, Rubens, Rembrandt and Vermeer which originated in the "racially related Netherlands, give the gallery its character," Das Reich reported. Among the gallery's acquisitions are Rembrandt's "Titus," Lucas Cranach the Elder's "Venus and Amor," and Vermeer's "The Painter in His Studio."

WALTER PIERCE REPORTS: Despite the Nazi policy of discouraging Christianity, membership in the Calvinist churches of the Netherlands increased in 1942 by 11,000 to a total of 684,505. The Nieuwe Rotterdamse Courant of February 1 said that crowded services had made it necessary for church councils to inaugurate additional

services. In the composing room of a certain large metropolitan newspaper a proofreader found a slug marked "Herbie" over a story about ex-President Hoover. "Change that slug immediately," came the order from above. "It's irrelevant." The first time in the memory of the older newspapermen that a "slug" has been edited. . . A Dutchman who escaped to England at the end of January related the following story which is circulating throughout Washington. A man, fed up with conditions, tried to commit suicide. First he tried to hang himself, but the "ersatz" rope broke under his weight. Next he threw himself into a canal, but his "ersatz" suit, made of wood, kept him afloat. In disgust he bought some poison from a drug store, but that was "ersatz" too, and had no effect. Finally he gave up the idea of suicide and started to live on his ration coupons. As a result he died within a month.

COMMUNION BREAKFAST IS TENDERED ARMY GROUP

A communion breakfast at the Tower Building, Boston College, was tendered by the senior class on Sunday morning to a large group of students, members of the Army Reserve, following a Mass celebrated in St. Ignatius Chapel at 8:15 a.m. by Rev. William J. Murphy, S.J., president of the college.

Guests included Rev. Stephen A. Mulcahy, S.J., dean of the college, Rev. Michael J. Pierce, S.J., dean of Freshman and Sophomore; Rev. James L. McGovern, S.J., student counsellor, and George P. Donaldson, assistant representative of the armed forces at the college.

The speakers were Rev. William E. Leonard, who spoke for the faculty and William Philbrick, who represented the senior class. Paul Burns, president of the Fulton Debating Society, was toastmaster.

The group which included members of the junior and senior classes left on Monday morning for Camp Devens where they reported for active duty.

Four Newton Boys At Navy School

Four Newton boys are leaving Brown University this week and are reporting to the Navy V-7 school at Columbia University for Deck Officer training on April 5th. Out of 12 boys taken at this time, a large percentage (one-third) are Newton boys. It is probable that they will receive their degrees in June.

The boys are, namely: Kendall Fisher of Newton Highlands, E. O. Collarullo, of Newton, George Delaney of Newtonville, and Stewart T. MacNeill, Jr., of Newton Highlands.

Delaney is a three letter football end, a three letter basketball guard, Captain in his senior year, and went out for baseball for the first time last year and won his letter as a first baseman. He would not doubt repeat this year if he were remaining at Brown. He is a member of the Senior Honorary Camarian Club and Delta Kappa Epsilon. He has been the recipient of several scholarships for high scholastic standing. His prep school was the Parochial Catholic High School in Newtonville and Kents Hill.

Collarullo is a Newton High Grad and is a candidate for the Camarian Club and is the treasurer of his fraternity, Theta Delta Chi.

Fisher is a Newton High Grad and is the secretary of his fraternity, Theta Delta Chi.

MacNeill, Jr., is a three letter football end and a three letter track man. He entered Brown with the class of 1941. He was a member of the Officers' Reserve Corps while at Harvard and went into active service shortly after his graduation. He was promoted to First Lieutenant last August.

F. A. DAY JR. HIGH SCHOOL

The War Savings Scrapbook, produced by the Day Junior High, has been turned over to the Newton War Savings Committee. Mr. Richter, teacher in charge of the Day War Savings program, has worked untiringly in stimulating and directing our drive. For the second successive month, Day has participated 100 per cent in the purchase of war bonds and stamps. For twenty-four weeks, from September to March 18, weekly sales have averaged \$423.33, totalling to date \$10,392.15. Our present project is to finance two Jeeps with \$694.65 of the necessary \$1800 raised. Day is challenged to invest \$1105.35 in the next three weeks.

A movie portrayal of The Perfect Tribute was presented before the eighth grade during the hour on Thursday, Charles "Chic" Sales was the narrator.

A most enjoyable program was presented to our assembly audience on Friday, Mr. Franklin Field of Brighton, baritone soloist at the Central Congregational Church sang, accompanied by Mrs. Wallace Ross of Newtonville. Mr. Field's repertoire included: The Blind Ploughman, the Rosary, Without a Song, and Sylvia. The guest speaker, Mr. H. Philip Patey of Newtonville, spoke to the students on the subject, Baseball and Life.

Corporal Patsy Valenzano was a recent visitor at school.

Wednesday, March 24th, found the Fifth Youth Concert at Symphony Hall.

The conductor of the Boston Symphony Orchestra, Wheeler Beckett, has organized another contest for Symphony Club members. Two awards in the form of Victor records of the Concerto as played by the composer and the Philadelphia Orchestra will be presented at the last concert to the writers judged to have sent in the best essay on "Your Impressions of the Numbers Played for the Fifth Concert." Those members of Day who are interested in truly beautiful music are: Bunny Hoagland, Nancy Carter, Mary Bigelow, Carolyn Swaney, Jane Plump, Nancy Beach, Patty Burt, Barbara Campbell, Beverly Johnson, Anne Eddy, Bruce Boulter, Rosalyn Steinberg, Janet Mearns, Diane Bar, Joanne Grammer, Dorothy Bigelow and Gwendith Hall.

Mr. Jurgielewicz has announced that the Victory Song, written by Victor Incorvati of Grade VIII, music, and Antoine Leone of Grade IX, words will be put in the War Savings scrapbook, and is also eligible for a contest through Mr. Remley.

On Friday the F. A. Day Band made its first appearance in the uniform of Blue and Gray. It started with 7 members at the beginning of the year, and has now expanded to a total of 18. Members are as follows: Danny Perussi, Carol Holmes, Louis V. Sco, Sebastian Moriana, James Bonnar, Bruce Boulter, George McManus, Robert Farnham, James Tuttle, Robert Walter, William Engstrom, Alfred Cortis, George Vuilleumier, Barbara Curtis, Paul Hauser, Newton Hinkley, Robert Russo and Anna Recine.

Posthumous D.S.C. Medal To Mother Of Lt. G. E. Duane

The Distinguished Service Medal awarded posthumously by order of Lieut. Gen. Dwight Eisenhower to Lt. George E. Duane was presented to his mother, Mrs. Ella M. Duane of 216 River st., West Newton, on Wednesday morning, March 24, by Maj. General Sherman Miles, commanding general of the First Service Command, in a ceremony at his headquarters, 808 Commonwealth ave., Boston.

Lieut. Duane, who was 24 years of age, and the youngest of Mrs. Duane's four sons, who are all in the service, was killed in action in French Morocco on Nov. 10, 1942.

The citation awarded by Lt. Gen. Eisenhower reads as follows:

"At Kassa, Mehdi, French Morocco, on Nov. 10, 1942, Lieut. Duane distinguished himself by extraordinary heroism in action against an armed enemy. Having completed his assignment mission of checking wire communications, Lieut. Duane volunteered to get information on artillery targets. He went forward to do so, going beyond ordinary limits to find an observation point of vantage. To reach such a point Lieut. Duane had to pass through enemy small arms and machine-gun fire. This he did with complete disregard for his personal safety. He was killed by enemy small arms fire before he could return to the batteries with the information he had obtained."

Lieut. Duane was graduated from the Newton High School in 1937 and from Harvard College with the class of 1941. He was a member of the Officers' Reserve Corps while at Harvard and went into active service shortly after his graduation. He was promoted to First Lieutenant last August.

KIWANIS SELLS TWO THOUSAND DOLLARS WORTH OF APPLES

A box of apples received with the compliments of the Spokane, Washington, Kiwanis Club, was auctioned off to the members of the Newton Club at their meeting last Tuesday, held at the Newton Y.M.C.A. The apples were auctioned off for defense bonds and brought a little over \$2,000 in bonds subscribed to by the local members. This is in addition to something over six thousand dollars worth of defense bonds which have previously been purchased by the local club members. The auctioneer was Mr. James P. Gallagher who refused to consider bids of less than \$25.00 per apple.

Mr. Benjamin Louis, Chairman of the Program Committee, announced that the next speaker on April 6th would be Mr. Philip N. Clerke. Mr. Clerke is associated with the Westinghouse Electric and Manufacturing Company and is a lighting specialist. He is a member of the Technical Committee on dim-outs and black-outs.

Mr. Benjamin Louis, Chairman of the Program Committee, reported Tom Burns as very much improved and able to receive visitors.

A report was received from the Board of Directors of the Club concerning the adoption of the budget for 1943. An interesting discussion of the operations of the Club and the program which they have tackled for 1943 was led by Leo Noel, Treasurer and by Benjamin Louis, a member of the Finance Committee.

Three new members have been received into the local Club already in 1943 and it is expected that more will be invited to become members in the near future.

Mr. George Van Buskirk, Chairman of the Entertainment Committee, announced that he had been successful in securing Austen Lake of the Boston American as the principal speaker for the Anniversary Meeting of the local Club which will be held on Tuesday evening, April 20th. Mr. Rob Roy, New England District Governor, and Mrs. Roy will be honored guests that evening. The President of the Club, Mr. James Riggs, will preside. Members of the other Kiwanis Clubs in the Newton Division have also been extended invitations.

VICTORY GARDEN MEETING

The Newtonville Improvement Association is planning a Victory Garden Meeting to be held Wednesday, April 14, at 8:00 p. m. at the Newton High School.

The principal speaker will be William R. Cole, secretary of the Mass. State Garden Committee. Mr. Cole is a professor at the Mass. State College and an outstanding expert on Victory Gardens.

After the meeting there will be garden exhibits in the High School gymnasium and a group of experts who will answer individual questions on different phases of home gardening, nutrition and canning.

The committee of the Newtonville Improvement Association in charge of this Victory Garden meeting consists of Earle B. Millard, C. Raymond Cabot, J. Marvin Allen, John S. Whittemore, Raymond A. Green and William R. Mattson.

WORKERS AT WAR FUND HEADQUARTERS

Mr. Charles B. Floyd, chairman of the 1943 Newton War Fund, paid tribute today to the loyal group of volunteers who have been putting in hours of work on the details of the campaign. Without their aid, he said it would be almost impossible for us to keep accurate day-by-day records of the progress of the drive.

Assisting Mrs. Henry T. Patch, Executive Secretary for the South Side of Newton, are Mrs. Paul Goddard, Miss Emily Woods, Miss Florence Marble and Mrs. Roderic M. Blood.

At the North Side Headquarters, with Mrs. Walter Webbing, Jr., in charge are Mrs. Charles B. Floyd, Mrs. George Chane, Mrs. Hyman Leonsohn and Miss Nancy Osborne.

Mrs. Edward J. Cannon has been temporarily in charge of Staff Assistance work at the Chapter House while Mrs. Webbing, chairman of that Corps, has been at War Fund Headquarters.

THE AUBURNDALE MEN'S CLUB

The Club will hold its last supper meeting before the summer on Monday evening, April 5th, in the Auburndale Congregational Church. The guest speaker will be Mr. Alton Hall Blackington, well-known throughout this section of the country as a photographer and feature story writer.

Mr. Blackington has covered New England with his color camera and will bring to his lecture, "The Romance of New England," his photographic masterpieces, as well as many a Yankee yarn of which he has a large and interesting store. His "tour" will start from Boston, proceed into Maine and thru New Hampshire and back along the coast. Everything of a picturesque character: lobsters and shippards, farms and the staunch people who work on them will be portrayed. In these days when travel is restricted, this lecture will provide the next best way to see New England at its best.

The members of the Boy Scout Troop, No. 15, which is sponsored by the Club, will be guests at the supper and the entertainment. Mr. Kenneth A. Sawin will preside at the meeting and introduce the speaker.

58th WEDDING ANNIVERSARY

Mr. and Mrs. Malcolm F. Lamont held open house at their home, 39 Staniford st., Auburndale, in observance of their 58th wedding anniversary on Sunday, March 28th. They were married 58 years ago by the late Rev. John Titus in the Brighton Baptist Church and have lived in Auburndale for 45 years. Mr. Lamont is a retired master plumber. Mrs. Lamont is the former Sarah Woodbury.

More than 50 relatives and friends visited the couple and a buffet supper was served by Mrs. Alton Lamont, assisted by three grandchildren of the couple, Mrs. Arthur Kelly, Mrs. Hubert Watson and Miss Denise Lamont. They received many flowers and gifts. Their three children, Mrs. Edith Griffith of Kensington, Conn.; Malcolm A., and Alton W. Lamont, both of Auburndale, were present, as well as their 10 grandchildren and 12 great-grandchildren.

FESSENDEN SCHOOL

Among the local boys, students at the Fessenden School in West Newton, who were recently awarded their hockey letters, are William Scott of 24 Gould rd., Waban; Clark Cowen of 59 Pine Ridge rd., Waban; and Charles Weeden of the Fessenden School, West Newton. William Scott is Captain of the hockey team which has completed an undefeated season. Scott was also recently elected Vice President of the "Greys," while Weeden was elected President of the "Grays."

Marcus Knowlton of 147 Aspen ave., Auburndale, Sutton Potter of 70 Montvale rd., Newton Centre, and Milton Stone of 45 Holly st., Waban, were recently named to the Third Honor Roll of the Fessenden School for the Winter term. And Henry Arnold of 32 Washington Park, Newtonville, was placed on the Fourth Honor Roll for the same term.

Porter Jarrell Praised For His Brave Deeds

Porter Jarrell, son of Mr. and Mrs. Joseph Jarrell, 11 Oakwood road, Newtonville, drives an ambulance for the American Field Service with General Townsend's 8th Army in North Africa.

The American Field Service was organized in the First World War and sent over a large number of ambulance drivers with full equip-

ment to care for wounded. In the present war they sent their first hundred men in November 1941, via Capetown to Cairo and service in Africa. Two other units with 63 men sailed in January and in all 25 units with hundreds of men have gone up to last October. Many of these men drove ambulances with the front troops throughout every battle and they have been trained and used on other fronts, especially in the Near East.

The letters sent back by these drivers give as stirring and hot a picture of real battle as anything that has come from the War areas.

Porter Jarrell sailed for Africa many months ago, volunteering for this service. He was a graduate of the Newton High School 1937, after attending the Cabot Street Grade School and the Junior High School and he had his first three years in Middlebury College but left before graduating. He served as reporter for the Washington Post for 6 months.

He has been unwilling to tell any details of his work with the Field Service but the following account was sent by one of his friends who drives in the same unit with Jarrell. He wrote his father on Long Island and included this tribute to Jarrell's bravery and ability in rescuing the wounded from advanced positions.

It is the kind of thing that Newtonville boys are doing today in many parts of the world. Extracts from a letter written by one of Porter Jarrell's friends in the Middle East on February 12th, 1943:

"We have had some time now to rest up here in Tripoli — (Continued on page 6)

Newton Tops Red Cross War Fund Quota

\$116,750 Already Collected With Contributions Still Coming In

With \$116,750 collected and contributions still coming in, the Newton Red Cross War Fund went "over the top" at the end of six weeks intensive campaigning. "The Results are very gratifying," said Charles B. Floyd, chairman of the 1943 War Fund, and we can't say enough for the loyal volunteers who have made this possible. Owing to the scarcity of paper and the expense of mailing, we are adopting the policy of other public fund-raising organizations, in not sending special acknowledgment to all of the contributors and workers. However, we want them to know how much we appreciate all they have done.

Mr. Floyd went on to say that Red Cross is proud of the fact that they have raised the quota at an expense of less than 1 per cent. In paying a special tribute to his committee, he also acknowledged the material aid and advice given him by the Community Chest Committee. "It is another proof," he added, "of the greatest cooperation between all the civic enterprises in Newton."

Industrial Employees Give To Fund

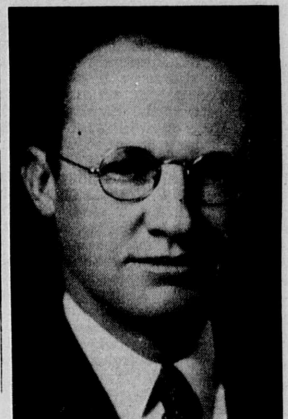

It has been most gratifying the way employees in the big industries in Newton have supported the War Fund. Raytheon is an example, for last week on payday, over \$1200 was contributed by the employees from their pay envelopes. A very large number of these contributors—as is true in the other companies throughout the City—live outside of Newton, yet they raised substantial sums to support the work of the Newton Chapter.

Another non-Newton group contributing to the local fund were the Women's Ordnance Workers training in Newtonville. These women had all given to Red Cross in their own home towns, yet they gave additional donations to the Newton Fund to help it reach its goal.

As part of the nation-wide moving picture theatre program, the Newton Paramount and West Newton theatres had special Red Cross exercises during the past week. After an appeal on the screen by Eddie Rickenbacker, a collection was taken from the audience. About \$1000 was added to the fund from this source. Members of Red Cross Corps cooperated with the theatres were Mrs. Harold C. Daniels, Miss Mary Furlong, Miss Catherine Tobin, Mrs. John P. Kobrook, Mrs. Robert Garritt and Mrs. Edmund Miller of the Canteen Corps; Mrs. L. P. Hanley, Mrs. Joseph Wogan, Mrs. William H. Summers, Mrs. H. J. Davidson, Mrs. Francis Kellogg, Mrs. John Byrne and Mrs. Fred Stritzinger, 3rd of the Gray Ladies Corps; Mrs. Walter Wobling, Jr., Mrs. C. Terry Collins, Mrs. P. Edward Eden, Mrs. Maurice B. Strauss, Mrs. Edward J. Cannon, Mrs. A. L. Felch, and Mrs. James J. O'Rourke; Mrs. Elliott Fleisher, Mrs. Edward Cohen, Mrs. William McAdams, Mrs. Alan Reed, Mrs. Robert Riedel, Mrs. Kenneth Tiffin, Miss Olive Webster, Mrs. Gladys Pratt and Miss Barbara Krause of the Motor Corps.

Joseph T. Walker To Head United War Fund Drive

Newton is honored in the appointment of Joseph T. Walker, Jr., Boston banker and Chestnut

JOSEPH T. WALKER, JR.
1944 General Chairman Greater Boston United War Fund

Hill resident, as general chairman of the 1944 campaign of the Greater Boston United War Fund with which the Newton Community Chest is affiliated. Known to his close associates as "Tim," Mr. Walker has already taken over his new duties and is to be seen frequently at his desk at Fund headquarters, 261 Franklin st., Boston.

Accepting the general chairmanship of the 1944 United War Fund as a wartime duty, Mr. Walker who was decorated with the Croix de Guerre for his two years service with the French Foreign Legion in World War I said:

"This country and our allies are in a live or die fight for our freedoms. Our men in the armed forces have given, are giving, and stand ready to give their all. Those of us not in the armed forces share responsibility for success of the home front forces. In that fight our United War Fund ranks high. It is essential that our hospitals and other agencies of humanitarian service are maintained in readiness for both peacetime and war time demands. "But there is other war work to be done today. War Funds must provide cheer and comfort to our armed forces across the land and overseas. Through the USO and other organizations we on the home front tell our boys in uniform and our allies of the United Nations that we are back of them and we do it in practical ways. This is a tough war that we are in. All of us, on fighting front or home front, will have to stretch ourselves to win. But it is the American way to do whatever is needed to be done.

"Our 1944 War Fund will be needed, and I shall regard it as a great privilege to be serving with the thousands of volunteer Fund workers and to be joining the ranks of the hundreds of thousands of 1944 Fund contributors."

A leader for several years in campaigns of the Greater Boston Community Fund, now the United War Fund, Mr. Walker has headed banking and financial divisions and in the recent campaign served as general vice-chairman.

Pauline Madden of the MARINES and Ensign Barbara Easley of the SPARS.

Legion Post To Hold All-Women's Services Night April 15th

Newton Post, No. 48, American Legion, will hold a public meeting dedicated to the Women's Services on Thursday, April 15, 1943 at 8 p.m., in Newton Memorial Hall (other side of Newton City Hall), Newton Centre.

At this meeting representatives from the Waves, Waacs, Spars, and Marines will speak. The guests will be Lt. Harriet Parker, with Yeoman 3-c Annabelle Dean of the Waves; Ensign Barbara Easley, with Seaman 1-c Theodore Jennings, of the Spars; Lt. Pauline Madden of the Marines; Lt. Elizabeth E. Patz, with Auxiliary Laura Shupe of the Waacs.

All women of Newton interested in the Women's Branches of the Armed Services are invited to hear this group of officers, well qualified to present the set-up of their respective organization. Very rarely has the opportunity been given to hear the representatives of all the Women's Services from the same platform, on the same night.

Mrs. Gertrude Nee, President of Unit No. 48, Newton Post Auxiliary, will head the Reception Committee. Mrs. Charlotte Heald will lead the Newton Drum and Bugle Corps, which will act as Color Guard and Guard of Honor. The Newton Post Band, under the direction of J. Collins Lingo, will give a concert of appropriate military numbers.

Pass Appropriation For Service Men's Honor Roll On Grounds of City Hall

An appropriation of \$2500 recommended by Mayor Paul M. Goddard for the establishment of an honor roll of service men to be placed on the grounds of the Newton City Hall was unanimously granted by the Board of Aldermen at their meeting on Monday evening.

It was announced by Alderman John E. Barwise, acting chairman of the finance committee, that the standard for the honor roll has already been designed, built and presented to the city by a public spirited citizen and the appropriation of \$2500 is for the inscription of the names and the erection of a flag pole and eagle to surmount the honor roll.

Plans for the honor roll have been delayed since last October Alderman Barwise stated by a ruling by City Solicitor Joseph W. Bartlett that the use of public funds for the purpose would be illegal as the law on the statute books adopted during World War I applied only to that war. The legislature, however, has since passed a bill amending the law to apply to the present war.

CITIES AND TOWNS TO BUILD MEMORIALS

House Bill No. 1003 which permits cities and towns to build memorials to those who have taken part in the present war was passed by both houses of the General Court and has been signed by the Governor. The bill was introduced by Representative George E. Rawson of Newton.

A committee consisting of one senator and four representatives has been appointed to study the 30 bills resulting from the Coconut Grove disaster, as well as reports and recommendations to the legislature. Representative George E. Rawson is a member of the committee.

LASELL JUNIOR COLLEGE

Classes began on Tuesday morning following the spring vacation. Mr. Louis Hafermehl conducted a student sing at the assembly.

Mr. Earle Spicer, baritone, gave a program at the Friday morning assembly.

Rev. William W. Keyes will be the Sunday vesper speaker.

School Teachers

A Private Piano School established twenty-five years has an opening for a few teachers who can give a couple of hours late afternoon once or twice a week. Solo performance not necessary — but must possess piano education so that a short Normal Course will equip one for Elementary Piano Teaching.

Capt. Somerby, Jr., Operation Officer At Stout Field

New operations officer at the Stout Field Army Air Base is Captain W. A. Somerby, Jr., well-known Boston flyer. His appointment was announced by Major Robert J. Rentz, commanding officer of Stout Field.

Captain Somerby, who is the son of Mr. and Mrs. W. A. Somerby of 7 Holland st., Newton, was born in Boston. After attending the public schools of Newton, he graduated from the Bryant and Stratton Business College. His military career started in 1920 when he joined the Massachusetts National Guard. Three years later he started a four-year enlistment in the Navy.

In 1931 Captain Somerby learned to fly and earned his pilot's license. His military flying experience started two years later as a flying officer of the 101st Observation Squadron, Massachusetts National Guard. Each year he flew on maneuvers with the National Guard from Marston Mills, Cape Cod. He has logged more than 1000 hours.

For nine years Captain Somerby has been prominent in Boston trucking circles and was president of the Boston-Buffalo Transportation Company at the time he was commissioned a first lieutenant in the Army Air Corps in August, 1942.

After attending the Officer Training School at Miami Beach, he was assigned to the I Troop Carrier Command at Bowman Field, Kentucky, and in October became assistant base operations officer at Stout Field. He was promoted to the rank of captain in February.

In addition to his new duties, Captain Somerby is also base communications officer at Stout Field and summary court martial officer. His interest in radio dates back to 1919 when he operated an amateur radio station in Newton.

Captain Somerby is married. Mrs. Somerby and their three daughters are presently living in Buckhannon, W. Va., and will shortly join the captain in Indianapolis.

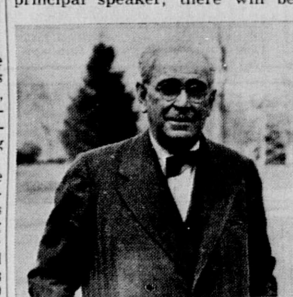

New War Course Will Be Given

A new wartime course, PERSONNEL TRAINING FOR WOMEN, will begin April 21 at Babson Institute, it was announced today by the administration. For those women who desire to get into personnel work but do not know how to go about it, this course will point the way. It is designed for women who prefer working in an office rather than in a factory, and dealing with people rather than things. Personnel Training will enable even new workers to enter this interesting field free from the fear which usually attends a lack of training or experience in such specialized work. The schedule takes only five mornings a week so that home-makers and women with other responsibilities may take the course and also meet other demands on their time during the ten week period.

Everyone Invited To Attend Interesting Session On Wednesday Evening, April 14

The Newtonville Improvement Association has arranged a most interesting and unique Victory Garden Meeting which will prove of special value to everybody interested in home gardening. This meeting will be held in the Newton High School the evening of Wednesday, April 14.

In addition to an outstanding garden expert who will be the principal speaker, there will be

PROFESSOR WILLIAM R. COLE
Of Massachusetts State College

exhibits covering all phases of gardening and a number of garden experts to answer individual questions.

The first part of the meeting will start at 8 o'clock in the High School auditorium. The speaker will be Prof. William R. Cole. He is Secretary of the Massachusetts State Garden Committee and was appointed by the Governor to supervise Victory Garden activities throughout the Commonwealth. He has devoted his life to a study of the problems of horticulture and for years has been a professor of this and other subjects at the Massachusetts State College. Professor Cole is also a specialist in horticultural manufactures which deals with food preservation.

After the talk by Prof. Cole on general subject of Victory Gardens, the exhibits in the High School gymnasium will be opened. In this large room there will be a series of tables at which the audience may present their individual questions on soil testing and fertilizers, vegetable planting, seeds, garden pests, nutrition, canning and food preservation, and city land for gardens.

A committee of the Newtonville Improvement Association has selected a few of the best Victory Garden bulletins from the large quantities of literature on the subject and have secured copies of these special bulletins for free distribution.

Professor Robert E. Young will be in charge of the division of soil analysis and fertilizers. Prof. Young is connected with the Waltham Field Station of the State Extension Service and has charge of the thousands of soil analyses that are made annually at that station. He is also a specialist who is qualified to recommend the type and quantity of fertilizer to be used for different types of soil.

Mr. Norman Howden, one of the best known seed experts in this

vicinity, will answer questions on the kind of seeds to be used, quantities that should be planted to best advantage, and similar questions on this important subject.

The table devoted to the problems of planting will be in charge of Mr. Mathew F. Ruane of Newtonville. Mr. Ruane, a member of the Newton Victory Garden Committee, was born and brought up on a farm and has devoted many years to the problems of vegetable planting. His is an authority whose advice will be appreciated by all.

One of the most important questions that the amateur gardener will have to answer this year is how to eliminate garden pests. Mr. William Tomlinson, an expert on this subject from the Waltham Field Station will be able to discuss what garden pests are most common in Newton and what sprays and methods should be used to protect gardens from them.

Mrs. George W. Hinman and Mrs. Barbara Favour will be in charge of the nutrition table. Mrs. Hinman is the Director of Nutrition for the Newton Red Cross and Mrs. Favour is Community Nutritionist. They will have exhibits showing the nutritive value of various foods and will gladly answer questions on this important part of the food problem.

Mrs. Edgar S. Burkhardt and Mrs. Mae Mahady will supervise the section on canning and food preservation. Mrs. Burkhardt is in charge of the Newton Organization for Food Preservation and Mrs. Mae Mahady is a well-known lecturer of the Boston Consolidated Gas Company who has devoted years to the study of proper canning and preserving methods. This section will be of special value to the ladies in the audience.

Mr. F. Ewing Wilson, Director of the Newton Recreation Department will have his section of the exhibit at which he will give information concerning the many portions of city land in Newton available for Victory Gardens this year. He will have a large map showing these locations and will also be able to answer inquiries as to who to get to plow these gardens and what extent the city can be of help.

The Massachusetts Audubon Society will have a table at which there will be information on the effect of bird life on Victory Gardens. This exhibit will be under the direction of Mr. C. E. Mason, Secretary of the Audubon Society.

Mr. John S. Whittemore will be in charge of the table at which the Victory Garden bulletins will be available for free distribution. The quantity available should be sufficient. (Continued on Page 6)

Newton in Sports

Saul J. Exelbert

As I said last week, come spring and anything can happen. It happened again. As Rommel was chasing all over Tunisia, a German Gestapo agent called Measles chased me into sick-bed and out of circulation was this roving reporter. But, before the deadline (hours before the press rolls) Mr. Measles, veni, vidi, vici, joined his master the Fox and both are now busy fighting the gaining Allied forces.

Thus, before the deadline, this one-week-unexisting reporter was unable to cover the High School baseball front, and was unable to use his phone for sport messages. But on Monday we got together enough material to make a column.

The item of interest is golf. . . . and the source of material. . . . is from the Newton Junior Community Club. As only a reporter can do it, I sneaked into their meeting at the Y. M. C. A., sat in a back row, and in an unobtrusive way listened to such ramblings as Rummage Sale booty, Bridge plans, Ticket sales, new and old business, etc. But also came the point of interest. . . . the main speaker, the guest; and with golf clubs, no less. I was now to hear something, a golf lecture presented by Mrs. Phyllis H. Vaughan, women's champion at the Riverside links. And to make this sports chat complete in all features, we must mention that acting-president Miss Alice Andersen presented sports director Miss Faith Stanton who in turn gave us the top attraction.

But enough detail. Golf hasn't been hitting the limelight as often as the other outdoor activities. . . . but here is where we do justice to the sport.

There is a story that goes with golf and Mrs. Vaughan gives the story and by the way, fills this column which helps me in no little degree. For all ye sports fans who have no interest in said links activity, let me say that golf has been underrated because no one has looked into the history of this fascinating sport. Behold. . . . Mrs. Vaughan enlightens us with a story that enlightens this column.

Seven years ago she was bitten by a bug. . . . golf and that's the game. . . . a pleasant disease. Believe it or not, shepherds played it, and the ancient Romans had a name for it, using a bag of feathers, and a stick (if they hit over 1000 it's no wonder). But Holland claims they started it. Again we travel with time and come to Scotland where golf was taking the place of archery. But women were not allowed to come within 50 feet of the clubhouse and the story ends there. No women in golf. (Romanticists, most likely.)

In 1887 John Reid played six holes in N. Y. at St. Andrews golf club, Yonkers. (Isn't it wonderful how history tell us all this. Reid brought the game over from Scotland.)

Who was the first woman golfer? The Queen of Scotland. . . . no less.

For comparison in scores and now we hit the up-to-date angle, the charming Mrs. Vaughan gives out a little bit of golf dope. W. G. Laurence in 18 holes made a magnificent 188, the first time a man ever went the full course. That was something until Ben Hogan recently in the past year hit 69, 70, 69, and 71 in five straight days—69 from 188, that's progress. The best golfer that the speaker has ever seen was Bobby Jones and we won't dare dispute her opinion.

And startling as it is, Joyce Wethered is the Bobby Jones of women. Women can't get "distance" out of the little pill as men do but the ladies make it up in the short game and that's where skill beats brawn.

The Massachusetts Women's Golf Association has four groups, North, East, West and South and 60 member clubs are entered in the state championships. Riverside is just one of those clubs. Mrs. Vaughan just one of those members.

Something that has a quizzical tinge to it, is the evolution of the ball. From feather to rubber. Dry-ice to needles. Compressed air to cotton. That's just part of the ball you hit around.

14. But who does know what each club is for? (unless we have some golf fans in the house). She, Mrs. Vaughan, uses 4 driving implements—Number 1, the driver; a long distance club with a long ball roll at the end of the drive. Number 2—the brassy, a higher loft with shorter distance. The same goes for 3 and 4—higher shots—shorter flights.

Numbers jumble the story but numbers also make the clubs so next come the irons. The number 1 iron to 9 iron inclusive and the putter, make up the complete fairway arrangement for golfer Vaughan. Again the higher the number the less distance the drives.

Now that you know what you are handling, here is some information which if it brings no delight should bring figures. The longest shot Mrs. Vaughan collects is 354 yards (but that isn't her mark). Women are not the drivers but have efficient fingers and thus are more adapted to "putting." Women are steady.

Terms are queer but so is the baseball slang, a Hook is when the golf ball flies to the left. Slice, it goes to the right.

Records — and the speaker speaks for herself, 85 and 92 her average, 82 her lowest and best score. Mrs. Beard, women's state champion, leads all with a 72.

Advice. "Keep in the groove." Practice—

Birthday Wishes To Former Chief

To Frederic M. Mitchell of 399
Newtonville ave., Newtonville.
This genial gentleman, retired
Police Chief of the city of Newton,
whose long and useful career as a
civil leader and public official is a
matter of history celebrated his
eighty-first birthday Saturday,
March 27.

Your face patriarchal, your eyes
kindly sparkle.
Your figure straight and tall
In the old town of Newton (for
which we're all rootin')
Are familiar to us all!

Your scrapbooks are filled with
the things you were thrilled
with.
Along life's troubled way.
Your greatest pleasures
are hoarding these treasures
And conning them o'er each
day.

Though your limbs be less agile,
and somewhat more fragile
Than in days that used to be,
When you walk your old beats
down the Newtonville streets
One would think you were thirty-three!

We trust you feel snappy, and
really happy—
To know you has been fun.
Warm felicitations and congratulations
On Birthday Eighty-one!

JOHN H. RENNARD.

SIXTY-TWO HOODMEN AND WOMEN GIVE BLOOD

All of the employees of H. P. Hood & Sons Newton-Watertown
Branch, headed by Mr. William H. Sullivan, Branch Manager, formed
a blood brigade and visited the Red Cross Blood Donor's Centre in
Boston on Tuesday, March 30. When they read in the newspapers that
their brothers in the Boston Branch visited on March 17 with a group
of 45, the Newton-Watertown group were determined to outdo their
friendly rivals; so the entire plant, including the office and sales force,
signed up for a visit to the Blood Donor's Centre.

Among the participants were Miss Muriel MacKay, Chief Clerk, of
Somerville; Mrs. Bernice Cahill, of Weston; Mrs. Dorothy McPartlan,
of Waverley; and Mrs. Rena Rundlette, of Waltham.

The group was headed by William H. Sullivan, Branch Manager,
Harold McKusich, Assistant Manager, Cliff Bryant, Roscoe Doliber,
and Bob Coughlin. The plant group was led by Ronald Veno.

Although a recent Government order forbids the delivery of pints
of milk, there has been no ruling against a milkman giving a pint of
blood.

Mr. Sullivan made the statement, "The folks from the Newton-Watertown
Branch were proud to be part of it, and we all feel sure that our
boys in the service will benefit by the splendid work being done by the
American Red Cross."

This WEEK, This WORLD

by Ted Friend

IT IS DIFFICULT to imagine it, but Gerald L. K. Smith, the notorious fifth columnist, spread the title of "Reverend," no less! Which should have indicated that Smith had, or should have had, the advantage of some teaching in religion, ethics and morals! Which should have, in turn, presupposed a compassion and understanding for his suffering fellow-man! Which should have, further, implied a measure of idealistic adherence to the principles of liberty, fraternity and equality!

Of course, the history of G. L. K. Smith, as of others who have developed a money making racket out of intolerance, bespeaks no compassion for anyone.

But the moral and political depravity of Smith becomes even more clear as one notes that his effusions of hate are enunciated at almost the precise moment when the casualty lists, issued by the United States War Department, record the names of members and communicants of the very minority groups which he maligns and attacks.

It is one of the shameful tragedies of the current American scene that the solemn announcement of American non-Aryan deaths, wounded or missing on the battle lines in North Africa and in the Pacific, is besmirched and slandered by Smith and his cohorts by the holding of meetings in which plans for the further smearing of reputable American minorities are conceived.

Nor is Smith, who long ago should have been denied the use of the United States mails, the only or the foulest confederate doing business while American citizens of every sect, race and color are in a death-grip with the totalitarian enemy. Harry A. Jung, labor-baiter, strike-breaker, and anti-Semite, who boasts that he receives free office space in the Chicago Tribune building, is another typical member of the subversive band. Yet another Copperhead figure is E. J. Scoward, a laborer recently exposed by the Anti-Nazi League as a prime mover in the effort to unite various fascist-like elements in a single organization having political ambitions.

Other subversives, putting in a lick for the saboteurs of democracy, are Allen Zoll, not long ago in the United States Army, who operated a radio station, who has been distributing a Southern letter to attract new support; Merwin K. Hart, a Gen. Franco supporter and former associate of the recently indicted John E. Kelly, and Joe McWilliam, who was a Storm Trooper, who has turned his activities from New York where he was exposed and jailed, to Chicago where he is being groomed as a Congressional candidate by Middle West pro-fascist forces.

The Department of Justice and the Treasury Department have done good work in ferreting out and placing on trial the more dangerous bidders from within, in spite of the Copperhead contingent in Congress which is always on hand to go bail for its favored subversive sons, but until they, such as Smith, Jung and McWilliams are curtailed, the job cannot be said to be completely done.

QUOTE - OF - THE - MONTH CLUB: "Our joint task will be hard. But, for our part, we are proud of the company with which we march. No one flag, no one government, no one language unite the peoples of our civilization. We have one passport: freedom; one objective, victory; total and unmistakable; one purpose, a just and lasting peace." Foreign Minister Anthony Eden.

BEG IT, or borrow it, or buy it... BUT READ IT! "Education for Death," by Gregor Ziemer (Oxford University Press) is a startling revelation of the molding of Nazi youth. Carefully documented from Nazi textbooks, military manuals, song books, catechisms, etc., Dr. Ziemer's book indicts the German educational system which had so great a part in attempting to foist Hitlerism on the world.

RUMOR OF THE WEEK!... That Henri Petain died on March 21st!

THE SHAPE OF THINGS TO COME... Herbert Lehman is slated to head a United Nations relief organization... Compulsory courses in English is in the offing for Puerto Rico... Gen. Giraud has selected Admiral Robert Martinique successor... Industrialists wasting manpower will be shut off from vital materials.

ONE STATE DEPARTMENT FLOP for which the American people can be grateful is the Otto of Austria fiasco which is now unobtrusively, being liquidated.

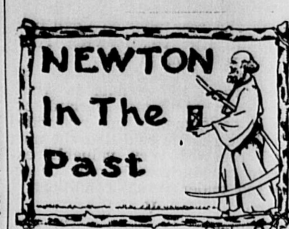

The weird effort to edge in on the United Nations line by a State Department sponsored Otto of Austria government-in-exile was frustrated by the irate parents of American soldiers shanghaied into military battalions scheduled to be made into an Otto of Austria legion. Transference to such battalions of American soldiers of Austr'ian antecedents was without the consent or previous knowledge of the doughboys.

The State Department nincmop who conceived the Otto of Austria plot should be sacked not only because his clumsy conniving almost forced Americans to take up arms for a dead duck pretender to a throne, but also because he betrayed what should

for the present have remained an inner State Department secret.

Quite plainly, the readiness to support Otto of Austria indicated an intention in State Department circles of splitting off Austria from defeated Germany and fashioning it into a monarchal. Such an intention further indicated the purpose of State Department circles to back a plan to break up Germany into three or four Central European countries one of which would be republican, another monarchal and a third a federated grouping of the smaller German speaking states. Prussia, in all likelihood, to be assigned to an independent republican existence under the closer United Nations supervision and tutelage.

The State Department's Otto of Austria sponsorship is on a par with its pro-Vichy blundering, its pro-Franco hypocrisy, its Martinique and Alexandria juggling. Than which there has been nothing, in recent history, more vapid or infantile!

POLITICS WITH COLOR

By P. W. C.

Our Legislature

Here is my tale of woe. Over the last week-end, realizing full well that our State Senate was due to take action on their own pay-raise in the near future, and realizing, further, that it was a good bet that the Senators would do precisely what the House had done quite recently, namely, rush the bill through WITHOUT a roll-call, I took the trouble to contact two typical Senators whom I have hitherto regarded as Grade A Senators. Note the result.

Both Senators assured me that they were against the bill and that they would vote "No" if there was a roll-call. As a matter of fact, I believe they would. I thereupon expressed my earnest conviction that a roll-call was essential and in the public interest.

When I was advised that there would doubtless be a party caucus preceding official Senate action, I looked to the emergency to personally ASK FOR a roll-call. One man told me that he would, but the other man stated quite frankly that he doubted if he would, despite my urgent appeal. One of these Senators told me that a roll-call would merely reveal a 30 to 10 margin in favor of the bill; consequently, why put a lot of Senators on the spot?

You see, the point is that every Senator has some pet bills of his own which he wants to get passed. If he annoys a brother Senator by suggesting that he record himself on a roll-call, that particular Senator may return the compliment and record him on the spot a few days later. Get the idea?

The above conversations took place on Sunday. Yesterday, (Tuesday), I took the trouble to check up at the Senate chamber to see when the Senate was planning to take action on the pay-raise bill. I was advised that it was NOT on the day's calendar and that there was no information as to when it might come.

I looked to the emergency to have time to work on a half-dozen more distinguished Senators. Not a chance. This morning, early, a leading Republican in Brookline called me up, announced that the Senate had passed the bill yesterday, according to the morning papers, and asked me what the next step would be. Wouldn't the Governor have to act one way or another, etc. Thereupon I spent an hour trying to locate the Senator who had promised me that he would ask for a roll-call in the party caucus. At length he phoned me and told me that he HAD raised the question of a roll-call in the party caucus and had indicated his belief that there was a definite public interest in this bill!

Innocently I inquired what the attitude of the caucus was after he had spoken his little piece. Of course, I suspected what the answer would be, but it was grand to be told that the proceedings inside the caucus were extremely secret and he couldn't possibly tell me. I then distinguished Senators had to say. Where does that leave me and where does it leave YOU, the readers of this column, who might like a bit of detailed information regarding the use of the taxpayers' money? Well, you are out in left field without a glove and you might as well stay there.

Another point, which I consider highly important, is this: three members of the Legislature have advised me within three days that roll-calls are chiefly for the purpose of verifying standing votes. In other words, they are for the benefit of the Legislators themselves and NOT for the benefit of the general public. When I have countered with the argument that Congressional roll-calls are always invoked to nation-wide campaigns, either to elect or to defeat some Congressman, it was admitted that that was true, especially on the isolationist and preparedness issues. When I then inquired what data a Massachusetts voter could use in order to appraise the efficiency of his representatives on Beacon Hill, I was told that every voter had a right to call up or write his Representative and ask him his opinion on any given bill. Isn't that just grand? Every single one of us apparently has been graciously awarded the right to ask questions of the gentlemen whom we elect to the first place. Who said that a stream couldn't rise higher than its source? State Legislatures seem to be just like Congress. When the boys are running for office, they promise to do anything at all to get elected. They promise to be 100 per cent public servants. Once they take office, however, they suddenly find that they have become members of an exclusive club, which way acts a lot of its important business behind closed doors. The public, of course, cannot be expected to understand all this and must be patient and grateful for such crumbs of information as their Representatives see fit to give them.

Well, gentlemen of the Legislature, I trust you all read Bill Cunningham's block-buster blast in the Boston Herald this morning. IT MIGHT give you some ideas. To be sure, he was giving Congress and not our Legislature a merciless going-over, but there were several statements which he made which have equal application to the boys on Beacon Hill.

You know, I cannot help wondering what some of the men in the armed forces would think if they could watch some of this business on Beacon Hill. What a

Washington—Friends of Wendell Willkie say there's no doubt of his desire to again run for the Presidency in '44. He feels that his chances of winning will be enhanced if F. D. R. is his opponent again. Willkie is doing more than just "talking" about the next campaign—he has already lined up many delegates, especially in the south. He is pleased by the way Minority Leader Martin has followed his advice in the House.

Martin ceased fighting Wendell Willkie's repeal man. Willkie believes that the party will follow him on his foreign and domestic policies and must avoid issues that Roosevelt will have won popular support for long before November 1944.

Other potential Republican candidates are being boomed by Gerald L. K. Smith, the midwest evangelist of the nightshirts, and one-time lieutenant of the late Huey Long. Smith's hopes are Captain Rickenbacker and Charles A. Lindbergh as presidential candidates. Both were accepted unanimously by about 500 members of the reconstructed America First movement called into session in Detroit some days back.

The members were reminded that Rickenbacker and Lindbergh were founders of the original America First Committee and would be acceptable to the "80 per cent" of the people who were opposed to war before Pearl Harbor.

But Smith's endorsement contains a "if." The "if" is that America First will put the "if" in the field "if" the Republicans do not nominate Senator Gerald P. Nye or Rep. Clare Hoffman, and "if" the Democrats fail to name Senator Burton K. Wheeler or some one of his caliber.

Let it be said in justice to Capt. Rickenbacker that what he did not do at the Smith meeting he would have done if he had been. Which reminds us to send brother Smith the recipe for "Isolash" as one of our favorite political shenanigans. Mayor LaGuardia of New York City gave it a few days ago. "Take stale and discarded bigotry, narrow-mindedness, prejudice, hatred, greed and selfishness, all leftovers from the last war and now smelly from nauseating serving prior to Pearl Harbor. Spice this with a dash of anti-Semitism, words and season with plenty of petty partisan politics and you have 'Isolash,' an unsavory, unpalatable dish, repulsive to people who love freedom, security and democracy."

From France we hear that the Nazis are beginning to fear the French. It is becoming dangerous for even three Germans to meet a French boy in a lonely spot. Several weeks ago a Nazi officer was walking with two German soldiers along a lonely street in one of the Paris suburbs. They met a French boy and asked him a question in German. The boy merely shrugged his shoulders and started to walk away. The officer grabbed hold of him and slapped his face. The boy leaped back, drew out a hand grenade and threw it. The soldiers fell to the ground and the officer was blown to pieces. Fortunately, the boy got away and until two weeks ago had not been found by the Nazis.

Naval Aviation Cadet Douglas T. King, son of Mr. and Mrs. Ralph W. King, 328 Brookline st., Newton Centre, has been transferred to the Naval Air Station at Pensacola, Fla., after successful completion of the primary flight training at Squantum, Mass.

After three months of advanced flight training as a Naval Aviator, Cadet King will pin on his wings as an Ensign in the Naval Reserve, or Second Lieutenant in the Marine Corps Reserve.

Cadet King was graduated from the Newton High School and attended Northeastern University. He has logged 35 flying hours under CPT training before entering the Naval Air Corps.

Pvt. Russell F. Gooley, formerly of 40 Highland ave., Newtonville, Mass., has been graduated from this big Army Air Corps Technical Training Command School for airplane mechanics at Gulfport Field, Miss.

He has received a course of intensive training to fit him for his important task in this war. His training has also fitted him for an important job in peacetime aviation.

In private life, Private Gooley was an aircraft assembler at Vought Sikorsky Aircraft Co., Stratford, Conn.

He is a son of Mr. and Mrs. Frank Gooley, 40 Highland ave., Newtonville, Mass.

Israel M. Cohen, 11 Fellsmead rd., Newton, was recently promoted from 1st Lt. to Captain in the Chemical Warfare Service in Edgewood Arsenal, Md.

Navigation Cadet Neil M. Cheney of 61 Waban Park, Newton, has been appointed Cadet Lieutenant of Squadron A Group 1 of the Navigation Pre-Flight School at Monroe, La. Graduating at the end of this nine-week pre-flight course, he will enter the advanced navigation school. Cadet Cheney attended Boston University.

Aviation Cadet Roger W. Patterson, U. S. N. R. of 66 Fisher ave., Newton Highlands, has successfully completed his course at the University of Texas, in Aus-

William Allen White, famous editor of the weekly Emporia (Kansas) Gazette was discussing the present need for small town newspapers. White, who has made several thorough checkups in his own town where the Popular Kansas City Star is sold on every newsstand, stated that big city newspapers, even when they blanket the small town territory, couldn't compete with the reader's wish to know about local events. "In short," said the editor, "if a copy of the New York Times could be distributed free to all my readers I still would not lose a single subscriber to the Emporia Gazette." This truth probably applies to 80 per cent of all other American weeklies. (Advertisers please notice!)

WALTER PIERCE REPORTS: If U. S. Ambassador to Mexico Messersmidt resigns his post, American oil promoters whose maneuvers for Mexican concessions he has fought, will have a great deal to do with it. When conditions become unbearable for Mussolini in Italy, Lt. Duce will attempt to turn over a fleet (until now almost inactive) to Hitler. Then look for the Italian men-of-war to be scuttled by their own crews. The shift from war to domestic news on the front page of many dailies is caused partly by the editor's interest in the coming 1944 campaign. The B's next problem will be the re-conversion of industry back to peacetime production. Washington believes the production job is over the hump and that industry can handle and turn out whatever is necessary from now on with the present setup. Some re-conversion, probably in the heavy machine tool industry, may take place before the war ends. The biggest job right now and for some months to come, will be to transport all we can to the fighting front. The Service of Supply is facing this problem as efficiently as it did production and you can look to arms, supplies and men reaching the fronts in unprecedented quantities from now on. Civilians will suffer, but that can't be helped. A curfew for the colored has caused the Rockefeller office on South American affairs to open a special house in Miami for entertaining Latin American dignitaries. Dark skinned Latins are often embarrassed by Florida's Jim Crow laws.

IT CAN NOW BE TOLD: While Rep. Lambertson was attacking the President for allegedly having his sons withdrawn from the fighting fronts, Lt. Franklin D. Roosevelt, Jr., was on duty at his gun station aboard a destroyer off North Africa. And young Frank had been on active duty during several attacks by Axis planes while the American invasion of Africa was taking place. The President's other two sons, James and Elliott are also on active service and neither enjoy a "soft berth."

Hitler's agents in this country must get a real laugh watching a few members of Congress shadow-boxing and with every swing land on themselves, too punch drunk to realize what they're doing!

Private Alfred A. Lalli, son of Mr. and Mrs. Vincent Lalli of 138 Florence st., Chestnut Hill, has just advanced to Corporal. He is stationed at Camp Polk, La.

Ernest M. Searle, Jr., of Randlett Park, West Newton, is at Norwich University for a course of instruction prior to his appointment as Aviation Cadet in Army Air Forces Flying Training Command. During this period he will take numerous academic courses as well as elementary flying training and on its completion will be classed as a navigator, pilot or bombardier and will take further training at schools of the Flying Training Command in these specialties.

Samuel B. Brown of 544 Ward st., George F. Murphy of 36 Waverley rd., and Frank P. Sosni of 142 Jackson st. all of Newton Centre; Aaron M. Jones of 8 Birch Hill rd., and Lionel E. LaRochelle of 54 Oakwood rd., both of Newtonville, all privates in the U. S. Army Air Forces, are members of the 58th college training detachment at Massachusetts State College.

Lieut. Franklin W. MacPhie of 48 Prince st., West Newton, is attending the Anti-Aircraft Artillery School at Camp Davis, North Carolina.

John A. Delaney, Jr., of Newton, who has been graduated as an aerial gunner and promoted to the rank of Sergeant, has received a pair of silver wings at the Army Air Forces Technical Training School at Tyndall Field.

Aviation Cadet Alden King Sanderson, son of William E. Sanderson of 30 Denham st., Newton Centre, Mass., successfully completed his basic flying training at the Lemore Army Flying School, Lemore, Calif., and now takes his final hurdle in his Air Forces Advanced Flying Training School before receiving his silver wings.

NEWTON RED CROSS NEEDS VOLUNTEERS

The Home Service Division of Newton Red Cross is urgently in need of additional volunteer workers. It was announced by Miss Christine Tarplin, Executive Secretary. "With our cases increasing every day," said Miss Tarplin, "we find it impossible to do all the work with our present staff of volunteers. We need women with social work experience who can give us some time each week to follow up the many inquiries which are pouring into our office every day."

"Home Service is the link between the service man and the folks back home," Miss Tarplin added, "and we handle all requests for aid to the man in the armed forces and to his family. We help file claims, we aid in proving the dependency of the family of the service man, we transmit vital communications to the man in the armed forces—these are only a few of the services we render. Each case must be carefully followed through, and we need more volunteers interested in, and able to make, these important personal contacts."

THREE FROM NEWTON RECEIVE DEGREES

Northeastern University has announced the awarding of 310 degrees at its 41st annual commencement Sunday, April 11, in Symphony Hall, Boston.

Of the 310 degrees in course, 49 were to students in the College of Liberal Arts, 181 to students in the College of Engineering, and 80 to graduates of the College of Business Administration.

Recipients of degrees included: Udel K. Rosenberg, 71 Greenlawn ave., Newton; Irwin J. Metcalfe, 62 Oldfield rd., Newton Centre; Herbert P. Boyle, 41 Collins rd., Waban.

William B. Plumer Is Named Chairman Of Community Council

At the Sixth Annual Meeting of the Newton Community Council held on Monday evening, April 12th, at the Newton Centre Woman's Club, William B. Plumer, member of the Insurance firm of Elmer A. Lord and Company of Boston, was elected Chairman for the ensuing year. Mr. Plumer was Assistant Chairman of the 1943 Greater Boston United War Fund Campaign for Newton and has been actively identified with civic, social and philanthropic enterprises in Newton for many years.

Other officers of the Board elected were: Brooks Potter, 1st Vice Chairman; Mrs. Henry T. Dunker, 2nd Vice Chairman; Rev. John A. Sheridan, 3rd Vice Chairman; Rev. M. Russell Boynton, 4th Vice Chairman; Miss Kathleen Twombly, 5th Vice Chairman. The following members were elected by the delegates to the governing board: Mrs. Arnold C. Barker, Mrs. John L. MacNeil, Clarence R. Mease, Howard L. Rich, Mrs. Robert S. Rose, Mrs. Edward S. Stimpson.

The following chairmen of the Regular Committees complete the governing board: F. W. Andres, Division of Welfare; Harold Gores, Group Work Division; Miss Elizabeth Deans, Program Committee; Dr. Ernest Morris, Division of Health; William Payne, Jr., Research Committee; Mrs. B. Alden Thresher, Volunteer Service and Mr. Philip O. Ahlin, Public Relations Committee.

As a feature at the Annual Meeting, Clarence R. Mease, General Secretary of the Newton Y. M. C. A., addressed the group on the subject of "Our World of Today and Tomorrow." Mr. Mease made an outstanding address expounding in simple terms the fundamentals of a program for world peace after the war.

Harold P. Carver, who has been Chairman of the Council for the past three years presided. The head table guests included Mr. and Mrs. Harold F. Carver, Mr. and Mrs. William B. Plumer, Mr. and Mrs. Henry T. Dunker, Mr. and Mrs. Neil Leonard, Miss Kathleen Twombly, Miss Elizabeth Deans, Clarence R. Mease and Rev. Daniel Lynch.

The arrangements for the meeting were in charge of Miss Elizabeth Deans. A trio of the All Newton Music Society composed of Misses Martha Cleary, violinist; Doris Doehler, cellist and Evelyn Hicks, pianist, entertained during dinner.

Reports from the various Regular and Special Committees of the Council were presented in bound form and the delegates and guests, 110 of whom were present, were impressed by the outstanding work of these committees. New By-Laws for the organization presented by the By-Laws Committee, headed by Mr. Richard B. Carter, were adopted.

Tin Collection To Be Resumed

The Newton Street Department will resume its tin can collection schedule the week of April 20th, to 23rd. Wards 3, 4, 5 will be collected on Tuesday, Ward 6 on Wednesday, Wards 1 and 7 on Thursday, and Ward 2 on Friday.

The Salvage Board has ordered a freight car to the Watertown Yard for this week and the cans are taken by truck to this car where they are weighed and dumped. This car is at the Watertown Yard during the third full week of every month and tin cans will be collected only during the week the car is on the siding.

The citizens are asked to assist the Street Department in this collection by putting their cans in visible receptacles rather than in paper bags, etc. The larger this receptacle is the easier it can be seen by the chauffeur on the truck. This container should be placed on the curb line by 7 a.m. on the collection day and in the clear so that it is not hidden by trees along the border, etc. Many cans have been missed in previous collections because they have been placed in small bags or containers and close to trees where they are practically invisible to the men on the truck.

Hearing For Zone Change Will Be Held May 5th

The Claims and Rules committee of the Board of Aldermen has set May 5 as the date for a hearing on a revised petition for the extension of the business zone to land on the south side of Beacon st., near Walnut st., Newton Centre, which has been filed at the Newton City Hall. The new petition provides for a 15 foot building line setback. The Planning Board will hold a hearing on the matter at the same time.

At a recent hearing the representative of the petitioner stated that it is planned to enlarge the present Cape Cod type of restaurant located on the site and to use part of the tract for parking cars.

The petitioners are Merrill C. Nutting, trustee; Margaret M. Hoar, 1148 Beacon st.; John J. Kerrigan, 853 Beacon st.; and Timothy C. Sullivan of 12 Albion place, Newton Centre.

RED CROSS JUNIOR CANTEN HOSTS AT TEA THIS WEEK—left to right, front row: Betty Tyler, chairman of Senior Unit, Joan Cooper, Mary F. Mullen, Jean Corcoran, Jane Silverman, Marilyn Quint and Louise Pelton, chairman of Junior Unit; second row, Marion Shaw, Nancy Kent, Nancy Dealy, Helena Connolly, Harriet Callard and Shirley Shapiro; third row, Pauline Forsyth, Isabel Pollard, Grace Ingalls, Martha Burney and June Rutherford; last row, Lorian Smith, Doris Spindle, Nancy Hicks, Barbara Spack, Phyllis Burke and Peggy Hickey.

Second War Loan Drive To Be Conducted Here By Victory Fund Group

The Second War Loan Campaign in Newton will be conducted by the local Victory Fund Committee composed of Hon. Paul M. Goddard, A. Leslie Harwood, Jr., Frank L. Richardson, George W. Sweet and F. Brittain Kennedy, chairman.

The United States Treasury War Finance Committee is offering seven different types of government bonds to the public in order to raise \$13,000,000,000 for the war. Of this amount it is hoped that \$8,000,000,000 will be purchased by other than commercial banks of deposit. To lessen the dangers of inflation by borrowing from the banks, it is of importance that as far as possible sales be made to institutions, charities, pension and retirement funds, trusts and individuals.

Banks in Newton will contact all of their accounts by mail but many individuals will be approached by officers of banks. Members of the investment banking profession will solicit corporations and other larger potential buyers.

Descriptive literature will be distributed to all Newton homes by the War Services Division of the Newton Committee on Public

Safety. Complete information about the loan may be obtained from any Newton bank, investment banker or the members of the Victory Fund Committee.

The Garden Talk Given Here

Mr. Paul Dempsey of the Massachusetts Field Station, Waltham, gave a very interesting talk at the Victory Garden meeting held at the Boston Consolidated Gas Company, 308 Washington st., Newton, last Friday evening sponsored by the Newton Village Committee, and was attended by about 75 people. He explained soil conditions and told his listeners how, when and what to plant in their Victory Gardens.

A Victory Garden Question gathering will be held at the same hall on May 12, 8 p.m. when those interested in gardening may bring their questions and problems.

Each Wednesday at 2 p.m. there will be a talk on Gardening, Caning and Cooking at the same place.

Discuss Plans For Benefit Bridge And Fashion Show

At the April meeting of the Newton Hospital Aid Association, held at the Nurses' Home, Tuesday, April 13, one of the chief topics discussed was the Benefit Bridge and Fashion Show which will occur on May 4th at 1:30 p.m. at the same place. This is an outstanding social event each year, and one of the principal sources of the funds which enable the Association to add to needed equipment for the Newton Hospital.

Co-chairmen for the bridge are Mrs. Carlos T. Pierce, 26 Sargent Park, Newton, and Mrs. Edward W. Peide, 67 Temple st., West Newton. Mrs. Harold B. Keller, 37 Sheffield rd., Newtonville, is chairman of the food committee and Mrs. Gordon B. Wilkes, 51 Everett st., Newton Centre, is in charge of tickets. Tables and chairs will be attended to by Mrs. Herbert D. Dunphy, 20 Collier, Newton Highlands; decorations by Mrs. Benjamin W. Pepper, 30 Cheswick rd., Auburndale; and cards and tallies by Mrs. Horace W. Cole, 30 Hyde ave., Newton. Mrs. Melville M. Ames, 48 St. Mary's st., Newton Lower Falls, will make arrangements for the fashion show; Mrs. Harold C. Wiswall, 35 Denton rd., Wellesley, for the waitresses; and Mrs. Oliver A. Lothrop, 91 Nesbobe rd., Waban, for prizes.

Tuesday morning's meeting of the Hospital Aid Association was conducted by the President, Mrs. Charles B. Floyd. Following reports by the officers, an account of the past year's work was given by Mrs. Gregg, who is in charge of obstetrical nursing in the Newton Hospital.

Refreshments of coffee and doughnuts were served by Mrs. Hubert L. Carter and Mrs. Frank R. Clark.

NURSES' RECRUITMENT REPRESENTATIVE FOR NEWTON

At a meeting of the Executive Committee of the Newton Red Cross on Wednesday, April 14, Miss Phyllis Keene, Clinical Instructor of Nurses at the Newton Hospital, was appointed representative for recruitment of nurses for that area. In this position, she will serve on the Boston Council of Nurses for War Services.

46 Newton Nurses Now In Service

The Newton Committee of Nursing for War Service was encouraged to learn of the good record set by the Newton Hospital Alumni Association in the number of nurses who have already joined the armed services.

Forty-six graduates of the Newton Hospital School of Nursing are now in the armed forces. In addition there are many graduates of other schools of nursing living in Newton who have enlisted. The War Service Committee has requested that names of nurses in the armed forces be reported to it so that the nurses may be given recognition. Names of such nurses may be reported to Miss Hilga S. Nelson, secretary of the committee at the office of the Newton District Nursing Association.

Graduates of the Newton Hospital have left in the following capacities:—Thirty-five in the American Army; six in the U. S. Navy; two in the Canadian Army; three have gone with the American Red Cross as volunteers in Civilian Hospitals; two in England and one in Hawaii.

The following 16 Newton Hospital graduates who have enlisted are residents of Newton: Dorothy Averill, Newton Hospital, Newton Lower Falls; Doris Bent, Grassmere street, Newton; Margaret Binnell, 58 Kenneth street, Newton Highlands; Helen Bryant, Newton Hospital, Newton Lower Falls; Mildred Burke, 1463 Washington street, West Newton; Miriam Burns, 411 Newtonville avenue, Newtonville; Holly Bury, Highland avenue, Newtonville; Edith Duncan, 9 Adena road, West Newton; Eleanor Fleming, 200 Church street, Newton; Elizabeth Henderson, Madison avenue, Newtonville; Elizabeth Higgins, 82 Richardson st., Newton; Janet Kendall, 83 Institution avenue, Newton Centre; Elizabeth Kneeland, 1259 Beacon street, Waban; Katherine Lally, 80 Waltham street, West Newton; Catherine McGourty, 58 Cherry place, West Newton; Marion Smith, Newton Hospital, Newton Lower Falls.

Miss Elizabeth Kneeland of 1259 Beacon st., Waban, who was employed on the nursing staff of the Newton Health Department, and also a member of the nursing staff of the Faulkner Hospital, has joined the American Army. Miss Margaret H. Carey of 109 Walnut street, Newtonville, a graduate of the Faulkner Hospital, and also a member of the nursing staff of the Health Department, has joined the U. S. Navy.

The Flower Guild of the First Methodist Church will meet in the church parlor on Tuesday, April 20, at 8 p.m.

The Intermediate Methodist Youth Fellowship held a Social in the Parish Hall on Thursday, April 15, from 7 to 9 p.m.

A special service for children will be held in the Children's Chapel at 2 p.m. on Good Friday, April 23. All children are invited.

Approximately 100 lots of city land, 2500 feet to 10 acres, are available free of charge, for planning as Victory Gardens, it was pointed out at the Victory Garden rally sponsored by the Newtonville Improvement Association at Newton High Wednesday, April 14th.

1500 square feet will be allotted each family to develop. Chairmen have been appointed for each of the 13 villages to inform prospective landholders of location and other necessary information.

The section chairmen are:

Auburndale—To be appointed. Chestnut Hill—To be appointed. Newton—Mr. Carlos T. Pierce, 26 Sargent park, LAS 1512. Business BIG 6133.

Newtonville—Mr. W. R. Mattson, 28 Brookdale rd., BIG 1066. Business HAN 7553.

West Newton—To be appointed. Waban Hill—Mrs. Milton Levenson, 15 Cotton st., Newton. BIG 4789.

Flowers will be supplied through the recreation department of city hall at a nominal charge.

Primary speaker at the meeting was Professor William R. Cole, secretary of the Massachusetts State gardening committee, supervisor of victory garden activities in Massachusetts and Professor at Mass. State College. Speaking generally on home gardens Mr. Cole, in advising the assembly to raise their own vegetables and fruits, said "I am sorry for anyone who thinks that we are going to get what we have been getting through the ordinary channels. Because of transportation difficulties war-time commitments and present day exigencies, it is necessary for the health of the individual to cultivate the victory garden."

Vegetables strongly advised as worth the time, labor, acreage and expense involved are: Tomatoes, snap beans, carrots, cabbage, radishes, lettuce and Kentucky Wonder peas.

Necessities for successful gardening are: Good soil. Good fertilizer. And proper skill. A full report of the rally will be published in next week's GRAPHIC.

W. C. T. U.

The West Newton W. C. T. U. will hold their regular meeting at the home of Mrs. Carrie Goring, 335 Lexington st., Auburndale, next Tuesday evening at 7:45. This is the annual roll call. The assisting hostess will be Mrs. Florence Allen.

Coming Events

Social Science Club

Mr. Nicolas Slonimsky, concert pianist, lecturer and composer—an authority on modern music especially Russian—will give, as guest artist, a demonstrated lecture on "Russian Music—Old and New," at a guest meeting of the Social Science Club on Wednesday, April 21, at 10 a. m. at the Hunnewell Club.

Mrs. Sterling Loveland and Mrs. Arthur J. Mansfield will be the hostesses.

Newton Community Club

The Newton Community Club is having its annual Rummage Sale on Friday, April 16th, at 293 Centre st., from 9:30 to 4:30. There will be an excellent assortment of articles for sale.

The Annual Meeting and Luncheon of the Club will be held on Thursday morning, April 29th, at the Eliot Church. Miss Adelaide B. Ball, President, will conduct the business part of the meeting which will be followed by the election of officers for the coming year. The luncheon is scheduled for one o'clock.

A very delightful program has been planned for the afternoon. Florence Gupit, contralto, of the Philadelphia Opera Company, will sing a group of songs, and W. J. Shephard, a graduate of the Leland Powers School, will present a series of typical monologues and impersonations. Miss Shephard has a very pleasing personality and her monologues are especially interesting since she presents most of them from observation and personal experience.

Newton Highlands C. L. S. C.
Mrs. Rugg will entertain the C. L. S. C. on April 26th at her home 113 Woodcliffe rd. The subject of the afternoon study will be "Immigrant Literature" Book Reviews given by Miss Hurd and Mrs. Ward.

West Newton Women's Club
The Educational Garden Club is holding its annual meeting at the Hollis in Newton on Tuesday, April 20th. Luncheon will be served at 12:30 followed by the business meeting under the direction of the chairman, Mrs. Chester H. Sears. An original program, authored and directed by Mrs. Alfred E. Thayer, will consist of four parts; a Quiz, a Dialogue of Personalities by Scarlett O'Hara and Heavenly Blue, the Educational Victory Garden, and a Surprise feature. The members of the Garden Club will be the actresses, and the program is being anticipated with keen interest.

Recent Events
The Auburndale Review Club
The annual meeting of the Review Club was held Tuesday, April 13, at Walker House, 144 Hancock st., with Mrs. Arthur Robinson as hostess.

At the business meeting annual reports were read and officers elected for next year. Mrs. Edward Kelley, program chairman, presented the program for next year's study and assigned topics to the members for their next papers.

Mrs. Austin Fisher, in a lovely Chinese robe, read a Chinese fairy story in an impressive manner. After a brief intermission she read quotations from "The Importance of Living," by Lin Yutang.

Several of the members of the club have spent a good deal of time in China and have some lovely things which they arranged as an exhibition in the basement playroom.

Then followed a delicious luncheon, prepared and served by Mrs. Philip Shute, Mrs. Hugh Robinson and Mrs. Rinden, assisted by the social committee of the club.

At roll call each member and guest responded by reading a proverb from Confucius, thus giving a fitting ending to the year's study of China.

Letters To The Editor

Letter to the Editor:—

Who killed my dog last Sunday morning on Washington st., Newtonville, on the first day of Be Kind to Animals Week? Do all motorists realize that they should report it to the police when they kill a dog? My dog wore a license tag and the motorist who hit him could have located me. I hope he never had a pet for 8 years and someone killed it as he did mine.

BILLY GAUTHIER.

11 Austin st.,
Newtonville, Mass.

East Brewster, Mass.,
April 12, 1943.

Dear Mr. Editor:—

Several reasons lead me to communicate with you again. After my last letter to you I received the nicest letter from my friend, Father Sheridan—a Christian gentleman if there ever was one.

Perhaps many of our former Nonantum friends know that John Dacey, one of my former associates, is now a full-fledged Boston Master. If not, they should. He is one fine lad. A niece of his is one of our best teachers here in Brewster.

I had an interesting message recently from another former associate, Russell Burkhardt, who seems to be getting a lot out of life in the service of his country and his whole family seem to be getting into the fray. Good for Peggs, Tom and Bryant.

The poem in last week's GRAPHIC concerning that rare man whose wife and children I treasured so highly, our one-time Police Chief, took me back forty years when he was a lieutenant and the favorite of all the Newton High athletes.

And, speaking of High School athletes, what's the matter with my Martin boys? Yes, they're still mine in memory.

Some day I'm going to send you a message on how retired school teachers can still be useful and happy for years after retirement.

Cordially,

KENELM WINSLOW.

NEWCOMERS' CLUB

The Newcomers' Club of Newton will hold their regular Dessert Bridge meeting at the Newton Center Women's Club at 1:15 in the afternoon on April 16th.

Mrs. Robert E. Kenngott, social chairman, will be assisted by Mrs. Carl F. Humphrey, Mrs. Edward Currier, Mrs. J. Gilbert Aldinger and Mrs. Leon Perry.

Mrs. Walter W. Strobbeln, president of the club, will preside at a short business meeting and introduce the newest Newton arrivals. Bridge will be played by the members and the winners will receive U. S. War Savings Stamps as prizes.

SPECIAL MEETING CALLED FOR ALL COMMITTEES

Mrs. Alden H. Speare, president of the Newton Federation of Women's Clubs has called a general meeting of all committees to complete plans for the May Sale for the Blind. This meeting will be held at 10:30 o'clock on Tuesday morning, April 20th at the Newton Centre Woman's Club.

The coming sale will be the eighth one that has been sponsored by the Newton Federation and each year the Women's Clubs of all the villages and Needham as well have shown great interest and given generous support to the worthy cause. Mrs. Elmore I. MacPhie and Mrs. Alden H. Speare are co-chairmen for this year's sale which will be held on May 4th, 5th and 6th.

DR. CAMERON RAE TENDERS RESIGNATION

The Newton Health Department has announced that Dr. Cameron Rae, who has been serving for the past ten years at the city dental clinic has resigned, due to his desire to devote full time to his private practice. The Board of Health has accepted with regret to accept his resignation which will go into effect on April 30.

400 Girl Scouts Wash Windows

Newton Centre Girls Earn Money For Scout Work

On Saturday, April 10th there were shining windows throughout Newton Centre. This was the day on which the Girl Scouts, Mariners, and Brownies asked Mother or a friendly neighbor to let them wash windows in order that each may earn her thirty cents toward the Girl Scout village expenses. Each girl took her window washing money to her troop leader who sent the money from the troop to the Village Treasurer, Mrs. Herbert T. Anderson.

Approximately 400 Girl Scouts with ten windows to the credit of each girl presented the window washing situation well in hand, netting the girls the needed money for their treasury and presenting innumerable shining panes to some 400 Newton Centre families.

Mrs. Philip Wait is the Newton Centre Village Chairman, and the troop leaders are Mrs. B. C. Astrop, Mrs. Archie Appleby, Mrs. Carl B. Bohlin, Mrs. Earl Bourne, Mrs. Kenneth P. Crafts, Mrs. Stanley E. Chambers, Miss Esther Edwards, Mrs. Libby Hurlich, Mrs. Gottfried Knoop, Mrs. T. J. Malone, Jr., Mrs. A. Moskow, Mrs. R. Pennypacker, Mrs. Erskine R. Powell, Mrs. Timothy Regan, Mrs. Peter Reuter, Mrs. Coleman Schiff, Mrs. David Tibbott, Mrs. Norbert Wilhelm, and Mrs. Frank Woolway.

Winners for the Slogan Contest are:

First Prize: \$2.00 to Troop 33—
"To see things right, keep your windows bright."

Second Prize: \$1.00 to Troop 13—
"Shine, Shine, two for a dime!"

Honorable Mention: Troop 23—
"Window washing is our work 50 cents our pay"

Girl Scouts will not ever shrink when it's money-raising day."

THREE GROUPS FINISH HOME NURSING

Three interesting groups recently finished Home Nursing Courses in Newton. One was composed of women associated with a theological school—mostly students' wives and instructors' wives—about half of whom are going into small communities into their first parish. Miss H. Margaret Norcross, director of Home Nursing for Newton Red Cross, announces a class to start April 27 at the Mason School, to meet two mornings a week—on Tuesdays and Thursdays from 9:30 to 11:30. Enrollment can be made by phoning Lasell 6900.

This WEEK, This WORLD

by Ted Friend

THE UNITED STATES will be the power of balance in the post-war balance of power!

Remove America, through one form or another of isolationism, from participation in world problems, and the British Empire will be compelled to orient its foreign policy in the direction of Soviet Russia. Affiliation between the British and Russians will of necessity force the Chinese to do the same.

Thus would an American isolationism drive two of its three principal allies toward identification with Sovietism rather than with American Jeffersonian democracy.

Quite the reverse will happen if the United States accepts its share of world leadership after the war. Great Britain will gravitate toward the United States eager to cooperate with Russia in Eastern Europe, China, traditional friend of the United States, will become the Far Eastern bastion of democracy. The regenerated nations, particularly France, Holland, Poland, Norway and Greece, trusting in the strength and good neighborliness of the United States, will similarly lend their support to the democratic cause.

Of necessity Russia will have to move and adjust itself accordingly. The United States, in other words, has it within its power to compel the major peoples of the world to unite for the maintenance of peace and the making of a better world.

That the British, endlessly wise in the art of political divination, realize that they must link themselves in considerable permanency with the United States and/or Russia is made plain in Winston Churchill's March 21st address in which he suggested the organization of regional councils for Europe and Asia with the obvious inference that a similar council of Western Hemisphere nations, possibly an American Union, would follow as a natural consequence. Clearly, the three regional councils, European, Asiatic and New World, would join in a powerful world organization which would establish and maintain world law and order.

It will be a great temptation to political charlatans to sell a weedy postwar electorate a brand of isolationism which, similar to that which followed the last war, contributed so generously to the making of the present war. To achieve such a nefarious purpose in all manner of demagogues may be expected to join up under a single banner for the purpose of sabotaging world liberalism, including the subversives, isolationists, fascists, anti-laborites, anti-Semites, frontiers, shirtless, klanners and plain racketeers.

To the credit of the intelligent leadership of both major political parties and to the good fortune of Americans, defeat of the hopes of democratic peoples the world over will only be over the dead political bodies of such Republican leaders as Willkie and Stassen and such Democratic Party stalwarts as Roosevelt and Wallace.

BEG IT, or borrow it, or buy it... but READ IT! "Is Germany Incurable?" by Richard M. Brinkner, M.D. (Lippincott). A psychiatric treatise on the German people. A keen analysis of the influences which make the Germans a recurring and ruthless menace to peace and security.

VIA THE GRAPEVINE... CZECHOSLOVAKIA. Production of completed aircraft in the so-called Protectorate of Bohemia and Moravia has been halted by German authorities because of their inability to stop sabotage. BELGIUM. Occupation troops have thrown a cordon around several quarters of Brussels following the killing of five German army officers including two senior officers... THE NETHERLANDS. Five Catholic priests accused of opposing mobilization orders have been arrested in The Hague by the Gestapo... NORWAY. Six Norwegian civilians have been seized as hostages following the explosion of a time bomb on a German transport ship in Trondheim harbor... POLAND. The division of food distribution into three different groups according to the working capacities of the consumers has been instituted by the German authorities.

STRATEGY DEPT. The best military guess is that Hitler, his military back all but against the wall, may attempt one final fling in an effort to wrest victory from the United Nations. Best opinion is that the all-out effort, into which the Nazis will put their every available ounce of energy, will be against the British Isles. The Nazis are approximately in military.

the same military "no man's land" that the Kaiser was in 1918 when Hindenburg moved out on the last German offensive that almost, but not quite, broke the steel ring which surrounded it. At best Hitler has but one more summer in which he may win the war. Thereafter he can only attempt to prevent the United Nations from winning it.

WORD-EATING DEPT. "The Anglo-American offensive cannot materialize on account of the scarcity of tonnage" (Radio Friesland, April 9, 1942)... "On land, at sea and in the air, in Europe, Asia and Africa, the British, Americans and Russians have lost the initiative and have to watch day by day the exhaustion of their land, naval and aerial potential." (Radio Rome, April 10, 1942)... "Not much is left of the British Empire and what is left will soon be lost as well. Air superiority will decide the war. Our enemies will never be able to achieve this, so they cannot win the war." (Radio Frankfurt, April 10, 1942).

INSIDE-STRAIGHT: Mexico's readying a military mission to Africa to study Allied fighting methods... Brig. Gen. Thomas H. Greer, who has just been transferred from Hawaii where he was executive officer to the Military Governor, is in line for the post in Africa and Italy for which LaGuardia was slated; or else he will work with LaGuardia... Blones in England are almost nonexistent due to chemical shortages... It's a bet that hot dogs won't be sold at ball games this summer... The French island of Guadeloupe will break away from Vichy control almost any day... Winston Churchill's way concerning new great American victories in the Pacific... The O. W. I. faces a stiff fight from Congress within a few weeks... China will soon announce the streamlining of its armaments and will receive better equipment and supplies.

ONE OF HOSTESSES AT NURSING SCHOOL

Miss Edith Rushforth, formerly of 376 Ward st., Newton Centre, now a student in the Household Nursing Training School for Attendant Nurses in Boston, was one of the hostesses on Tuesday when the students entertained at luncheon the seniors from the Simmons College School of Nursing.

One purpose of this meeting was to create better understanding between these two important nursing groups which will in the future be working closely together. Through a combined household and hospital training, the attendant nurses are being prepared to care for civilians in their homes and are also being more widely used in public health services and hospitals.

POLITICS WITH COLOR

By P. W. C.

Spangler vs. Walker

A better caption might be "A Fourth Term." However, it occurs to me that many of my readers may not know who these two distinguished gentlemen are, despite their political prominence. Harrison E. Spangler is the chairman of the Republican National Committee and Frank C. Walker, better known, probably, as Postmaster General, is the chairman of the Democratic National Committee. Of late, these two men have been indulging in a public discussion relative to the length and breadth of the Presidential campaign in 1944. Mr. Walker proposes a rather brief campaign and Mr. Spangler indicates that he agrees in principle PROVIDED that the Democrats will agree to eliminate Mr. Roosevelt from the picture by guaranteeing that he will decline to run to succeed himself. Needless to state, Mr. Walker does not have any intention whatsoever of making such a guarantee. Altho' I have no access to the inner circles of the Democracy, either here or elsewhere, I would gladly wager my shirt or even all my shirts, that Mr. Roosevelt is planning to run for a fourth term and that all except a few Southern Democrats are even now prepared to step one side for him. If that is correct, it is obvious that it would be a Godsend to the Democracy if the G. O. P. could be inveigled into sponsoring a very short campaign. Such a campaign would make it difficult to educate the general public against a fourth term. Also, it would make it necessary for the Republicans to move rapidly in their tremendous task of securing unity within their ranks and building up whatever candidate the lightning may strike.

At this point let me digress for a moment. The Republicans would have a fairly simple problem if all hands would unite on the man who appears, even now, to be the people's choice, namely, Wendell L. Willkie. He has had a perfectly tremendous build-up already, both as the 1940 candidate and as a word-wide figure of substantial influence ever since 1940. Unfortunately, however, there are many, many so-called G. O. P. leaders throughout the country who appear to be more interested in blocking Willkie than they are in promoting him. That, of course, is their privilege IF they can produce a better man to fight against Mr. Roosevelt's fourth term. How in the world they figure that they can do any such thing is what puzzles and worries your columnist. Gov. Dewey of New York, who was most unpopular with some of the same group who have always been still a confirmed isolationist, is suddenly receiving favorable notice from the "block Willkie" crowd. That is curious, is it not? He is the same Dewey as before. As for Senator Taft of Ohio, it is utterly impossible for me to visualize the nomination of this estimable statesman. He is as colorless as clear water and is still a confirmed isolationist. The Republicans might as well engage a funeral parlor right now if they plan to put him over at the convention. Gov. Stassen will be up in the Navy. Gov. Bricker of Ohio tries to be all things to all people and nobody has the slightest idea what he thinks about any national issue of importance. He is of course, committed to a policy of rigid economy and general governmental efficiency. So should everybody. He is undoubtedly a very good governor. That, however, may also be said of our own Governor Saltonstall, even tho' he did pass favorably on the legislative raid on the state treasury. (Yes, "the Boys" now have another three hundred and sixty smackers, as Bill Cunningham would say.) There are a great many good Republican governors in the country today. Gov. Sewall of Maine is more than just good. A G. O. P. candidate for the Presidency should, in my opinion, be rather more than just a good governor. He should be well known nationally. He should have definite and intelligent views on all current international problems. He should have a strong and pleasing personality. He should have the health and strength to wage a long and strenuous campaign. He should have a strong appeal to independent voters and, if possible, to regular Democrats.

Well, think it over. Who, apart from Willkie, fills the bill? Our own Governor comes closer than most of them, but he would require ten times the build-up that Willkie would, if nominated. Let's consider the Democrats for a moment. If you leave Mr. Roosevelt out of the picture, what do you have? Practically nothing. Jim Farley might love to have the nomination, but he has a very, very slim chance. If nom-

inated, he would never be elected and the Democrats know that. So does Jim Farley. Paul McNutt has been rating around in a number of important jobs. He has exalted ambition and supreme self-confidence. What else? The important Southern Senators are all in disfavor with the White House for obvious reasons. Cordell Hull is much too old and may not last much longer as Secretary of State. The various chairmen of the various important committees, rubber oil, etc., will become more and more unpopular as time goes on. What can the Democrats do, then, but give Mr. Roosevelt his fourth term?

It seems to me that we have now come to a vitally important cross-road. A fourth term could easily lead to a fifth and a fifth to a sixth. Then we would have a political dynasty. How many of us want anything like that?

Next week I propose to give the fourth-term situation a thorough going-over.

GUEST IN "GOOD MORNING LADIES" BROADCAST

Mrs. Harry Michaels, 29 Priscilla rd., Newton, was the guest of Priscilla Fortescue on her "Good Morning, Ladies" broadcast of Friday, April 9, at 9:00 a. m.

Mrs. Michaels is president of the Boston Chapter of Hadassah,

Washington—Prodded by spring weather now prevailing in the Capital, the cherry blossoms, which in peacetime draw thousands of visitors, have broken out in full bloom to give war-crowded Washington a slight touch of spring fever. The blossoms this year are called Oriental or Korean—but not Japanese. Everywhere the green of the first shoots are appearing on the trees. But only a few people linger to watch. In this wartime Capital, people are too occupied to notice the signs of spring.

There is no missing the fact, however, that spring has stepped up the war tempo. One just feels it, although there is nothing on the surface to show what's in the wind. So your reporters turn to reports emanating from Berlin. These show signs of promise—to the German people—that no point in the area they dominate is safe from the thunderous raids of the R. A. F. and U. S. airmen. We also draw certain conclusions from the statement by Nazi officials that no details of any kind would be released on the raids on Berlin. The Nazis further reveal that Allied paratroopers are landing in Norway, France, the Netherlands, and that British and American saboteurs are being aided and sheltered by the natives. All of which can only point to the simple fact that spring and good fighting weather is near.

According to information recently uncovered by the National Council of American Shipbuilders, the first salute flag of the United States received from a foreign power was rendered at Quibron Bay, France.

The flag to win the salute flew proudly from the mast of the frigate Ranger, Captain Paul Jones commanding. The Ranger was one of the new ships of the line of the United States Navy, the newest nation in the world and about the most fireless.

Jones may have gambled a bit in first ordering a salute. Had not the salute been promptly returned Captain Paul Jones would have found himself in a most humiliating position.

White smoke drifted lazily from the guns of the Ranger and Captain Jones and his men stood at attention. Their nerves were tense as they waited.

There were no answering thunder of heavy guns from the French frigate. Nine explosions rolled across the harbor and the men of both ships cheered loud and lustily.

Thus was history made. The date was February 14, 1778. For the first time the flag of the United States had received a salute from a foreign power—France!

In New York City last week 120 chuck hardy French citizens, many of them veterans of the first and second World Wars, en-

trained for Fort Benning, Ga. It was the first contingent of Frenchmen to enlist here for service with General Henry Giraud in North Africa.

To Americans, this contingent symbolized the determination of other Frenchmen, now held in slavery by Hitler, to win their freedom alongside their old comrades in arms.

To this small but truly representative vanguard of liberty-loving Frenchmen, Americans look with hope and pride in the knowledge that millions of their compatriots at home are anxiously awaiting the day when they too will gather round the standards of the United States and the United Nations with the cry of "Vive La France libre."

WALTER PIERCE REPORTS: Keep an eye on Northern Europe. Spring means fighting weather in Norway... And watch Sicily, where Rommel must land if he can make his get away. Sicilians, most of whom have relatives in the United States detest the Nazis, will give Rommel and his army plenty of headaches if and when they land there... Another spot to watch is Spaine. Hitler may yet attempt to flank our African armies with a drive through Franco's land, and give the United Nations the chance they're probably hoping for—to invade Europe through Gibraltar.

Not only the war, but the replacement... It is also wearing down the Luftwaffe and disturbing German morale... Local politicians are discussing Tom Dewey and '44 despite the New York Governor's disavowals of interest in the mayoral race in the event of a Willkie-Bricker stalemate... You can take the story of General MacArthur's generals pleading for a few flying fortresses with a grain of salt. It stands to reason that while discussing the war, the war in the Pacific, a request for all the war equipment possible would be made... The fact is that while the Pacific area is getting fortified, Germany still remains No. 1 on the enemy list... Japan will be busy ransacking the Pacific. F. D. R. is definitely looking into the good graces of Congress—by not pressing for too many domestic reforms... His appointments of Chester Davis and Prentiss Brown have the approval of the various Congresses... Many power estimates show that war not be necessary to draft men from the 38-45 group for military service... And only 800,000 out of the more than 6,000,000 married men with children need be drafted this year. Many, however, will be called for war work.

Want Land Put In Residential Zone Here

A petition has been filed at the Newton City Hall by the Purity-Crystal Ice Company asking that land located between Norwood ave. and Crystal Lake, bounded by Norwood ave., land of the Boston and Albany Railroad, Crystal Lake and land now or formerly of E. Louise Burke which is now in the manufacturing zone, be changed to the general residence zone.

Th's land was formerly the site of an ice house on the shore of Crystal Lake. It is not yet known what plans the petitioners have for development of this property but the change to general residence zone would restrict its use to single or two family houses or apartment houses.

Residents of that section were in favor two years ago of having the city acquire the land for a park as a memorial to Samuel F. Smith, author of "America."

Hear Talk On Building A Club

William G. Read, Field Secretary of the Savings Bank Life Insurance Council, was the speaker at the last meeting of the Newton Lions Club, Mr. Read, a Past President of the National Council, Y.M.C.A., spoke on "Building a Club", a topic in which the members of this newest Service Club are most interested. Drawing from a wealth of personal experience, he outlined many inexpensive and of immeasurable benefit. He particularly emphasized the value of a strong main objective in which all would be enthusiastic, and which at the same time, would be of value to the community.

It was announced that the speaker for the meeting on April 22nd would be Mr. F. Brittain Kennedy, Mr. Kennedy is well known in Newton ARP Circles and will speak on "Financing the War," a subject in which he is well versed from his daily contact in the financial world.

Dr. Herbert J. Gezork, Professor of Social Ethics at Andover Newton Theological School and Wellesley College, Rev. George M. Lapoint, Minister of Channing Church will conduct the service; the organist will be Mr. Albert Herling and the soloist, Mr. William J. Brown.

Charles D. Kepner Resigns From Camp Committee

Served As Chairman of Camp Frank A. Day Since 1916

Mr. Charles D. Kepner, one of the founders of Camp Frank A. Day, who has been chairman of the Camp Committee throughout its history, announced his retirement to the Board of Directors of the Newton Y.M.C.A. at their meeting last week. In 1916, along with a group of several other men, he helped to choose the site for what is now one of the outstanding boys' camps in New England.

CHARLES D. KEPNER

Mr. Kepner was largely instrumental in raising the initial funds for the camp and through the years has guided its policy along on a firm financial and program basis. During his years of leadership over twelve hundred different boys have attended the camp.

The Board of Directors accepted Mr. Kepner's resignation as chairman with regret, but received his promise that he would continue as part of the management group. President Frederick S. Ba-

HENRY T. DUNKER

con, in announcing the resignation, expressed keen regret in losing Mr. Kepner from this important post.

As his successor, Mr. Henry T. Dunker, active in local boy activities and a member of the Board of Directors of both the Newton and Boston Y.M.C.A.'s, agreed to accept the chairmanship. Mr. Dunker is well acquainted with boy life in Newton, having served as Scout Commissioner until just recently.

Camp Frank A. Day will open this year on Wednesday, June 30th, and continue for nine weeks. Enrollments are fast coming in. Camp Director Samuel H. Johnson announced that a good portion of the camp personnel have been secured and that every effort is being made to complete the organization within the next few weeks.

—Mrs. Frank G. Wilson attended the annual convention of the Massachusetts state chapter P. E. O. (Provide Educational Opportunities) at the University Club Monday evening when she recalled early memories of the P. E. O. of which she has been a member for 50 years.

12,000 Gardens In The Newtons Predicted

William R. Cole Points Out Great Interest In Victory Garden Movement

By Sally Mirliss

"Newton will have 12,000 gardens this year," prophesied William R. Cole in his speech at the Victory Garden rally in Newton High, Wednesday, April 14.

"Home gardens will provide 60 per cent of the nation's fruit and vegetable supply for domestic consumption. Thousands of families will have their own Victory gardens all over the country."

Mr. Cole explained that "Of all food crops raised last year by farmers, the government has earmarked 35 per cent. Of all canned products—50 per cent."

"Anything, therefore, that can be grown in this district is necessary, and of value."

The Newtonville Improvement Association, besides sponsoring Mr. Cole, provided a display of Victory Garden information booths in the High School gymnasium. Mr. William R. Mattson, chairman of the meeting, arranged for the following men and women to answer the questions of onlookers: Mrs. Edgar S. Burkhardt, and Mrs. Mae Mahady for Candy and Food Preserving, Mrs. George W. Hinman and Mrs. Barbara Favour for Nutrition, Mr. William Tomlinson for Garden Pests, Mr. Mathew F. Ruane for Planting, Mr. Wilson for Land available for planting, and C. R. Mason for Bird Life.

Each of the booths displayed samples and written material relative to its subject. Mr. Wilson, in the land available for planting booth, had a large, detailed map of the city of Newton tacked to the wall, upon which empty city lots were marked in red. He also had with him the necessary papers to be signed before the land might be used.

In the planting section, Mr. Ruane had a large wooden box within which were a number of living, growing plant samples. C. R. Mason at the Bird booth had the largest collection of information and interesting pamphlets. And in the center of the gym was a beautiful, 3 dimensional, oil painting of an ideal Victory Garden. In front of the picture stood 2 miniature gardeners—a man and his wife—their tools, the harvested vegetables, and the canned products.

Information volunteered by Mr. Cole and the authorities of the booths concerning the development of victory gardens included:

What To Grow
The most important vegetable for the home gardener is the tomato. No other crop gives as much food and as valuable food for the money, time, and labor invested. Tomatoes, too, are easily canned.

Other vitamin laden musts are: snap beans, carrots, cabbages, radishes, lettuce and beans, sweet potatoes, potatoes and sweet corn are also among the best energy foods, but are not recommended for the small garden because they require considerable space.

Ration point values for canned vegetables should be considered when deciding which crops to grow. One tomato plant is equal to 48 points. Kentucky Wonder snap beans carry 10 points per hill. Carrots and beets are 10 points to the foot of row and Spin-

Hints for Successful Gardening
Make every foot of land work all the time. Grow short season vegetables before, after, or with the long season crops. Grow fast growing crops between the rows of slower growing crops.

Plant more seed than is required. Make the rows straight. Do not crowd.

Home Storage—Dehydration and Canning
For successful storage, the vegetables must be mature and free from cuts, bruises and injuries from insects or diseases.

Because of the shortage of tin, dehydration, or drying, is being used widely and successfully. Cabbage, onions, carrots and sweet potatoes can be dehydrated on a large scale.

ach and Swiss chard are 8 points to the foot of row.

Tools
During wartime metals and tools are scarce. Only minimum requirements should be bought and all tools should be kept clean and well-oiled.

A hoe, a spade, and a rake are the only essentials.

Plans for Gardens
Approximately 1000 square feet of garden for each person should determine the size of the plot.

The average back yard garden of 1500 square feet will produce about 300 pounds of vegetables. To support the normal family 3200 square feet are needed—and if canning, stocking, and preserving are planned, 5000 square feet are essential.

A 5000 square foot garden to run smoothly requires about 200 hours of labor covering about 200 working days. A conscientious one hour per day should take care of the labor problem.

If possible, a sunny area, away from trees, should be chosen. Your own backyard is first choice, but next best is sharing land, labor and produce with a neighbor. If neither of those is possible, the community garden can be as effective.

Preparation and Fertilization
The soil should be plowed or spaded to a depth of at least 8 inches.

The best way to improve the soil is by adding barnyard manure each year. If no manure is available, humus should be added. If little manure or humus is used, fertilizer is necessary. The only chemical fertilizer available to the home gardener this year is the Victory Garden Fertilizer which can be used only for food production.

Cultivation should be shallow and frequent enough to thoroughly control the weeds.

Pest Control
Clean culture, proper garden management and the use of sprays will control plant diseases such as mildew and blight, and insect pests such as the Japanese Beetle, the Cabbage worm, and the European corn-borer.

A hand duster or a small knapsack sprayer is the only tool necessary. Covering all parts of the plant with the dust or spray is essential if complete control is desired.

A COENNER OF HYDRANGEA DISPLAY AT RUANE'S ANNUAL FLOWER SHOW

At least 60 per cent of all the lilies in New England are now at the greenhouse of Mathew F. Ruane, 77 Walnut st., where his 31st annual flower show is being held this week.

Having organized the greenhouse in 1910, Mr. Ruane offered his first flower show in 1912, and has been continuing ever since. "People like flowers—and I'm here to see that they can get them," he declared.

In the doorway of the hot-house is a medley of flower arrange-

ments. Nothing has been omitted. Easter lilies stand tall and straight beside yellow jonquils and red roses. Ferns are there—and even a few tulips, Azaleas, snapdragons, petunias—name them all, and you will find them.

Spring has come to that greenhouse, all the colors of the rainbow have come; only the warm wind is missing.

In one corner is an artificial fish pond surrounded by masses of flowers and growth—and with trout swimming about.

Modeled vases of Pinocchio, a dutch couple, a country boy stand

about on sills inviting themselves to be purchased.

Mr. Ruane attributes the plentiful supply and choice selection to his "cash and carry" system. Because of the gas shortage, he cannot deliver as many of the orders as he used to. So, he offers a minimum reduction of \$5.00 on all plants if the customer will call for his own purchase.

Growing only about 1 per cent of his total salable merchandise, Mr. Ruane buys from many growers. His method is to pay a premium for the choicest flowers, and to sell at a smaller margin than most other houses. "I believe in volume" is his answer.

On the 3½ acres surrounding the house are grown 600,000 annuals for use as summer flowers, in funerals, hospitals, weddings, and churches. Also cultivated are tomato, lettuce, onion, cabbage and broccoli plants for the Victory gardener.

When all the grounds are blooming in midsummer, Mr. Ruane says that "artists are out here almost every day sketching, camera fiends are taking color movies, and people are strolling up and down the walks."

Before the war, most of the lilies were imported from the Japanese island of Formosa, and three-fourths of a million tulip bulbs were brought from Holland.

Robert G. Murphy of 117 Edinboro st., who has been promoted to corporal at Amarillo, Texas, of the Army Air Forces, has been transferred to San Diego, Cal., for additional training.

Today, however, he must rely on the U.S.A. and himself. He has not been disappointed.

In the past, Mr. Ruane has donated the use of his greenhouse to various card parties, provided the purpose of the party was to contribute funds to some worthy charity. He found that women in particular liked the place because it was "unique" and had fragrant, balmy odors as background.

GARDENING FOR VICTORY

MORE THAN VEGETABLES come out of a victory garden. There is wholesome exercise—neighborliness with the gardener next door—and the fresh clean power and outlook drawn from simple things which set us walking and breathing freely once more.

The more fresh food we raise at home the more we can send to our fighting boys and our hungry allies—the more each of our homes will have to eat. Victory gardening is not only a national service, it is a world necessity.

The soil which we can pick up in handfuls and run through our fingers is worth more than gold. It is our basic wealth. For those who have gotten away from the soil and for those who never could leave it, the pleasure of growing things is the same. Whether we have a ten-by-ten city plot or a 100 acres the rich spiritual rewards of the soil are the same. One man called gardening "a constructive job in a destructive age."

As America gets back her love for the soil, she gets back her deepest national strength. The soil re-enacts the miracle of Easter under our very eyes. As we come to love the soil, we begin to remember God.

"Earth is God's living workman. Age by age Abundantly it turns death into life."

Garden clubs, newspapers, radio stations can furnish attractive instructions to the new gardener and helpful hints to the experienced gardener. The other qualifications of a victory gardener are hard work, patience and love of America. These are the qualities that made America great. These same qualities in all of us will make her victorious.

Letters To The Editor

Editor, Newton Graphic:

April 20, 1943.

May we express to you and to the Citizens of Newton our sincere appreciation for their fine cooperation in purchasing their War Stamps and Bonds at one of our booths during the drive for the Aircraft Rescue Boat.

The 21 days' drive which ended on April 19th exceeded our expectation—not one boat but three will be built to the credit of Newton's Citizens.

The amount sold was \$200,318.25.

This WEEK, This WORLD

by Ted Friend

THE EXECUTION of the Polish labor leaders, Ehrlich and Alter, by the Soviet government, betrays a schism in the ranks of the United Nations people, which unless corrected by a major ideological operation, will grow greater and more dangerous as the war comes into its final stages.

The legal murder of Ehrlich and Alter has deep significance. For one thing it is a direct blow at the free labor movements as organized in the democratic countries, which have historically proved themselves anti-fascist. For another, it is a step in the direction of eliminating Polish intellectuals who would be a political nuisance when the peace conference reached the task of re-constituting of the conquered nations, the Polish Republic among them.

But regrettable as was the killing of Ehrlich and Alter when viewed in the light of much needed United Nations unity, more regrettable and certainly more unethical, was the supreme lip service paid by American Communists leaders in the Red whitewashing campaign which followed announcement of the executions. Hewing to its established line of reflecting official Moscow opinion, even when essential facts are not available to it, American Communists again showed their moral and social bankruptcy by standing aloof at the side of the executioners though labor leaders and liberals the world over denounced the Soviet's Star Chamber killings.

Instituting its customary smear campaign, in the wake of its customary rubber-stamp approval of Soviet action, American Communist leadership heaped slurs upon American working men who refused to be stampeded into approving the killing of Ehrlich and Alter. The smear campaign reached its height after David Dubinsky, president of the International Ladies Garment Workers, denounced the executions as a "black crime". Speaking at a mass meeting at which scores of outstanding American liberals were present, Dubinsky said, "As free American citizens, as workers and as democrats, in registering our fiery protest against their execution, we shall assert and re-assert to the end of time our unshakable belief in their innocence and their saintly idealism. Ehrlich and Alter died as martyrs. They died because even at the price of life itself they would not renounce their convictions, the principles of a free democratic world."

The execution of labor leaders Ehrlich and Alter by the Soviets is clinching evidence that, in spite

of the comradeship in arms thrust upon it by a war which finds the United States and Russia fighting the same aggressor, America must give the Soviets no blank check on the future. Military aid must continue to go forth, because it is to the best American interest for it to do so, but insofar as it is possible political value-received must be demanded in return.

In any case, though American Communists and their stooges may never allow themselves the luxury of becoming aware of it, the Ehrlich and Alter killings were meat and substance for pro-Fascist forces in the United States, the Copperheads, subversives, Frontiers, Bundists, confusionists and Klanners among them.

BEG IT, or borrow it, or buy it "BUT READ IT!" "One World" by Wendell L. Willkie (Simon & Schuster) . . . A stirring report on the round the world war-time pilgrimage which brought the 1940 Republican Party standard bearer into personal contact with the leaders of major United Nations countries, including Churchill, Chiang Kai-shek and Stalin.

QUOTE OF THE MONTH CLUB: "One of the most encouraging examples of the readiness to make sacrifices and of the spirit of cooperation has been the attitude of both labor and management under self rule. There are a few exceptions, of course. There have been some unwarranted strikes—some bad absentee situations have arisen—some isolated but ugly instances of misconduct in industry have occurred. But such cases are merely bubbles on the tidal wave of the American war effort. Except for those few regrettable exceptions, management and labor throughout the nation are staying on the job voluntarily and working in cooperation with the government to win the war. That is strong testimony to the realism and sincerity of purpose of the American people." DONALD M. NELSON, Chairman of the War Production Board.

THE SHAPE OF THINGS TO COME: . . . The meat packing industry will soon reach an agreement to govern prices and marketing procedure. . . Shipbuilder Kaiser notwithstanding, steel magnates insist that western steel plants are impractical. . . Iceland will hit the front pages soon as a possible springboard to Norway and Finland. . . Bicycle rationing will be discontinued within 90 days. . . F. D. R. is seeking a head for the new office of civilian supply. Joseph P. Kennedy has already turned down the job. . . Transportation will be rationed in July.

Nutrition Course Plans Complete

Mrs. Joseph Bishop, chairman, and Mrs. Charles Haney, vice-chairman, of Nutrition Aides of Newton Red Cross, have completed plans to enroll members for the new corps. They are communicating with everyone who has completed the standard nutrition course and who has not signed up for work in the Can-Teen and Dietitian Aides Corps, and are asking them to get in touch with the village subcommittee. Members of the Nutrition Aides Corps will be given the opportunity to volunteer at least 30 hours' service to the community, and will assist in many civic projects.

Village subcommittees are: Mrs. John I. Hebeck, Auburndale; Mrs. Henry Condon, Newton; Mrs. O. E. Stephenson, Newton Centre; Miss Mary Stark, Newton Highlands; Mrs. Harold Buser, Lower Falls; Mrs. H. T. Sprague, Upper Falls; Mrs. Walter P. Phillips, Newtonville; Mrs. W. S. Weldon, Nonantum; Mrs. G. W. McCree, Oak Bluffs; Mrs. F. J. Fisher, Waban; and Mrs. L. E. Conannon, West Newton.

Annual Meeting Of Improvement Assn Planned April 29

The Newton Highlands Improvement Association will hold its annual meeting at the Newton Highlands Woman's Club Workshop, Thursday, Apr. 29th, at 8 p. m. The speakers will be the chairman of the Newton War Price and Rationing Board, William B. Baker, general chairman; Harold F. Tracy, chairman gasoline and tires panel; Elliott B. Church, chairman fuel oil panel, and John F. Wheelock, chairman of the foods panel. The public is invited to attend.

Y.M.C.A. BRIDGE

Among those who have made reservations for the Easter Monday dessert bridge to be held in the Newton Y Auditorium, April 26, at 1:30 are: Mrs. Frank A. Day, Mrs. Frederick S. Bacon, Mrs. Arnold C. Barker, Mrs. Vernon B. Swett, Mrs. Kendall Woodrough, Mrs. Thomas Cleveland, Mrs. J. H. Stackhouse, Mrs. C. N. Stone, Mrs. Alexander Skakle, Mrs. Nelson R. Scott, Mrs. Chester F. Smith and Mrs. Raymond B. Lado.

Truck Company No. 1 Newtonville, has received their new exercise wagon, built by McVicar of Auburndale. It is a good specimen of his work, and a new wagon has long been needed by this company.

The new fire escapes on the Adams School building, Newtonville, are very satisfactory. The children are trained to leave the school by this means in case of an alarm, and in the trials made they have all got out very quickly.

John Pulsifer is having an addition built to his shop in Newton Lower Falls, which will also enlarge the paint-shop of Robbins & Healy, and will be a great improvement.

One of the local quartets has struck. Its members want pay for vocalization. Just now, it is a kind of a lock out without much prospect of heavy financial returns.

Cut this out. Good for one soda from Thorn's new fountain (Auburndale).

The Patterson block is being moved to its new location on Hartford st., Newton Highlands, well freighted with passengers and merchandise.

A service flag, containing 460 stars, was dedicated with appropriate exercises by the Newton Classical High School yesterday. Included in the 460 names of graduates and under-graduates of the school who are now in the United States service, are 180 commissioned officers, a record which but very few, if any other, school can equal.

German propagandists have been busy since the entry of the U. S. into the war. Falsehoods of every character have been spread with the idea of abusing the confidence of the American people.

Men In Service

Robert E. Lavery formerly of Newton has been commissioned a lieutenant in the Marine Corps, somewhere in the South Pacific, where he has been for over a year.

An Eagle Scout, graduated from Newton High School and the University of Maine, he enlisted in the Marines, Jan. 8th, 1942, was promoted from a corporal to lieutenant, field commission, in March, 1943. His parents, Mr. and Mrs. E. S. Lavery, reside at 31 Institution ave., Newton Centre.

Richard C. Lillie, 19, 12 Magnolia ave., Newton, Mass., was included in a group of 672 Bluejackets graduated from the service schools at the U. S. Naval Training Station at Great Lakes, Ill., April 19. A graduate of the school for Torpedomen he awaits assignment to duty with the fleet or at a shore station. He may become a petty officer upon gaining further experience and passing a qualifying examination.

He has received 16 weeks of instruction in the duties of his specialty under the supervision of an experienced chief petty officer. He was selected to attend the school upon making high grades in school and in the physical training during his "boot" training. Courses in 19 of the 51 trades used in the U. S. Navy are taught in service schools at Great Lakes.

John S. Hay, son of Mr. and Mrs. Edgar P. Hay of 13 Warwick rd., is undergoing Aviation Cadet Training at Perrin Field, Texas.

Private William A. Spiers, Jr., U. S. M. C., son of Mr. and Mrs. William A. Spiers of 15 Nonantum st., Newton, has been transferred from Quantico, Virginia, to the Naval Ammunition Depot, Marine Barracks, Hastings, Neb. He enlisted in the Marine Corps last December.

Second Lieutenant Kenneth C. Pailler, 23, son of Mr. and Mrs. Eugene Carl Pailler of 21 Prospect Park, Newtonville, Mass., recently reported to Greenwood Army Air Field, Greenwood, Miss., where he has been assigned as an instructor in basic flight training on the staff of Col. Joel E. Mallory, commanding officer.

Lt. Pailler is a specialist in twin-engine airplanes. He won his commission and Silver Wings March 25, 1943, at Blytheville, Arkansas, where he attended the advanced twin-engine flying school.

Lieutenant Pailler has a brother Donald, now an Ensign at Groton, Conn.

Women In Service

Miss Josephine Michaelis of 126 Beethoven ave., Waban, left last Monday for active service with the WAACs at Camp Devens. She held the rank of lieutenant in the Massachusetts Defense Corps. Miss Michaelis is a daughter of Mrs. Gertrude Bodding of the above address. She is a graduate of Newton High School, Class of '35.

Miss Dorothy Mae Veducchio, daughter of Police Captain and Mrs. Nicholas Veducchio of 30 Riverdale ave., Newton, was sworn in as a member of the WAACs on Saturday at the headquarters of the First Service Command of the U. S. Army, Commonwealth ave., Boston.

Miss Veducchio is 23 years of age, a graduate of the Newton High School and has been employed in a defense plant in Newton. She expects to be called to duty in about two weeks.

Margot Ruth Dwight, 21, daughter of Mr. and Mrs. Herbert B. Dwight, 24 Ricker rd., Newton, graduated from a five-week indoctrination course at the Naval Training School, Women's Reserve, on the campus of Iowa State Teachers College, Cedar Falls, Iowa, on April 2.

Sponsors Calendar Social April 28th

The Women's Guild of the Church of the Messiah, Auburndale, is sponsoring a Calendar Social to be held Wednesday evening, April 28th, at 8 o'clock in the Auburndale Club House. There will be an excellent entertainment and refreshments.

The committee in charge consists of Mrs. M. Millie Boardley, chairman; Mrs. Norman Phipps, Mrs. Carrie Goring and Mrs. Anna Everett. Reservations may be made through any of the members.

LASELL JUNIOR COLLEGE

Miss Anne McKenzie of Sears Roebuck & Company was the speaker at a meeting of the retail training students on Tuesday afternoon.

Mr. Harrison Laken gave a lecture on North Africa at the Friday assembly.

Miss Mary Sawyer, of the Physical Education Department, will represent the college at the New Haven Lassell Club luncheon on Saturday.

POLITICS WITH COLOR

By P. W. C.

The Fourth Term Issue

The text for today is Harrison E. Spangler's statement in the March issue of The Republican, the national party magazine of the G. O. P. I quote it in full:

"The Republican party must be awake and on its guard as never before in its history. The Fourth Term is upon us with the shirt-tail riders and the bureaucrats, faced with loss of their jobs, in full cry to build a permanent occupancy of the White House.

"We are thus faced with something utterly foreign to American history and experience. We have no precedent for it, no tradition that justifies it. The prolonged presidency established a new political institution in American life, the dynasty. It perpetuates a power in office for so extended a period as to lessen the representative nature of our Republic.

"Our solemn obligation is to repel this attack upon the sanctity of our political system. And that means we cannot let the New Deal schemers work in darkness as they did in 1939 to obtain the Third Term nomination.

"They will seek to tell the country: 'You must not change horses in mid-stream.' The country will reply: 'We will change horses. We want a willing work horse, one trained to do his job, and not a fractious bronco that runs through every gate that it sees, particularly those opening to the Left.'"

I have used up a lot of space in quoting the entire statement because it is a vitally important pronouncement. Coming from no less an authority than the new chairman of the Republican National Committee, it may be assumed that it represents the considered judgment of the biggest G. O. P. leaders throughout the country. Presumably, it is the keynote of the 1944 campaign. Let us, therefore, examine it closely and consider the effect which it is likely to have on the rank and file of voters all over the country, regardless of normal party affiliation.

First of all, let's be absolutely honest about this entire subject. We must admit that there are three classes of voters who will read this statement and be influenced by it. Ardent Roosevelt followers and unswerving Democrats will probably vote for the President anyway. The rest of us fall into three categories. First come those who are unalterably bitter to a fourth term on general principles. These voters would doubtless vote against any incumbent, regardless of his merit and regardless of party affiliation. Secondly, we have those who have always been hostile to Mr. Roosevelt and who have never voted for him because they distrust his handling of purely domestic issues. Also, many of these people, if they are honest, will have to admit that they have an intense personal dislike for the President. Their opposition to the fourth term will be a smoke-screen to cover up their real reason for fighting him. Thirdly, we have that very large body of voters who will have mixed motives behind their bitter opposition to another term. These voters are quite sincerely opposed to an apparently unending succession of presidential terms. They honestly believe that it represents the creation of a political dynasty in this country and they want no part of it. However, these same people are also getting a bit fed up with the now familiar Roosevelt technique. To use an old phrase, they want much more business in government and a whole lot less government in business. They want fewer Madame Perkinses and more Donald Nelsons. They want more Baruch and Byrnes appointments and less Flynns. They want more assurance that the freedom of bite press is NOT seriously threatened; that the radio will continue to be free in its discussion of purely domestic policies; that presidential errors will occasionally be corrected before too much serious damage has been done; that labor leaders will eventually be told where to head in and that government by directives will not entirely supersede government by legislation.

What I am trying to say is that hundreds of thousands of us will have definitely mixed motives when we put in our modest oars in an endeavor to head off a Fourth term. Even so, it has amazed me to discover that Mr. Roosevelt has accomplished so much in the past ten and a half years in the White House that quite a few Republicans in this sector are still undecided as to what stand they should take. Unquestionably, some of them are going to fall for the "Don't swap horses in mid-stream" argument.

Now, what are some of the weak points in the Spangler statement? In the first place, all bureaucrats are not necessarily utterly selfish and unpatriotic. All of us undoubtedly know some perfectly respectable citizens who work hard for their pay in Washington. They doubtless wish to hold their positions, if possible, but it is not fair to state that they will do anything and everything to hang on. Again, it seems to me that the opponents of a fourth term should remember that our President glories in breaking precedents. He is a miracle-worker when it comes to tossing precedents into the ash-can. Let us remember that there was no precedent for a Third term, either. How much difference did it make? Of course, as time goes on, it might become harder and harder to secure an election. Nevertheless, I think that it might be well to use as

WASHINGTON, April 19—Herr Dr. Goebbels' propaganda department has suddenly discovered that the United States, Britain and the French under Giraud are an even greater menace to Nazi Germany than is Bolshevik Russia. Unless all signs deceive, this change of heart is due to the apparent stalemate in the East and Rommel's last-ditch stand to stave off the inevitable invasion of Europe.

Germany knows that the United Nations intend to carry the war on to German soil. Where and when? Only the Allies' inner staff knows. There is a general belief in Washington military circles that the zero hour will be conditioned by the end of operations in North Africa. And it seems apparent that Germany, having failed to beat Russia before the threatened invasion, cannot now hope to defeat Russia but merely hold the Reds at bay—if she can—while she deflects troops, material and planes from the East to strengthen the defenses of her "European fortress". The second front the Nazis scoffed at only a few months ago, has become a tangible reality.

And the Russians, who for a while bore the brunt of the struggle alone, and bemoaning their fate, are now proclaiming their appreciation of their allies' efforts.

Therefore, your correspondents are in full agreement with Dr. Goebbels. The allied armies in the west HAVE become Nazi Germany's No. 1 enemies; and while the major part of her job remains to be done, the cost in blood G. O. P. leaders throughout the country. Presumably, it is the keynote of the 1944 campaign. Let us, therefore, examine it closely and consider the effect which it is likely to have on the rank and file of voters all over the country, regardless of normal party affiliation.

Every method of publicity known to America has been enlisted to help the Treasury Department to put over the \$13,000,000,000 Victory Loan campaign. According to the Department it is estimated that the daily and weekly newspapers of the country will carry more lines of war bond drive advertising than was ever used in the promotion of any product in a similar period.

This second War Loan drive should be handsomely oversubscribed, and as you sign up for your share during the remaining days of April, remember that the success or failure of this second War Loan will be watched closely by our enemies as well as our Allies. They will be interested in the manner in which we support our battles. By buying an extra bond we will show that we are in the fight too. So buy those extra bonds, even by sacrificing and foregoing some of the things you have been planning to buy during April. We cannot be more tender with our dollars than with the lives of our fighting men.

According to the Magazine of Wall Street a lot of people are asking "Are we going to have inflation?" That is like asking—in the midst of a brisk shower—whether it is going to rain. We are already having inflation. The only

many other arguments as possible. The worst crack which Spangler makes comes in his closing paragraph. Here he slips up badly. Just read that last sentence carefully and give it your most earnest thought. Frankly, I can't find anything right about it. Spangler says that we want a "willing work horse" and one trained to do his job." Common fairness demands that Mr. Roosevelt be given full credit for being a 100 per cent willing work horse. Who does Mr. Spangler know who would work any harder for over ten years? And who does Mr. Spangler know who has had better training for the task at hand? The "fractious bronco" crack is mighty poor taste to say the least; furthermore, I don't think it is a correct characterization. I'd like to bet that Hitler, Tojo and I Duce rate Mr. Roosevelt a whole lot higher than that.

No. The opposition to Mr. Roosevelt will have to do better than Mr. Spangler has done in his statement if it hopes to remove Mr. Roosevelt from the White House.

COMMUNITY SERVICE CLUB OF WEST NEWTON

The Annual Meeting of the Community Service Club of West Newton will be held on Wednesday, April 28 in The Second Church. Dessert and coffee will be served at 1:30 p.m. and will be followed by the business meeting and election of officers. Mrs. William E. Worcester will preside. A Book Review on current publications of interest will feature the entertainment for the afternoon.

Dessert arrangements are being made by Mrs. F. H. Fowle and Mrs. Morgan Hurley, and tickets may be obtained from Mrs. Maurice E. Peters, Chairman of Ways and Means, and her committee, Mrs. Edward S. Abbott, Mrs. Frank E. Barton, Mrs. Thomas Cooper, Jr., Mrs. George E. Cummings, Miss Eleanor Hall, and Mrs. J. W. S. Hammond, Mrs. G. G. Jewett, Mrs. John Knowlton, Mrs. E. W. Pride, and Mrs. Chester Wilcox.

pertinent question now is how far it will be allowed to go. Only the Government can answer that question, because how much more inflation there is to come in the people's cost of living depends almost entirely on the vigor and resolution with which the Government's economic and financial controls are maintained and extended.

If you are not aware that inflation is already with us, note the Department of Commerce estimate that the consuming public spent \$81,900,000,000 for goods and services in 1942 or \$7,300,000,000 more than in 1941—but got no more for their money on the whole than the year before. In short, the increased spending merely pushed prices up. The cost of living rose 9.8 per cent more, but the cost of goods (Conference Board index) was 9.8 per cent higher than in 1941. The fact that it was a neck-and-neck race is deceptive. This year there is still more money for consumers to spend but much less goods than last year.

The lesson is very clear. In the problem of inflation control the most difficult period is still ahead of us. The present controls leave much to be desired so far as effectiveness is concerned—yet even these remain under persistent attack by certain blocs in Congress.

WALTER PIERCE REPORTS:

...The silly charges that President Roosevelt refuses to treat Russia as an equal will be refuted to the hilt by the acceptance of the President's invitation to join United Nations leaders at a conference table. . . . The ever-increasing bombings of Germany's industrial centers is steadily draining away the Germans' one-time fanatic belief in Hitler's invincibility. Many strategists believe that German morale will crack before the end of 1943. . . . 131 of the world's leading mathematicians, driven out of Germany by the Nazis in the last few years, are "assisting Hitler in the development of the U. S. as a great mathematical center of the world." . . . Those who are concerned with the whereabouts of U. S. planes may receive the answer in the near future. Our production has gone above 3,000 combat planes a month for several months. Over 2,000 new planes during 1942. Only few have seen actual combat service thus far. . . . The Treasury at one time was willing to approve a certain measure of tax forgiveness. Something may yet come of it, although the Administration will continue to fight the Ruml plan as excessive. Better plan on a modest basis for forgiveness. . . . Secretary Hull will accept of thony Eden

Miss Harriett Evelyn Locke, daughter of Mr. and Mrs. Edgar A. Locke of 122 Adena rd., West Newton, was married to Hugh Gordon Buchanan, son of Mr. and Mrs. Hugh M. Buchanan of Cambridge on Thursday, April 15. The eight o'clock, double ring ceremony was performed by Rev. H. Robert Smith, D.D., in the Grace Episcopal Church, Newton. A reception followed in the Parish House.

The bride wore a princess gown of white satin brocade with a long veil of net caught to a tiara and she carried a bouquet of white gardenias. Miss Elsie West, maid of honor, wore blue taffeta and carried pink roses. Mrs. Locke was given in white chiffon print while Mrs. Buchanan wore blue chiffon with lace inserts.

The bride graduated in 1937 from the Newton High School and from the Higgins Business School. Mr. Buchanan graduated from the Cambridge High and Latin School, Boston University and the Stern College. Mr. and Mrs. Buchanan will be at home after April 22 at 73 Empire st., Brighton.

BURNS—REGAN

In the Church of Our Lady, Newton, on Tuesday, April 6, Miss Margaret L. Regan became the bride of Pfc. James L. Burns, U. S. A. The bride is the daughter of Mr. and Mrs. Thomas F. Regan of 43 Bowers st., Newtonville, and the groom is the son of Mrs. John T. Burns, Jr., of 411 Newtonville ave., Newtonville.

Miss Mary Regan was the maid of honor for her sister and Edward F. Burns was the best man for his brother. Pvt. and Mrs. Burns were both graduates of the Newton High School. Pfc. Burns has returned to the Army Air Base at Greenville, S. C.

HAFFERMEHL—VAHEY

Mrs. Ruth Dill Vahey, of Newton, announces the marriage of her daughter, Beverly Beard, to Lt. George T. Haffermehl, U. S. Army Air Forces, son of Mr. and Mrs. L. V. Haffermehl, of Newton Center.

The wedding took place on Mar. 23rd in St. Paul's Episcopal church, Columbus, Mississippi.

The bride was graduated from Edgewood Park Jr. College in New York with the class of 1942.

Lt. Haffermehl is now stationed with the 34th Bombardment Group, in Blythe, California.

WHITTEN—SEYMOUR

Mr. and Mrs. Edmund S. Whitten of 11 Owaisa rd., Waban, announce the marriage of their son, Captain Hollis Whitten, U. S. Navy, to Miss Ruth Jeanette Seymour of Coronado, California. Captain and Mrs. Whitten expect to visit in Waban soon.

A TRIBUTE

For many years there has lived in our midst a colored woman (Mrs. Clarice Pottinger), who had earned her living as a laundress, and whose life had been spent in doing good deeds.

Of her hard earnings she gave to everyone she asked. The American Legion, The Disabled Veterans, The Community Chest, private individuals that she heard of and many sick and sad persons have received cheery cards from her.

On April 7th she entered her Heavenly Home and great must be her reward.

A FRIEND

CHARLES F. WARD

Charles F. Ward, a former resident of Newton Centre, and a member of one of the pioneer families of Newton, died on Friday, April 16, at the home of his son, Charles F. Ward, Jr., at Monticomey, West Virginia.

Mr. Ward was in his 80th year. He was born in Newton of the ninth generation of his family to have settled in Newton in 1639.

He was a market gardener before his retirement about 15 years ago. Surviving him are his son, Charles F. Ward, Jr., of Monticomey, West Virginia; a daughter, Miss Elvira Ward of Washington, D. C.; a brother, Frederick Ward of Newtonville, and two sisters, Mrs. Florence A. Proctor of Oakland, Calif., and Miss Caroline R. Ward of Los Angeles, California.

Funeral services were held at Montgomery and burial was in the Newton Cemetery.

Surviving her are her husband; two daughters, Mrs. John Murray of Brighton and Mrs. William McManus of Newton, and one son, Pfc. Eugene Frehill of Camp Gordon, Georgia.

No. 1 in a Series on "How to Keep 'em Working"

How to take good care of your electric refrigerator

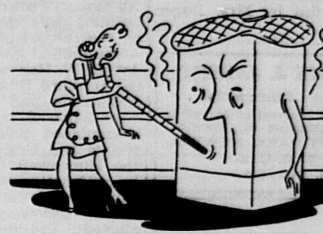

Let foods cool. Steaming hot foods should not be placed in the refrigerator as this increases the temperature and causes the motor to work overtime. Give them sufficient time to cool.

Don't overload refrigerator. Jamming food into compartments prevents proper circulation of air. Every time you open the door the temperature is raised and the motor works longer.

Remove ice trays carefully. Using a sharp instrument to pry or force trays free may chip or puncture the freezing compartment and entail costly repairs. If trays get stuck, try defrosting.

Maintain even temperature. Your refrigerator was designed to preserve foods—not to freeze them. Running it on "HIGH" can damage the foods as well as overwork the motor.

Funeral services were held from her home on Friday morning, April 16, at 9 o'clock by Rev. James E. Fahey assisted by Rev. Daniel F. Riordan, deacon, and Rev. Thomas P. Fallon, subdeacon. Burial was in Calvary Cemetery, Waltham.

FRANK OSMON BARBER

Frank Osmon Barber, who died at his home, 26 Maple ave., Newton, April 20th, was born June 2, 1858, in South Tamworth, New Hampshire. He was the son of Rev. Daniel W. Barber, a Methodist minister and member of the New Hampshire Conference of that Church, and Mrs. Barber. He moved to Newton with his family at the age of 14 years. He became a member of the Newton Methodist Church in 1873, and for the past 70 years had been very prominent in its activities and interests, especially in its Church School and Young People's work.

He taught the same class of boys for over 20 years, carrying them through adolescence, into manhood and their life work. Mr. Barber's business career was spent entirely in various phases of the hardware business. For a number of years he owned and operated Barber Brothers Hardware Store at Newton Corner.

Funeral services were held in the Newton Methodist Church, Wednesday afternoon, April 21st, with Rev. Charles T. Allen, the pastor, and Rev. William Gunter, Superintendent of the Boston District of the Methodist Church, and a former pastor, officiating. Interment was at the Newton Cemetery.

He leaves a wife, the former Caroline Bertha Hamlin, and three children, Earle H. and Dana H., of Reading, Mass., and Mrs. Albert W. Derbyshire, of Detroit, Mich. There are also three grandchildren.

LOUISE V. GREEN

Mrs. Louise V. Green, wife of Joseph V. Green of 253 Church st., Newton, died on Sunday, April 18, following a long illness.

Mrs. Green was in her 67th year. She was born in Italy and had been a resident of Newton for many years.

Surviving her are her husband; a son, Thomas A. Green of Newton, and a daughter, Mrs. Louise Bartel of Newton Centre.

Funeral services were held on Wednesday morning. A solemn requiem mass was celebrated in the Church of Our Lady, Newton, at 9 o'clock.

GEORGE C. TENNEY

Funeral services for George C. Tenney of 12 Cochituate rd., Newton Highlands, were held on Thursday morning, April 8, from

his home. A requiem high mass was celebrated in St. Philip Neri Church, Waban, at 10 o'clock. Burial was in Evergreen Cemetery, Elizabeth, N. J.

Mr. Tenney died on Monday, April 5. He was in his 53rd year and was born in Elizabeth, New Jersey, the son of George C. and Elizabeth (Hensler) Tenney. After graduating from the Stevens Institute of Technology, Hoboken, N. J., he entered the field of automobile engineering. He had served as wholesale manager of the Packard Motor Car Company in New England; general sales manager of the Locomobile Co. of America, Inc., in Bridgeport; general sales manager of Marmon Motor Company in Indianapolis and was wholesale manager for the Harry B. Liggett Company of Boston, Studebaker distributor when he entered the U. S. Army last year as a civilian employee and served as chief of the small arms branch of the Boston Ordnance District of the War Department. He was a veteran of World War I having served as a captain with the Army Ordnance Corps.

He is survived by his wife, Mrs. Margaret (Wadsworth) Tenney; a sister, Miss Grace Tenney, and a brother, Walter Tenney, both of Elizabeth, N. J.

FREDERICK F. WILLIAMS

Masonic funeral services for Frederick Freeman Williams, for 26 years trainmaster of the Boston & Albany Railroad, a 32nd degree Mason and a member of the Aleppo Temple, were held April 16 at the Newton Cemetery Chapel, conducted by Dalhousie Lodge, A. F. & A. M.

He was born at Eau Claire, Wis., Jan. 30, 1877, and began his railroad career of almost 50 years working for the Fall Brook Railroad, now part of the New York Central System, in western New York State. For a time he was connected with the N. Y. N. H. & R. R., and then became associated with the B. & A. R. R., working up through the Operating Department, to the position of senior trainmaster. He was well known for his keen mind and analytical ability and at the time of his sudden death was attending a conference with other officials at the North Station, B. & M. R. R.

His particular hobbies were hunting and skeet and he was a member of several such organizations.

Surviving him are his wife, Mrs. A. Maude (Van de Bogert) Williams; two daughters, Miss Ruth Williams and Mrs. Henry Shaw of Weston, and a grandson, Frederick Carleton Shaw.

Interment was at Geneva, N. Y., on Saturday afternoon, April 17.

Newton in Sports

Getting off to a fine start in the Suburban baseball league with successive day wins over former champion Arlington 1-0 and Cambridge Latin 5-3 last Thursday and Friday at Dickinson Stadium, the Newton High nine leads all others in the 1943 race for the title. Last year the Orange and Black finished third.

It was Captain Dick Rhodes who paced the Coach Jeff Jones team in their opening win. Although Arlington out hit the Orange 9-4, the veteran twirler kept hits well scattered and several times stemmed Arlington threats with steady 8th and 9th inning pitching. Newton garnered their first tally in the initial frame when Chuck Bryson walked and Noel Roberts pushed him home with a lusty three bagger to left field.

Catcher Roberts and short stopper Ed Bryant led the Newton team in their opening win.

In their next day game the Orange and Black met Cambridge Latin and turned them back 5-3 only after Wes Hayes relieved twirler Joe McManus in the 7th inning, with the bases loaded and the score tied at 3 all. Wes made his first better out in a double play and fanned the next batter to end the scoring session. The Cambridge outfit made two that frame but Newton came back and got one in their half of the 7th and another in the 8th to clinch the game. Hayes got credit for the win.

It was pitcher McManus who led the hitting and runs batting in parade with a double and single knocking in the first three runs. Recco, Gorman, Peck and Carr got one hit apiece. The opponent again out hit Newton 9-6. Newton plays Watertown at Watertown Wednesday, April 28th, in their third game of the season.

At the High School, the 1943 football schedule was announced by faculty manager of athletics, Ralph Sanborn. It reads as follows: Sept. 25, Rindge; Oct. 2, at Melrose; 9 at Brockton; 16, Malden; 23, Watertown; 30, at Medford; Nov. 6, Quincy; 13, Waltham; Thanksgiving Day, at Brookline. Thus only three games are away. Six are at home.

Along with a football schedule comes a current track record. Mr. Sanborn releases the popular Thursday quadrangular meet schedule at spacious Dickinson Stadium for Newton's undefeated champion indoor under team.

The champion outdoor squad will have 3 big meets with 9 other schools on successive Thursdays beginning April 29. In this way opponents can have a pretty fair schedule themselves in three teams meeting the same day. And with transportation difficulties, the quadrangular "get-together" allows fewer trips and shorter ones for the opposition.

With this carnival life, the coming track season should be a bright fancy and interesting one. Besides, sports fans like to see more than two teams competing in an ordinary dual race. Four should provide some outstanding running and colorful meets. The schedule is as follows:

On April 29th—Newton has extended invitations to Concord High, Mechanic Arts and Public Latin.

On May 6—Rindge Tech, Malden and Belmont.

On May 13—Medford, Boston English and Brookline.

Newton boys who are making good at neighboring colleges in the baseball sport are Jim O'Neil (B. U.), Jay Gleason and Jerry Callahan (Harvard), Walter Hurley (NU) and Bill Byrnes (BC).

The latter is the kid brother to the former Boston College great "Bullet" Byrnes who also played with the big leaguers.

In the Charlestown Senior Division Boys' Club Tournament an All Scholastic hoop team made up of Suburban Greater Boston, North and South Shore league players were swishing-easy-by through the first two play-off

CIVILIAN DEFENSE

The Executive Committee of the Newton Committee on Public Safety announces with regret the resignation of Howard L. Rich of Newton as Executive Secretary. Mr. Rich leaves this work to take an industrial position and carries with him the best wishes of all the Divisions and Services with whom he has worked efficiently for many months.

The committee is fortunate in being able to announce the appointment of another public spirited citizen to serve as Executive Secretary. John F. Wheelock of Auburndale will assume these duties on Monday, April 26th. Mr. Wheelock has been giving generously of his time as a member of the Newton Rationing Board. He has been a Post Warden, Village Warden and Deputy Chief Warden and for the time being, at least, will continue to serve in the last capacity.

Sydney B. Holden, Testing Director, made his initial report on the results of the recent practice alerts held in all villages, at a meeting of the Village Wardens on Monday evening of this week. The wardens in all sections of the city showed a marked improvement in clearly reporting the air raid damage which was supposed to have taken place in their areas. The picture incidents which were developed by T. E. Jewell, Jr., Training Director, and painted by Post Warden VanCruze of Oak Hill as a part of the Warden's training program were again used

in an interesting manner. The "off shift" wardens acting as testers presented to some of the wardens on duty, picture card incidents which were to represent the damage done within their areas. Using an actual location within their areas the wardens reported the air raid damage as pictured on the cards. When these messages were received at the Report Center the appropriate services were actually dispatched to the scenes of the incidents.

Mr. Holden announced that a further report on the performance of the various Services would be given at a meeting of the heads of the Protection Division to be held on Monday, April 26th.

A new series of practice alerts will take place about the middle of May. In this series one half of the city will be tested at one time instead of two villages as in the recent tests. Two of the four alerts planned will be held on Sunday afternoons which will give the citizens of Newton an opportunity to see their ARP services in action.

Wm. V. M. Fawcett, Director of the Protection Division, announces the arrival of a small shipment of civilian gas masks which the Army has allocated to Newton for training purposes. A detailed plan for the training of ARP personnel and civilians will be announced in the near future.

Is Reported As Missing In Action

Flight Sgt. Richard deBourke, son of Mr. and Mrs. Patrick J. deBourke of 36 Floral st., Newton Highlands, a member of the "Sharktooth Squadron" of the Royal Canadian Air Forces was reported as missing in action in a dispatch received from Ottawa, Canada on Monday.

Sgt. deBourke, a graduate of the Sacred Heart High School in Newton Center, and winner of a C. A. scholarship, received his pilot's license on his 21st birthday. He joined the Canadian Air Forces in 1940 when because of not having a college education he was unable to join the American Air Forces. Last August he was wounded when his plane was shot down and spent some time in a hospital.

Members of Newton "Gallon Club"

CHARTER MEMBERS RECEIVE BADGE OF HONOR
Left to right—Donald D. McKay, Mrs. C. Terry Collens, chairman Newton Red Cross Blood Donor Committee, Arthur A. Hunt and Mrs. Daniel Lavery

If you have given blood donations eight times you are entitled to membership in the new "Gallon Club" according to Mrs. C. Terry Collens, chairman of Blood Donor Registration for the Newton Red Cross. "Gallon Club" members have their names inscribed on the roll of honor at the Newton Chapter House, and are given a special ribbon badge to wear under their blood donor pins. Charter members of the new club include Mr. Arthur A. Hunt of Auburndale, Mrs. Daniel Lavery of Newton Highlands and Mr. Donald D. McKay of Newton Center.

Mrs. Collens says that a "Half-Gallon Club" has also been formed for those Newton donors who have given blood four or more times at the Boston Collection Center. The members of this club will also be given a ribbon identification to wear under the pins. Eligible for membership in this club are Mrs. J. K. Billingsley of Newton Center; Mr. Charles Laing of West Newton; Mrs. Arthur MacDaniel of Lowell Falls; Miss Helen A. Sullivan and Mrs. A. L. Wilson of Auburndale; and Miss M. Bird, Miss Althea Miller, and Mr. and Mrs. Jack London of Newton.

Mrs. Collens urges anyone in

Newton who is eligible for membership in either the "Half-Gallon Club" or "Gallon Club"—that is, anyone who has given blood four times or more—to communicate with her at the Red Cross Chapter House, Lasell 6000, so that they may receive the membership ribbons and have their names put on the roll of honor.

NINE POLICE CARS TO BE TRADED IN

Chief Michael T. Hughes of the Newton Police Department has announced that nine of the police cars are being traded in for new machines. Seven of these cars have been used as cruisers and the other two have been used by the inspector's office.

The seven machines used by the traffic bureau will not be turned in as the mileage they have covered is comparatively low. Rationing certificates for the new cars have been granted to the department and the new cars will be put into use as soon as the radio equipment from the old cars can be transferred.

An appropriation of \$6,988.61 was made for the purchase of these new cars in the Police Department budget.

To Be Given Real Farm Training

Fifty selected boys of junior high school age from the schools of Newton and other Greater Boston cities and towns are to be given a four weeks' course of practical farming training this summer at The Farm and Trades School, according to the announcement of the Headmaster William M. Meacham. The fundamental purpose is to aid in the war effort.

This private school for well-recommended boys was established in 1914, and has been located on Thompson's Island, in Boston Harbor, since its purchase in 1932, and with an area of 157 acres is well equipped to make this step as another of its pioneer movements in practical education.

A pioneer in woodworking and printing, and in the establishment of the first boys' band, it was also the first school in America to adopt farm training as a basis of practical education for boys, and it had a well-organized program of culture many years before such work was recognized as fundamental in the lives of youth.

Here a textbook on agriculture was published in 1941 and the Boston Public Library has the only known copy in existence, as an example of America's first textbook of lower than college grade agriculture.

The Farm and Trades School produces all its milk from its herd of 50 prize Guernseys and all its eggs from a laying flock of 600, as well as most of its vegetables, fruit, beef, pork and poultry. The boys work with a staff of trained farm instructors in this great production and in the butchering and cutting of meat and processing milk in the modern dairy at this farm school.

This new summer program will give more boys the opportunity of having basic farm training. The boys will live at the school in the new dormitories provided largely by funds from the Charles Hayden Foundation. Several hours each day will be devoted to swimming, athletics, scouting, and band music.

PRESENTED PADDY REILLY HERO MEDAL

"Mike," 18-year-old bull terrier, who formerly appeared in the Our Gang comedy movies, and who is now owned by Mr. and Mrs. George F. Foster of 80 Berkeley st., West Newton, was presented the Paddy Reilly hero medal on Saturday morning on the steps of the Newton City Hall. Miss Rhoda White of 37 Sargent st., Newton, made the presentation.

This medal is awarded each year to a dog that has done some heroic deed in honor of a dog "Paddy" who in his lifetime saved 44 persons and 9 animals and was himself awarded 22 medals.

"Mike" was instrumental in saving the life of a dog who had been trapped in a well near the Foster home, and was rescued when "Mike's" master followed him to the well, after he had tried persistently for three days to call attention to the animal's plight.

NEW DIETITIAN AIDE UNIT AT NEWTON HOSPITAL

A group of Dietitian Aides finished their training at the Newton Hospital on April 2, it has been announced by the chairman of that Corps for the Newton Red Cross, Mrs. H. W. Fitts. Included in the Unit are Mrs. Daniel Scott, Miss Mary E. Jenkins, Mrs. John E. Gordon, Mrs. F. Russell Briggs, Mrs. J. Edmund Doherty, Mrs. Herbert C. Muther, Mrs. Wallace E. Allen, Mrs. Abbott Spear, Mrs. R. Leo Cohen, Mrs. Grant Van Gundy, Mrs. William E. Mackay, Mrs. Philip H. Gorman, Mrs. H. E. Rowley, Mrs. John J. Silver, Mrs. Reuben Parritz and Mrs. Walter Marston.

Because of the continued shortage of labor at the Hospital, another group will be started almost at once. The next Unit will begin training about May 1 and anyone with a Nutrition certificate is eligible to become a member of the Corps.

BRIGADIER-GENERAL LEWIS ADDRESSES NEWTON BANKERS

Introduced by George W. Sweet, President of the Newton Bankers' Association, Brigadier-General Burton O. Lewis, Chief of the Boston Ordnance District, spoke to more than 100 Newton Bankers at the annual meeting of the Association held at the Brae Burn Country Club, April 14, 1943.

General Lewis brought out very effectively the rapid growth in the production of ordnance materials since the start of the war, and illustrated graphically the tremendous increase in funds expended for this purpose. He also spoke of the problems in connection with the negotiation for manufacture and purchase of the many Ordnance items needed by the United States Army, and commended highly the fine cooperation of industry in this tremendous task.

Mayor Paul M. Goddard, discussing the "City of Newton in War Time," spoke of the excellent work being done in connection with the war effort by the many organizations and individuals in the city and employees of the city departments.

Officers elected for the coming year were: President, Warren W. Oliver, Treasurer, Newton Cooperative Bank; Vice-President, George L. White, Trust Officer, Newton Trust Company; Secretary, Kenneth W. Rogers, Asst. Treasurer, West Newton Savings Bank; Treasurer, William H. Wragg, Treasurer, Newton Centre Savings Bank.

NEWTON ARCHERY CLUB

Newton Archers Spring Tournament—Monday, April 19th. This was an invitational meet with archers participating from Worcester, Waltham and Melrose Clubs. There is, of course, quite a number less people attending now because of transportation problems and many were working.

The very cold temperature with the high biting, raw wind played havoc with trying to control a bow and arrow and when the hail began to fall in the afternoon we were forced to abandon the field—so the scores are based on an incomplete score.

Chester Shedd of Waltham served as Field Captain.

Sale For The Blind Is Held

A spirit of enthusiasm and co-operation prevailed at the special meeting of committees in charge of the Sale for the Blind which was held on Tuesday morning, April 20th, at the Newton Centre Woman's Club.

Under the auspices of the Newton Federation of Women's Clubs and the leadership of Mrs. Elmore I. MacPhie and Mrs. Alden H. Speare, co-chairmen, the sale brings together all the church groups and women's clubs of the Newtons and Needham in a great common effort to help the blind help themselves.

Mrs. Speare, president of the Federation, opened the meeting with a brief word of greeting and then introduced Miss Rose E. Trainer of the State Division of the Blind. Miss Trainer, Director of Sales, a graduate of the Perkins Institute for the Blind and of the State Teachers' College, expressed appreciation of the cordial welcome and assistance always given to her work by the women of Newton in these annual sales. She has been organizing sales throughout Massachusetts since 1936 and before that in New York state and on Long Island.

In spite of existing conditions, Miss Trainer said that the prices would be very slightly higher on some articles and about the same on most things, though supplies in towels, aprons, pewter and copperware would be somewhat limited. She told of the contribution to the war effort being made by many blind persons who have been able to go out into industry and of those doing knitting for the Red Cross and others contributing as blood donors, but she emphasized the fact that sales will always be needed for the many home workers who are not fortunate enough to be able to do this. She pointed out that work for the civilian blind laid the foundation for the rehabilitation work necessary for the war blind and will again play a large part after the present conflict.

There will be no other sale for the blind in or around Boston during this spring, so this will be the only opportunity to purchase needed household articles and gifts as well as to help in a worthy cause. Funds resulting from the sale go to the blind makers of the articles sold.

The last executive board meeting for this season of the Newton Federation will be held on Monday morning, April 26th, at 10:15 o'clock in the Clavin School, (Wooden Building), the headquarters of the All Newton Music School, an associate member of the Federation.

Mrs. Alden S. Speare, president, will preside and business of the morning will include announcements and plans for the annual luncheon and meeting to be held on May 10, as well as the usual reports from committee chairmen and delegates of the associate members.

Milk and milk products form 25 per cent of the 1,500 pounds of the principal foods consumed each year by the average American.

—They Didn't Remember
A Maine owner of a small outfit of foxes reports that of 896 persons who snapped pictures of them and promised that if good they would send him a print, not one has ever turned in a photograph.

—Determined Woman
Among those who attended a Ladies' Aid meeting in Gorham, Maine, was Mrs. Eva Roberts of Fort Hill, who had driven a horse seven miles in a blinding snowstorm and holding her six-weeks-old baby in her lap.

Three Firsts for Wyoming
Wyoming contains the first national park, first national monument and first national forest ever set aside. They are Yellowstone National park, Devil's Tower National monument and Shoshone National Forest.

Before Heating Season Arrives
Before the heating season begins, heating engineers say to clean firebox, remove excess fly-ash from re-tort, clean and paint hopper, and lubricate stoker.

NEWTON MEN ENTER TUFTS MEDICAL COLLEGE AND DENTAL SCHOOL
Four Newton students have entered Tufts Medical School, Boston, and two students from Newton have entered Tufts Dental School, in the terms which began this month under the accelerated war-time program.
The medical students are Edward R. Browne, who graduated from Holy Cross College, Lloyd B. Chaisson, and Sumner H. Hoffman, who are graduates of Tufts College of Liberal Arts, and William A. McLellan, who graduated from Bowdoin College.
The two dental students are R. J. Muse, graduate of Boston College, and D. W. Manchester, graduate of Northeastern College.

NEWCOMERS CLUB TO HOLD LUNCHEON
The Newton Newcomers Club are to have a luncheon meeting at the Hotel Kenmore on Wednesday, April 28th at 12:30 o'clock.
Mrs. Joseph P. Maloney will be in charge of the affair. Assisting on her committee are: Mrs. William Thomas, Mrs. Robert L. Ridel and Mrs. Lee Groner.
Mrs. Maloney plans to have spring flowers for the tables.
Because of many varied outside war activities which the club members are now engaged in and the gas rationing program, this luncheon will be the first diversion since last Fall and consequently, the committee expect a large attendance.
After luncheon is served, the members will play bridge. Many "special" prizes are to be awarded.

NEWTON DISTRICT NURSING ASSOCIATION

The dental problem as it presents itself in the daily work of the District Nurse, was the main topic at the April meeting of the Newton District Nursing Association, held at headquarters, 297 Walnut st., Newtonville.

Mrs. Louis Arnold presented an historical summary on the dental care problem as it has been handled in Newton. At one time it was hoped that a dental clinic would be established through the efforts of the Newton Community Council, at the already existing clinic for children at City Hall. This was not possible, however, due to the inability to use city property for what might seem to be a private enterprise. Mrs. Joseph B. Jameison, Chairman of the Education Committee, reported on a survey made on the pre- and post-natal dental care found necessary by the District Nurse, and stated that the problem confronting the Nursing Association is that of finding facilities for dental care for older children and adults.

Further information on this subject was added by the speaker of the morning, Miss Phyllis Guibby, City Dental Hygienist. She gave a most illuminating and interesting account of her work in connection with the pre-school conferences and in the elementary schools.

It is to be regretted that the clinic for children up to the 6th grade, now conducted at City Hall, is not available to adults and to Junior and Senior High School students.

NEWTON LEAGUE OF WOMEN VOTERS TO HOLD ANNUAL MEETING

Mrs. S. Bruce Black of Kent rd., Waban, is opening her home, Monday afternoon, at two o'clock, to the Newton League of Women Voters for its April meeting. At this time, which is the annual meeting, the Committee Chairmen will explain what the League has been doing during the past months and will present some of the issues and measures that lie ahead for consideration and action. The proposed program of the Massachusetts League of Women Voters will be presented and discussed, and recommendations made to the State Board. After the election of officers for the coming year, tea will be served by the hospitality committee, headed by Mrs. William H. Seymour. Mrs. Walter H. Hartstone and Mrs. H. C. Bronsdon will pour.

Faculty Concert To Entertain Children

Dance forms, both ancient and modern, will comprise the greater portion of the program of a children's concert to be presented by faculty members of the All Newton Music School on Monday, May 3rd, at 4 p. m., in the Clafin School, Wooden Building, Newtonville.

Teachers who will play include Beulah Bell, Ilona Camp, Virginia Kenway, Lillian Mudgett, and Lillian West of the piano department; Irene Forte and Mary Scipione of the violin department; and Norma Olson, cello teacher. Although the program has been prepared especially for the young students of the Music School, it will be of interest to all music lovers and the public is cordially invited. No tickets are necessary, but because of limited seating capacity, it is requested that those desiring to attend will call the school office, Lasell 1754, to allow for adequate seating arrangements.

The program will be as follows:

- Part One**
Early American Dances:
Minuet danced before General Washington (1792)

THE HUMAN COMEDY

By Lenore Duboff

A large audience of movie magicians, newspapermen and army officers viewed the Boston premiere of William Saroyan's "The Human Comedy" last week in the Uptown Theatre. It was a gala event in the history of moving picture showings, and the audience was promised a picture down to earth with its eyes on the stars.

The program writers would have been much more truthful had they announced a movie some place up in the stars with its eyes on a select few on the earth. For Saroyan, as usual, had viewed life through a pair of tinted glasses, selecting what masquerades as the typical small town family to present his sloppy sentiment and unfit moralizing.

Actually, "The Human Comedy" was a series of short scenes revolving around the comings and goings of the Macaulay family. A successful job on that idea was accomplished in "Our Town," but Saroyan's Book-of-the-Month masterpiece fell far short of the mark. Each scene had its own sermon to deliver, and after a while one began to feel like a heathen who was being converted to a new way of thinking in spite of himself because of the persistence of the agitator.

But occasionally, when the audience was allowed to forget purification of the soul for an instant, the particular merits, or rather demerits, of the cast stood out. Fay Bainter, in her usual role of the understanding mother, wore the sheepish smile of the martyr who glories in her sorrows throughout the whole picture. There is no doubt that she was particularly suited for such a part in such a picture. Any realism at all that may be found in the movie was the vice of drinking that characterized Willie Grogan, played by Frank Morgan. Even then the moral came shining through. Mr. Grogan died partly from old age but mostly from overindulgence.

But even these characters, with their righteousness or moralizing, were tolerable, until Saroyan delves into the portrayal of the rich. Here one shuddered with disgust at the impossibility of such silliness and feigned stupidity symbolizing the "idle rich." The characterization of the "spoiled girl," Dianna Steed, could not possibly be a medium for truly good acting. We can only wait for future pictures of Marsha Hunt that

Pauline Madden of the MARINES; Lt. Elizabeth E. Patz and Auxiliary Laura Shupe of the WAACS.

WAR ECONOMY MESSAGE— NEWTON LEAGUE OF WOMEN VOTERS

Lend-Lease Makes Good

Lend-lease helps the United States carry war to all fronts. Russians have attacked the enemy in American-built planes.

Chinese have struck at Japanese-occupied territory in American fighter planes. Britons have smashed at Rommel's forces in General Sherman tanks.

Indian factories have turned steel into shells with American tools.

Lend-lease gives to the United States as well as takes from it.

Britain rushed anti-aircraft guns to the Panama Canal and sent barrage balloons to guard the California coast when the Japs struck at Pearl Harbor.

Two-thirds of the warships and transports used in our North African landings were furnished by Britain—160 British Spitfires, 100 miles of portable airfield runway, 130 reconnaissance boats, over a half million anti-tank mines and grenades.

Australia and New Zealand are facing serious food shortages in order to feed American troops. Australia has supplied: 26 million pounds of meat; 20 million pounds of potatoes; 25 million pounds of fruit; 5 1/2 million quarts of milk.

New Zealand has supplied: 16 million pounds of meat; 1 1/2 million dozen eggs; 2 million pounds of butter; 3 million pounds of sugar.

Britain has turned over 16 hotels to the United States for Army Headquarters Staffs—hotels fully equipped, heated and staffed. Our troops are housed in barracks heated five degrees above the temperature permitted to the English troops.

Our troops in India, Egypt, the Middle East, North Africa, Iceland, and the Fiji Islands are receiving supplies from our allies. Great Britain is furnishing food, fuel, medical supplies and millions of blankets and socks; is providing our troops with transportation, housing, hospitals, air fields, repair depots, etc.

Lend-lease money is spent in the United States.

Much lend-lease money has gone to American farmers, laborers and businessmen who have produced the food, the planes, the tanks, the ships and the supplies.

\$550 million of lend-lease money has been spent to build and expand American plants—Ford tank and aircraft factories at Willow Run, Dearborn and High Park, the Chrysler tank arsenal, the Boeing Douglas, Bell Aircraft, various shipyards.

Lend-lease money has helped to develop American processes for dehydrating foods. Eggs, milk and meat are being shipped in powdered form to our troops and allies, saving vital shipping space for tanks, planes, guns.

Lend-lease is not the major cause of food shortages. Chief causes of food shortages have been: Increased size of the Army and Navy (a soldier eats 25 per cent more than a civilian). Increased civilian demands (due to higher incomes).

Only 7 per cent of the U. S. food output in 1942 was exported under lend-lease. 1943 demands will be much higher. Per cent of some products lend-leased was high, others low. For example:

	Per cent U. S. supply
Meats	5.0
Butter7
Cheese	23.0
Eggs	10.0
Canned vegetables8
Canned fruits and juices	1.7

Uniforms which have outlived their usefulness in heavy duty with the British armed forces are redistributed and dyed, and then distributed to farmers for work clothes.

Prof. A. P. Tuttle Gives Garden Talk

Professor Alden P. Tuttle gave the first of two progressive lectures on Victory Gardening on April 14 at the Boston Consolidated Gas Co. His talk was entertaining as well as instructive and many questions were asked after class.

Classes will continue to be held each Wednesday afternoon on Gardening, Canning and food preservation. Also, living under rationing restrictions.

On April 28 a demonstration on bread-making will be included in the afternoon's activities.

On May 12 at 8 o'clock in the evening at this same location there will be held a V Garden question and answer meeting, which should be very instructive and entertaining.

12 Don'ts For All Victory Gardeners

The War Information Division of the office of United States Regional Director Joseph M. Loughlin, First Civilian Defense Area, with headquarters in Boston, co-operating with other government agencies, has issued a list of 12 "don'ts" for victory gardeners. The "don'ts" follow:

1. Don't start what you can't finish. Abandoned gardens are a waste of materials and labor.
2. Don't waste good seed on bad soil. Places in cities where weeds flourish are good garden spots.
3. Don't work ground too soon. Make sure the ground is dry enough to cultivate.
4. Don't run rows up and down a hill. Be sure that they are horizontal along the side of the hill.
5. Don't use too much seed. Learn how to space the seed you use.
6. Don't plant too much of one thing. Plant a variety of things.
7. Don't let the tall crops shade the short ones. Growing things must get sun.
8. Don't wield too heavy a hoe. Shallow cultivation is the rule for gardens.
9. Don't spare the water. Thorough soaking when the ground is dry pushes to the roots and keeps them down.
10. Don't let the weed crop win. Instead of dreaming about luscious vegetables, keep working.
11. Don't let the bugs beat you to it. Be ready with spray gun and duster and proper ammunition.
12. Don't let anything go to waste. If your garden yields more than you need, give others the surplus or preserve it.

LUCY JACKSON CHAPTER D. A. R.

The April meeting of Lucy Jackson Chapter, D. A. R., held at the Chapter House, Newton Lower Falls, had for its guest speaker, Mr. William Germaine Dooley of the Boston Museum of Fine Arts. His informative and entertaining presentation of his subject, "New England Antique Furniture," held the interest of the group past the usual social hour.

An exhibit of glass, china, silver and other treasures of the members had been arranged which Mr. Dooley found interesting and some instances were able to provide a bit of historical background for their manufacture.

Mr. Dooley described the various periods of furniture manufacture in America, tracing it thru the early Colonial handicrafts to the nineteenth century machine made furniture. He also gave a few ideas which would help in deciding whether a so-called antique was genuine or a reproduction.

Mrs. Holcombe J. Brown, Regent, presented the Chapter two spoons, heirlooms belonging originally to her grandmother and great grandmother's wedding silver. It was definitely a worthwhile contribution to the Chapter's Museum.

The result of the previous week's Rumage sale was given and came as a surprise to the members. \$132.00 in this day when we are "wearing it out, and making it do" was gratifying.

The Regent reported that she had personally delivered to service

Funeral Rites Held For Charles D. Kepner

Prominent Resident Died Suddenly At His Home Last Sunday

Charles D. Kepner, an active member of the Newton Y.M.C.A. since the time of its organization 66 years ago and a former president of the Board of Trustees, died on Sunday, April 25, at his home, 43 Grove Hill ave., Newtonville.

Mr. Kepner was in his 78th year. He was born in Port Royal, Pennsylvania and came to Newton when a boy. He attended the Newton schools and Burdett College. He entered the employ of the leather firm of Gray, Clark & Engle as an office boy and took over the business in 1907, the firm name being changed later to the C. D. Kepner Leather Company. He served for many years as president of the company and as chairman of the board of directors.

He was a member of the board of directors of the Newton Y. M. C. A. at the time of his death. He had served since 1916 as chairman of Camp Frank A. Day resigning only last month. He was also a former chairman of the Two-State "Y" committee and last year was awarded a plaque for 50 years of service on that committee. He was also a director of the New England Evangelistic Association and a member of the Boston City Club.

Surviving him are his wife, Mrs. Ella (Chase) Kepner, three sons, Kenneth E. Kepner of Peterboro, New Hampshire; L. Chase Kepner of Lancaster, Pennsylvania; and Rev. Charles D. Kepner, Jr. of Cleveland, Ohio, a brother, Harry V. Kepner of Missouri and five grandchildren.

Funeral services were held on Tuesday afternoon at 3 o'clock in the Eliot Congregational Church, Newton, Rev. Ray A. Eusden officiated. Burial was in the Newton Cemetery.

Opportunity For Boys To Enroll For Farm Work

The Newton School committee at their meeting on Monday evening authorized the establishment of an employment agency for the placement and supervision of boys in farm work in Newton and other parts of Middlesex County during the summer. It was voted to appoint Carl P. Birmingham of the Commercial Department of the Newton High School as supervisor.

Boys 14, 15, 16 and 17 years of age will be given the opportunity to enroll for farm work and the supervisor, Mr. Birmingham, will see that they receive adequate pay and are not exploited. The question of pay was discussed and Supt. Warren expressed the opinion that the boys should be paid at least 40 cents per hour.

The supervisor will co-operate with county farm agents and other local state agencies who may be interested in this project.

LYDIA PARTRIDGE WHITING CHAPTER, D. A. R.

The Annual Meeting of the Lydia Partridge Whiting Chapter, D. A. R., Newton Highlands, will be held at the New England Peabody Tea Room, Tuesday, May 4th, at 2 p.m.

The meeting will be preceded by a luncheon at 12:30 p.m., in honor of the retiring Regent, Mrs. John Henderson.

Prominent Realtor Died Sunday At Cardinal O'Connell House

Thomas H. Burns, treasurer of the real estate firm of John T. Burns & Sons, Inc., of Newton, died on Saturday, April 24, at the Cardinal O'Connell House in Brighton.

Mr. Burns was in his 56th year. He was born in Newton, the son of John T. and Agnes H. Burns. He attended the Newton schools and was graduated from the Newton High School in 1906. Since then he has been engaged in the real estate business at 365 Centre st., Newton.

He was a member of the Boston Real Estate Exchange and a director of the Newton Brokers Board of the exchange; a member and director of the Newton Kiwanis Club; a member of the Newton Council, Knights of Columbus, Newton Lodge of Elks and Newton Post, American Legion.

Surviving him are his wife, Mrs. Marcella (Doherty) Burns; a daughter, Patricia M. Burns, his father, John T. Burns, Sr., three brothers, Robert J. and Fred W. Burns of Newton, and Carl G. Burns of Springfield, and five sisters, Mrs. William Gilson, Mrs. Lawrence Manning, Mrs. George Odell, Mrs. Thomas Dillon and Mrs. George Thurmon.

Funeral services were held from his home on Tuesday morning, a solemn high mass of requiem was celebrated in Mary Immaculate of Lourdes Church, Newton Upper Falls at 10 o'clock.

Rev. Thomas J. Dwyer celebrated the mass assisted by Rev. Frederick Chase of St. Philip Church, Waban, as deacon, and Rev. William J. O'Connell, pastor as sub-deacon. Rev. John Connolly, head of the Massachusetts Catholic Guild for the Blind, was seated in the sanctuary.

The pallbearers, all members of the Newton Kiwanis Club, were Dr. Harry L. Lanagan, George L. White, William F. White, John A. James, Edward E. Hickey and James P. Gallagher. Honorary bearers were James B. Riggs, George E. Van Buskirk, Walter Hood, Leo E. Noel, William J. Payne, Rev. Otis R. Heath, John W. Cable, Edward J. Cannon, William J. Jassett, Benjamin F. Louis, Dr. E. J. Martin, William H. Sullivan, Stephen Hughes, William N. Moore, Temple A. Bradley and Conrad E. Hunt.

Delegations from the Newton Board of Realtors, Newton Post, American Legion; Newton Council, Knights of Columbus and Newton Lodge of Elks attended the services.

Burial was in Holyhood Cemetery, Brookline.

Reported Missing, Is Jan Prisoner

Mr. and Mrs. James S. Cannon of 28 Jefferson st., Newton, have received word from the War Department that their son, William E. Cannon, who was reported as missing in action in the Philippines last June, is a prisoner of the Japanese.

Cannon, who was serving with the United States Army, arrived in the Philippines just previous to the attack on Pearl Harbor. He has three brothers who are serving in the Navy, Leo, Paul and Robert Cannon.

Their father is a well-known attorney and their uncle, Edward E. Cannon, is superintendent of the Sewer Division of the Newton Street Department.

The award of Merit, won by the City of Newton in the 1942 National Health Honor Roll, was presented during the annual meeting of the United States Chamber of Commerce in New York this week.

Newton was one of 13 communities in the entire country to win a place on the honor roll. Eric Johnston, president of the United States Chamber of Commerce, commended the winning communities.

Newton Chamber Holds Discussion On Tax Problems

Among matters discussed at the meeting of the Board of Directors of the Newton Chamber of Commerce was House Bill 550 sponsored by Tax Commissioner Henry F. Long. This bill removes the exemptions a person now has on his State income tax for taxes paid to the United States, any other Nation, or any State or County. It is in direct opposition to the statements of the Governor that there should be no new taxes this year. It will increase taxes to hundreds of thousands of Massachusetts citizens at a time when they do not as yet know what their Federal Taxes are to be; it is an entering wedge for more new taxes. The Board went on record as strongly opposed to the legislation.

The Secretary reported that the City of Newton had won a place on the National Health Honor Roll for the year 1942. 1942 was the fifth consecutive year that the City had won the award; for the years 1938, 1939 and 1940 the competition was with Cities of from 50 to 100 thousand; for the years 1941 and 1942 the competition was with all the Cities of the country. So far as we know no other City has won the honor for so many years, certainly not for five years in a row.

Following the report the following resolution was offered, and upon motion duly made and seconded, adopted.

That "The Newton Chamber of Commerce is appreciative of the honor that has come to the City in the winning of a place on the National Health Honor Roll for the year 1942, and the preceding four years, and is deeply grateful to the Newton Health Department, Newton Hospital, Newton Community Council, Inc., Family Service Bureau of Newton, Inc., Newton Medical Club, Newton Dental Society, Newton District Nursing Association, Newton Chapter of the Red Cross, Junior Red Cross, Newton Y. M. C. A., Norumbega Council of Boy Scouts, Newton Council of Girl Scouts, and the Christmas Seal Sale Fund, and all the personnel of the several agencies who participated and made possible the results obtained."

Mrs. Badger recalled a little of the first year and her experience as president, then she told the women what a great power they should be in winning the war; that they must work for victory and not only their own recreation. Miss Porter reminisced a bit and gave a short sketch of a few Cathedrals in Europe showing some beautiful pictures.

The celebration ended in much amusement caused by the staging of impromptu charades.

Central Club Holds Its Final Meeting Of The Season

The last regular meeting of the season of the Central Club will be held at the Central Congregational Church on Monday evening, May 3, at 8 p.m.

This meeting will be in the nature of a Bridge Party and Games Night with checkers, chess, backgammon, caroms, etc., for those who do not wish to play bridge.

Following a brief business meeting there will be a talk by a Brazilian aviator who is visiting in this country. As an apostle of "goodwill" and a brilliant exponent of Pan-Americanism, he will deliver a message straight from our neighboring South American continent that will be outstanding and unique in the best sense of the word.

The proceeds of the evening of entertainment will be for the benefit of the Memorial Organ Fund debt, a project which the club has been backing since the church was remodelled in 1928. In anticipation of the 75th Anniversary of the founding of Central Church which is to come next fall, it is hoped there will be a large attendance to make this party a success.

Refreshments will be served.

ROTARY CLUB OF BOSTON

At the annual meeting of the Rotary Club of Boston last Wednesday ex-Alderman Philip S. Jamieson of 45 Kenilworth st., Newton, was elected president for the year 1943-4. Other Newton members elected were Aaron M. Jones of Newtonville and Dr. Fred F. Goodsell of Waban as directors.

Annual Meeting Of Fortnightly Group Is Held

The Fortnightly, a Newton Centre Club of sixty active members beside an associate group and a long waiting list, held its annual meeting at the Burn Country Club on April 21.

After the usual business meeting and election of officers for the coming year, the club adjourned to the dining room (which was beautifully decorated with pink snapdragons and pansies) and enjoyed a delicious luncheon. Seated at the head table were the officers, Mrs. Robert Anderson, founder of the Club; Mrs. Arthur Badger, its first president; Miss Emma Porter, its first lecturer; and Mrs. Clifford Porter, chairman of the Entertainment Committee in charge of the afternoon's entertainment.

This special committee was made up of charter members who prepared the program as a celebration of the fourth anniversary of the Club. They were, besides Mrs. Porter, Mrs. Anderson, Mrs. Samuel Brewer, Mrs. C. B. Gordon, Mrs. W. G. Parmelee, Mrs. F. C. Rising and Mrs. S. W. Wilder.

The president, Mrs. Richard Norton, opened the affair with several selected verses on friendship and then presented Mrs. Potter who called for the singing of "Auld Lang Syne" by all. Mrs. Edward Kimball was at the piano and Mrs. Wilder led the music. Mrs. Potter then gave a short interesting history of the forty years of life of The Fortnightly since 1903. She introduced Mrs. Anderson who was responsible for the existence of the Club, then called on Mrs. Badger for a word.

Mrs. Badger recalled a little of the first year and her experience as president, then she told the women what a great power they should be in winning the war; that they must work for victory and not only their own recreation.

Miss Porter reminisced a bit and gave a short sketch of a few Cathedrals in Europe showing some beautiful pictures.

The celebration ended in much amusement caused by the staging of impromptu charades.

To Name Vessel For Lt. Amesbury

From a wistful youth who spent every minute of his leisure time building model airplanes to a Naval flier who lost his life in the landing operations at Casablanca constitutes a brief span in the active life of a greater Boston youth who was a Boston University student, and a popular employee of a Boston newspaper.

It is the story of Lt. (j.g.) Stanton Morgan Amesbury, son of Mr. and Mrs. Walter R. Amesbury, Auburndale, in whose memory the Navy Department will name a destroyer-escort vessel which is now under construction at the Bethlehem Hingham Shipyard. The launching date is scheduled for about May 22.

After his graduation from the Newton High School, where he shone as a track star, Lieutenant Amesbury attended Bryant and Stratton, securing a position soon after graduation in the advertising department of a Boston paper (Globe). Following in his father's footsteps, the youngest Amesbury entered the Boston University Evening College of Commerce in Sept. 1936, expecting to receive a B.B.A. degree upon graduation. The war interrupted his plans, however, and in the spring following the events at Pearl Harbor, Stan Amesbury enlisted as a Naval Aviation Cadet. His bride of a year ago, the former Janice E. Kenney of West Medford, and their 3-month-old daughter, have been asked by the Navy Department to sponsor the new vessel, the U.S.S. Amesbury.

As a Naval Aviation Cadet, he received his preliminary flight training at Squantum, and then he was sent in turn to Jacksonville and Miami, Florida, and Norfolk, Virginia. In February, 1942, he received his commission as ensign, and a month later, due partly to the basic training he had received as a civilian pilot, he was promoted to the rank of lieutenant (j.g.).

While working as an assistant accountant in the advertising department of the Boston Globe, Lt. Amesbury had fallen in love and become engaged to a co-worker in the same department, Janice E. Kenney, daughter of Mr. and Mrs. Charles T. Kenney, 14 Usher rd., West Medford.

While receiving his commission, the couple were married at the Naval Air Base, Norfolk, Va. Mrs. Amesbury stayed on with her husband in Virginia while he was stationed on the aircraft carrier Oceania. In October of 1942, Lt. Amesbury received overseas orders. It was while piloting a fighter plane in the first days of the invasion of North Africa that he was shot down by anti-aircraft fire.

As yet, his wife and parents have not been officially notified as to the circumstances surrounding Lt. Amesbury's death, or to the exact reason for the honoring of his name in the launching of a naval ship.

At the invitation of Secretary of the Navy Frank Knox, the flier's widow has been asked to sponsor the 300 foot escort-vessel, to be named the U.S.S. Amesbury. Also present at the exercises will be the flier's 3-month-old daughter, Jane Stanton Amesbury, who has never seen her daddy, and relatives and close friends of Lieutenant Amesbury.

Roller Skating Party To Be Held

A new form of entertainment for service men has been arranged by the Raytheon Production Corporation, 55 Chapel st., Newton, Mass. A roller skating party will be held Thursday evening at the Co-ed Roller-drome, 20 Griggs st., Allston. It is the first time that defense workers have co-operated to provide this novel recreation for service men without any charge.

Charles B. Floyd To Be Chairman Of Fund Drive

Will Head 1944 United War Fund Campaign In The Newtons

Charles B. Floyd, of 454 Wolcott st., Auburndale, will serve as Newton chairman of the 1944 Greater Boston United War Fund, Ne Leonard, president of the

Newton Community Chest, announced yesterday (Wednesday).

In his twenty-seven years' residence in Newton, Mr. Floyd has been very active in civic affairs—a member of the Newton Board of Aldermen for fifteen years, having held that post longer than any previous incumbent. He was chairman of the 1943 Red Cross Campaign in Newton which over subscribed its goal, and has been prominent in all Red Cross War activities. Mr. Floyd is manager of the Rueping Leather Company in Boston, which position he has held for twenty-three years. He is director of the Newton Savings Bank and the Auburndale Cooperative Bank and a member of the Fraternity Lodge of Masons in Newtonville. Long associated with Community Fund and United War Fund Campaigns, Mr. Floyd was first vice chairman of the Industrial Division in the 1943 appeal. Previously he gave long service as division chairman of the Shoe and Leather Group.

Mr. and Mrs. Floyd have one son, Malcolm T., married, who enlisted three years ago and is now a technical corporal serving with the 21st Anti-Aircraft Company, stationed at the Mare Island Navy Yard, San Francisco. Mr. Malcolm Floyd, formerly Barbara Perry, resides with her parents.

In making the announcement of Mr. Floyd's appointment, Neil Leonard stated "Newton is very fortunate to have as its leader in the next United War Fund drive a man of Charlie Floyd's public spirit, ability and foresight and I am confident that the Campaign will be eminently successful under his leadership."

Debt Is Reduced

\$3,613,870 In

Past Five Years

Alderman Theodore Lockwood, chairman of the finance committee of the Newton Board of Aldermen in his report submitted to the Board states that the Newton City debt has been reduced by \$3,613,870 in the past five years, leaving a debt of only \$4,877,000. The per capita debt he stated is now \$88.69 which is the lowest in many years. The debt is \$33 per \$1,000 of city valuation, and including the interest the total city debt is \$5,695,545 and the per capita debt \$80.07.

This year the city is paying off \$343,733.10 in serial bonds and \$119,544.50 for interest on the funded debt.

In recent years the pay-as-you-go policy has been followed and there have been few new long term loans, while the regular procedure of retiring bonds has been carried on.

THE NEWTON ARCHERS

The Newton Archers held the first monthly handicap shoot on Saturday, the 24th, at their range at the Newton Center Playground with 16 archers in attendance. Robert Young served as Field Captain.

Three first prizes were captured by Mrs. Blanche Simonds, with first prize for straight score in the senior American round with a score of 518 and the women's handicap cup for a score of 518-447, 965. She also won the trophy for high scorer, with handicap, in the field. She retains possession of the three cups until the next monthly shoot. War stamps were awarded as permanent prizes.

A very close race resulted in the men's American Round with John de Bruyn Kops and Adrian Matthews each shooting a 89-565, but the former was given the cup because of a better score at 60 yards. De Bruyn Kops won the men's handicap cup with a score of 89-565-301, 866.

Ralph Moore led the juniors in the straight Junior American with a score of 466 and Johnny de Bruyn Kops won the junior handicap cup with a score of 214-540, 754. Ralph Moore also won the novelty shoot.

FIRST CHURCH OF CHRIST, SCIENTIST

"Everlasting Punishment" is the subject of the Lesson-Sermon Sunday, May 2nd, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The Golden Text is from Galatians 6:7: "Whatsoever a man soweth, that shall he also reap." Other Bible citations include the following: "The Lord is not slack concerning his promise, as some men count slackness; but is long-suffering to us-ward, not willing that any should perish, but that all should come to repentance." (II Peter 3:9).

The Lesson-Sermon also includes the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The design of Love is to reform the sinner . . . Do not believe in any supposed necessity for sin, disease, or death, knowing (as you ought to know) that God never requires obedience to a so-called material law, for no such law exists" (pp. 35, 253).

CIVILIAN DEFENSE

At a meeting held at the Public Safety office on Monday evening, April 26th, the heads of the following services were present. The Warden's Organization, Regular and Auxiliary Fire and Police Departments, Engineers and Street Department, Medical Division and First Aid Stations, the Red Cross Disaster Committee, Motor Corps and Canteen Corps, the Report Center, Couriers and Messengers, Communications and Radio, and the Training Divisions.

The Director of Protection called the meeting to order and Sydney B. Holden, the Testing Director, gave a most interesting outline of the performance of the various services in the recent practice alert held in all villages. He outlined the time required from the receipt of an incident by the Warden on duty until the actual arrival of the services required. These times were then broken down to show the interval required for the Warden to send in his message to the Report Center, for the Report Center to clear that message and dispatch the equipment and for the equipment to reach the scene of the incident after leaving the dispatching point. There was a marked improvement in the speed of all branches

es of the A. R. P. Services over previous tests. However, a detailed discussion of the performance of each particular service brought out further improvements which will be made in further alerts.

T. E. Jewell, Jr., Director of Training, has undertaken to plan the next series of A. R. P. tests in which these villages on the south side will be tested at one time and those on the north side at a later date. Mr. Jewell outlined the plans for these alerts and discussed the participation of the various services in the more difficult and comprehensive schedule which has been arranged.

The villages of Chestnut Hill, Waban Hill, Newton Centre, Oak Hill, Newton Highlands, Waban, and Upper and Lower Falls will be tested on Sunday afternoon, May 16th, and Tuesday evening, May 18th. The northern villages of Auburndale, West Newton, Newtonville, and Newton Highlands will be alerted on Sunday afternoon, May 23rd, and Tuesday evening, May 25th. The Sunday afternoon alert in which the day-time Warden will be tested will give an excellent opportunity for the citizens of Newton to see their ARP services in action.

JOHN W. WEEKS JUNIOR
HIGH

The John W. Weeks Junior High School in Newton Center will have a lecture at their Friday morning assembly, April 20, by Mr. Joseph C. Reynolds, Jr. His subject will be "Stained Glass and Cathedrals." Mr. Reynolds, a recognized authority on the subject of stained glass, is widely known for his work. He is a master craftsman, a member of the Boston Society of Arts and Crafts, and a member of the Advisory Committee on Art Education for the public schools of the City of Boston. A graduate of the Rhode Island School of Design, he has worked in stained glass since 1907. Mr. Reynolds has designed many notable windows in cathedrals, college chapels, and churches throughout America.

Philip G. Rohde Jap Prisoner

Mr. and Mrs. George Rohde of 122 Bedford st., Hamden, Conn., former Newton residents, have received word from the War Department that their son, Philip G. Rohde, who had previously been reported as missing in the Philippines, is a prisoner of the Japanese.

About one month ago they received similar word concerning another son, Frederic Rohde. Both sons were in the Army Air Forces, having enlisted in October, 1940. They were sent to the Philippines in January, 1941, Frederic being stationed at Nichols Field, Manila, and Philip at Clark Field, Pampanga Province.

Frederic Rohde was graduated from the Newton High School in 1936. His sister, Miss Barbara Ann Rohde is a member of the WAACS.

MASSACHUSETTS BRANCH OF THE SHUT-IN SOCIETY

The Massachusetts Branch of the Shut-In Society will hold its final meeting of the season on Wednesday, May 5th, at the College Club, 40 Commonwealth ave., Boston, at a 12:30 luncheon. Miss Annette E. Jenkinson, President of the Branch, will preside and introduce as speakers, Mrs. Thomas D. Stinson, President of the Worcester Auxiliary; Mrs. E. H. Hensen, the Society's Visitor; Mrs. Edward H. Foley, local visitor for Lynn; and Mrs. Charles B. Rugg, Chairman of the Christmas Committee. The Associate members will be urged to remember the shut-ins with post cards during the summer vacations, and to make appropriate gifts with which to remember the shut-ins at Christmas.

All this is in keeping with the purpose of the Shut-In Society—to bring cheer and comfort to chronic invalids, crippled and blind persons who are members of the Society, through friendly visits, correspondence and other helpful services.

Looking to the future, the Massachusetts Branch of the Shut-In Society is ready and willing to help in any way it can with returning overseas forces who may need its services.

Mrs. Eugene E. Morton, of Waban, is Treasurer of the Branch, while other Newton people taking an active part in the work of the Society are Mrs. Frank I. Rounds, on the Visiting Committee; Mrs. Frank G. Voorhies, Waban, Chairman of Correspondence Committee; Mrs. Richard D. Walker, Chairman Library and Literature Committee; Mrs. H. Bigelow Emerson, Young People's Committee; Mr. Alonzo A. Cole, Chairman of Men's Committee, and Mrs. Durham Jones, member of the board.

TROOP 11, BOY SCOUTS SHOW INCREASING ACTIVITY

An unusual amount of activity has been evident recently by Troop 11, Newton, under the direction of George L. Matton, Jefferson st., Scoutmaster, and Lester C. Gee, Maple ave., Chairman of Troop 11 Committee.

During the past month the troop has sponsored three separate trips to Nobscot Scout Reservation at South Sudbury, and three more hikes including at least one overnight trip are scheduled during the next two weeks. Asst. Scoutmasters who have recently associated themselves with Troop 11 are Rowland H. Creed of Pearl st. and Gustav H. Hagan of Ricker rd., both of Newton.

On a recent Saturday the troop went to Nobscot for an all-day hike accompanied by George Matton, Scoutmaster, and G. H. Brewer and Robert P. Waller, both troop committeemen. Scouts making this trip included Dick Cass, Senior Patrol Leader, together with Page Brewer, Warren Martin, Adrian Roth, George Shannahan, and Paul Wing.

Scouts in Troop 11 have completed the following Scout tests:

Signalling — Jackie Braswell, Page Brewer, Harold Christensen, George Shannahan.
Knife and Hatchet — Jackie Braswell, Page Brewer, Harold Christensen, Paul Wing.
Cooking — Page Brewer, Harold Christensen, George Shannahan, Paul Wing.
Tracking — Page Brewer, Paul Wing.
Scout Pace — Page Brewer, Paul Wing.
F. Rebuilding — Page Brewer, Paul Wing.
Safety — Jackie Braswell, Page Brewer, George Shannahan.
Thrift — Page Brewer.

First Class:
Axmanship, Swimming, Signalling, Throwing, and Knots. On account of Easter week-end no troop meeting was held on Friday. The next regular weekly meeting is scheduled for April 30th.

Real Estate News

Alford Bros., Realtors, report that among the many interesting sales of the small, modern, Colonial home, they have sold the attractive frame residence located at 84 St. Mary's st., Newton Lower Falls. It is a fine example of the up-to-date property, with every modern convenience. The dwelling contains 7 rooms, bath, extra first-floor lavatory, and open screened porch. There are about 15,910 square feet of land, the lot running deep, with excellent facilities for a Victory Garden. The one-car garage is attached to the house. Clyde S. Casady, of Newton, Mass., is the owner. Robert E. Bender, of Philadelphia, Pennsylvania, the purchaser, with his family, has already occupied his new home. The premises are assessed for tax purposes at \$7600.

Alford Bros. further report having consummated the sale of a charming home in Wellesley Hills at 8 Carver rd. It is a barn-red Colonial residence, of frame construction, architect designed by Royal Barry Wills. There are 7 generous rooms, plus a recreation room, two baths, and open porch, and there is an ample lot of about 10,000 square feet. The garage is attached to the dwelling. Maurice A. Dunlavy, of Andover, Mass., has given title to Edward B. Hastings of Brookline, Mass. The dwelling being new, the premises have not as yet been fully assessed.

Carley Realty reports the sale of the new one-story Cap Codder located at 124 Fordham rd., corner of Pleasant, West Newton. The property consists of living rooms with fireplace, two sleeping rooms, tiled bath, small dining room and cabinet kitchen also playroom and heated garage. The lot consists of 9234 sq. ft. with room for Victory Garden. Sherman J. L. Brown conveyed to Carl F. Christmann and Margaret H. Christmann of Nashua, N. H.

Music In Home Saves Many Tires

The importance of the living room in the American way of life has been stepped up as a result of the war, social observers report.

Reluctant to use up precious tires in unnecessary driving, many families are acquiring an old-time appreciation of the home as a place of entertainment.

The piano, too, has regained its full prestige and popularity. A big step in this direction was taken a few years ago when the instruments were restyled and brought out in small sizes. The swing to home entertainment has done the rest.

A musical party at home is one of the most pleasant occasions that can be devised for spending an evening. It's economical, too. Whether the guests are to entertain or be entertained is a toss-up. Either way the result is bound to be an enjoyable occasion.

NEWTON VILLAGE COMMITTEE SPONSORS TWO PARTIES FOR NEWTON GIRL SCOUTS

On Wednesday afternoon, May 5th, there will be a bridge party at the Hunnewell Club at two o'clock. Miss Adelaide Ball is the chairman of this party and she is assisted by Mrs. Richard Lee, Mrs. Horace Cole, Mrs. Howard Rich, Mrs. Morton T. Merrill, Mrs. Norman Finnell and Mrs. Charles Kimball, who is in charge of tickets. Ten-cent War Stamps will be given as prizes. Sandwiches and coffee will be served after the bridge.

The proceeds from this party will be used for the Village Camp and Training program this summer.

On Wednesday evening at eight o'clock, the Girl Scout organization of Our Lady's Church in Newton will hold a card party in the High School Hall to raise funds for the promotion of the Girl Scout Program. Guests may play bridge, whist or forty-five and prizes will be presented to the winners.

The Girl Scout organization of Our Lady's includes 150 girls. Funds are needed for equipment, materials and camping activities. Mrs. George J. Hoy is the chairman of this card party and she is assisted by Mrs. Edward Small and Mrs. William Gerrity.

NEIGHBORHOOD POSTAL EMPLOYEES BANQUET HUGE SUCCESS

Nearly 200 postal employees and their friends from the Newtons, Waltham, Wellesleys, Needhams, Weston and Watertown gathered Tuesday evening at the W. S. Club in Watertown and celebrated their fifth annual Banquet. It was introduced by Lawrence Frederick who arranged the program. The meeting was conducted by President Matthew F. Ruan.

Mr. Sadler is a graduate of the Harvard Business School and a member of the Roxbury Ration Board. While at Harvard he said he was asked to make a survey and study of the bank facts which led to inflation in Germany and France.

He stated that he discovered a parallel here in the United States with those countries. "When the national debt becomes one and a half times the total bank deposits and insurance company investments, then we are on the way to inflation," he said. "And America is now at that point."

He urged the co-operation with the OPA in order to keep a grip on the price situation, and said it is a matter, not only of economic wisdom, but also of actual moral responsibility to the men in the service to keep things safe and sound at home. He also spoke of the poor observance of rationing on the part of the people of difficult conditions in Chicago.

He described the short wave radio broadcasts from his church over Station WRUL, which began three years ago with programs for the Byrd Expedition. When the war broke out and the German overran Denmark and Norway, which are 95 per cent Lutheran, the broadcasts began to be sent to those people. The programs are now sent in six languages, Norwegian, Danish, Swedish, Finnish, German and English. He told of the importance of these programs to Norwegian seamen who man the coal tankers which carry fuel to England, and read a letter from a Norwegian company thanking the church for the broadcasts.

AWARDED DISTINGUISHED FLYING CROSS

Staff Sgt. Donald P. Clarke, son of Mrs. Grace L. Clarke of 11 Clinton place, Newton, has been awarded a Distinguished Flying Cross by the War Department. Sgt. Clarke, who is 26 years of age, is a gunner on a Liberator bomber and has completed 300 hours of flying combat duty.

Tells Of Tokyo Nightmare

Survivor of the "Tokyo Nightmare," Robert Bellaire, who was United Press correspondent in Tokyo when the Japs made their dastardly attack on Pearl Harbor, told of six months of terror and starvation as a captive, when he appeared at Northeastern University on Wednesday, April 28.

Bellaire was one of 45 prisoners held in the Tokyo concentration camp. There were 13 Americans, a dozen Britons, 12 French-Canadian priests, several Dutch and Belgians and one Honduran. Once a week they were offered a bath—in the same dirty water that 35 policemen and several greasy cooks had used before them. They were bitten by scorpions and spiders in the bath water. They had their share of bedbugs and lice but kept them under control by organizing cleaning parties.

Every month there was a superficial medical examination. On one occasion a prisoner complained that diarrhea was spreading because of overcrowded conditions.

During the first two months of imprisonment, Bellaire and his cell companions were on display of the Japanese, such government officials, soldiers, and children, visited the camp daily to see "wh men behind bars." This attraction was especially popular with army officers. The prisoners were forced to stand while the Japs walked past at them, sometimes giving lectures, telling them that the Japanese forces would soon capture Washington and London, adding that until then the prisoners could expect to remain incommunicado.

The era of the white man is ended, they said. "Emperor Hirohito will now rule the world." On several occasions during the winter, the camp's meager food supply became exhausted. Some of the prisoners remained in bed to keep from freezing. Almost all of the prisoners suffered such severe chapped hands that their knuckles cracked open. Suffering from the cold was increased by the regulation forbidding the wearing of shoes indoors.

Worse than the physical suffering were the mental tortures to which the captives were subjected. Frequently plain-clothesmen read Japanese reports to the captives, alleging American atrocities against Japanese internees, with the implication that serious retaliation was being planned against the Americans held by the Japanese.

The obvious intention of the Japanese was to break down the morale of their captives—but they failed—although they were unable to understand why.

Robert Bellaire returned to the United States with the American diplomats and correspondents who were exchanged for the Japanese who were interned in the United States at the outbreak of the war.

Rotary Club

Rev. William B. Sadler of St. Mark's Lutheran Church in Roxbury spoke at the meeting of the Newton Rotary Club at the Brae Burn Country Club on Monday. He was introduced by Lawrence Frederick who arranged the program. The meeting was conducted by President Matthew F. Ruan.

Mr. Sadler is a graduate of the Harvard Business School and a member of the Roxbury Ration Board. While at Harvard he said he was asked to make a survey and study of the bank facts which led to inflation in Germany and France.

He stated that he discovered a parallel here in the United States with those countries. "When the national debt becomes one and a half times the total bank deposits and insurance company investments, then we are on the way to inflation," he said. "And America is now at that point."

He urged the co-operation with the OPA in order to keep a grip on the price situation, and said it is a matter, not only of economic wisdom, but also of actual moral responsibility to the men in the service to keep things safe and sound at home. He also spoke of the poor observance of rationing on the part of the people of difficult conditions in Chicago.

He described the short wave radio broadcasts from his church over Station WRUL, which began three years ago with programs for the Byrd Expedition. When the war broke out and the German overran Denmark and Norway, which are 95 per cent Lutheran, the broadcasts began to be sent to those people. The programs are now sent in six languages, Norwegian, Danish, Swedish, Finnish, German and English. He told of the importance of these programs to Norwegian seamen who man the coal tankers which carry fuel to England, and read a letter from a Norwegian company thanking the church for the broadcasts.

He was graduated from the Country Day School, Newton and Dartmouth College. He enlisted in the Army in February 1942 and was sent to the Middle East last July.

Nursery School Is To Be Closed

Superintendent of Schools Julius E. Warren reported to the school committee on Monday night that he had received an order from federal officials to close the three WPA nursery schools in Newton and had notified the parents of the 90 children attending these schools that the last session would be on April 28. The schools have been conducted at the Carr School, Newtonville, Stearns School, Newton, and Emerson School, Newton Upper Falls.

The nursery schools were to have been closed in February when other branches of the WPA expired, but a request for their extension was granted because the city had applied for federal funds to operate nursery schools under the Lanham Act to aid mothers engaged in war work.

A survey of the children attending these schools has revealed that of the 90 children attending them only 32 would be eligible to attend nursery schools under the Lanham Act by reason of the fact that their mothers are employed in war plants. A city-wide survey conducted by a committee representing social agencies failed to reveal any definite demand or pressing need for nursery schools.

Each of the nursery schools has been staffed by two teachers and a cook, and nutritious meals were served to the children. The sessions were held throughout the year from 8:30 a. m. to 2:30 p. m. A letter was read by Supt. Warren signed by 15 mothers of children who have attended the nursery school at the Carr School, urging that the school be continued and praising its benefits. He informed the school committee that as allotments for nursery schools under the Lanham Act were going mostly to western parts of the State, he felt the chances of receiving funds here are slim.

F. A. DAY JUNIOR HIGH SCHOOL NEWS

The latest War Savings Drive of the Day Junior High School was terminated the Friday before vacation. It was an overwhelming success, in our opinion, as our goal was \$1800 or two jeep and our attainment was \$6333.60 or seven jeeps. On April 15 alone we took in \$1802.20, and also went over the top with 100 per cent of the student body buying for the third consecutive month.

The Day Junior High School submitted its War Scrap Book for competition in the Treasury Department's Prize Contest. All the various books have been on display at Jordan's recently. Our book received Special Honorable Mention, which, however, does not entitle it to a trip to Washington. We do wish the best of luck to the five State Winners.

Our last assembly presented a group of Eighth Grade boys and girls in a most instructive offering called "Picturesque Word Origins." Colored slides were thrown on the screen as each pupil gave a running account of each word's origin. Those taking part were Louis Visco, chairman, Don Wyman, Irene Vose, James Bonnar, John Chase, Marion Quinn, Scott MacCalden, Ann Eddy, Rodman Jennings, Lorna Spencer, Edward Ryan, Phyllis Shea, Shirley Casell, Nathaniel Fowler, Sebastian Norzina, James Tuttle, Doris Boudrott, Diane Baird, Robert Todd, Lawrence Odence, Jane Hyde, Rosalyn Steinberg, radio, Roger Mergendahl, Philip Murphy, Charles Billings, side machine, Alfred Visco, Albert Antolietti.

On the same day, Friday, the Ninth Grade Social Studies classes saw one of the best educational movies ever put on in our school, a vivid, exciting technicolor called "This Amazing America." You couldn't see a more interesting travelogue in any movie theater.

The advent of what we hope is real spring brings about a change in the sports schedule to baseball for both boys and girls. A list of names and games will be announced shortly.

NEWTON LODGE OF ELKS

Exalted Ruler Carl A. Eschbach conducted his first meeting of Newton Lodge of Elks on Monday evening. A memorial service was held for the late Captain Bernard F. Neville of the Newton Fire Department who was a member of the lodge. The names of Albert Morrill, Charles Hodges, Walter Connors and Bernard Neville were placed on the memorial tablet.

Esteemed Leading Knight John Keefe reported on the activities of the social and community committees. It was announced that Esteemed Lecturing Knight Joseph Chevarley had entered the Army Officer Training School. There are now 50 members of the Newton lodge in the armed services. A letter was read from Walter Hayden who is now residing in New Hampshire expressing thanks for his 25 year button.

Charles E. Burgess, James A. Kiley, James A. Chambers and George R. Vachon were proposed for membership.

Committee chairmen were appointed by Exalted Ruler Eschbach and Exalted Ruler J. Arthur Burke spoke. Refreshments were served by the house committee under direction of Eugene L. Jassett.

Members of the lodge will be guests at the installation of officers of the Newton Emblem Club this evening.

GRAND LODGE, KNIGHTS OF PYTHIAS

A choice of scholarships in twelve different schools will be made available to the first and second place winners of the essay contest now being sponsored by the Grand Lodge, Knights of Pythias among high school students in the state, according to G. Frank Howe, grand keeper of records and seal. Newton High School has also been invited to participate.

"Why I am Glad I am an American" is the subject of the Pythian essay contest which closes May 15th. The purpose of the essay contest on this subject is, according to Howe, to make boys and girls realize the benefits of being American citizens. The scholarship awards will be made at the commencement exercises of the two schools from which price winning essays are selected.

Essays must not exceed 700 words and must be original and practical. Age and grade of student will be taken into consideration. On or before May 15th the essays must be submitted to the school principal and other local judges; then best essays from each school will be sent to the Grand Lodge Office, Knights of Pythias, in Boston, by May 31st.

Among the schools that are offering scholarships to the writers of the two outstanding essays are the following:

Academie Moderne, 35 Commonwealth ave., Boston; Berkeley Preparatory School, 707 Commonwealth ave., Boston; \$250 scholarship; Boston University, a scholarship in the amount of three-fourths of the tuition for the freshman year and one-half of the tuition for the sophomore year; Cambridge Junior College, 49 Washington st., Cambridge, one-half tuition for two semesters to a boy or girl fitted for college study; Copley School of Expression, 295 Newbury st., Boston.

Also Dean Academy, Franklin, a scholarship of \$50 in either the Academy or the Junior College; Kathleen Dell School, 1152 Beacon st., Brookline, \$100 scholarship; The Huntington School for Boys, 320 Huntington ave., Boston, \$200; Lesley School, 29 Everett st., Cambridge, \$100 scholarship; New England Conservatory of Music, Huntington ave., Boston, \$100 scholarship; School of Attendant Nursing, 222 Newbury st., Boston, a scholarship covering the fee for tuition for the course (\$60); only girls not in the upper half of the class and those not qualified for a three-year nursing course, eligible; Staley College of the Spoken Word, Brookline, first prize scholarship, \$200; second prize scholarship, \$150.

Destined for Fame
Boxing fans among the soldiers at Camp Davis, N. C., have a favorite on the boxing squad. This boxer was destined for the limelight before he won his first bout. His name—Private John L. Sullivan!

Joseph Terlazzi, 13, of 372 Elliot st., Newton Upper Falls, was found lying in a semi-conscious condition at the corner of Homer and Walnut sts., Newton Centre on Tuesday morning by a woman who notified the police. He was taken to the Newton Hospital in the police ambulance where he was found to have suffered a possible fracture of the skull and multiple cuts and bruises about the head and body.

It is believed that the boy who is a pupil at the John W. Weeks Junior High School had jumped on a truck on his way to school and on finding it was not going in the direction of the school had jumped off while the truck was in motion.
